sonic gestures and styles Combining oral history interpretive ethnography and musical analysis *Sounds of Other Shores* explores how Swahili speaking Muslims in twentieth century Mombasa derived pleasure and meaning from acts of transoceanic musical appropriation arguing that these acts served as ways of reflecting on and mediating the complexities and contradictions associated with being Swahili in colonial and postcolonial Kenya The result is a musical anthropology of Kenyan Swahili subjectivity that reframes longstanding questions about Swahili identity while contributing to broader discussions about identity and citizenship in Africa and the Indian Ocean world Brave Season Don Gutteridge,1983

The Poetry Circuit Peter B. Howarth,2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore's accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti charismatic Poets Theatre Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do *Sense and Creative Labor in Rainer Maria Rilke's Prose Works* Nicholas Carroll
