heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Bojidar Spassov's Musical Creation as a Reflection of the Eastern and Western European Traditions Maria Kostakeva, 2024-07-11. Irony, a major aesthetic attitude in 20th-century music, ceases to be irony if seriously discussed. I play with the myth, inventing it myself and using it only as an object of interpretation. This thought of the German-Bulgarian composer Bojidar Spassov sounds like a proclamation of the idea of postmodern irony that pervades all his work. Old and new times, cultural and national traditions, and archaic and modern sensibilities emerge like carnival masks through the ironic prism of his multifaceted music. The present book is the first monograph on this artist, a paradoxical multinational and multicultural phenomenon who developed in three geographical areas and three national cultures: Bulgarian, where he grew up; Russian, where his professional personality was formed; and Western European, where he found his own way among the countless aesthetic and compositional trends. This is also the first attempt to shed some light on a culture that is little known to the English reader: the contemporary music of Bulgaria.
