## Sound Selling Issue 7:

Ebook: Managerial Accounting - Global Edition Ronald Hilton, David Platt, 2014-09-16 We are pleased to present this Global Edition which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing. The emphasis is on teaching students to use accounting information to best manage an organization. Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. There is significant coverage of contemporary topics such as activity based costing, target costing, the value chain, customer profitability analysis and throughput costing while also including traditional topics such as job order costing, budgeting and performance evaluation. Many of the real world examples in the Management Accounting Practice boxes have been revised and updated to make them more current and several new examples have been added. This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U.S. edition.

Share Trading, Fraud and the Crash of 1929 Chris Swinson, 2019-04-02 This is a comprehensive biography of Clarence Charles Hatry, 1888-1965, an enigmatic and charismatic public figure. Hatry was the son of Jewish immigrant parents who became a company promoter and whose companies collapsed in 1929, leading to a crash on the London stock exchange. He was brought down by a desperate fraud. At his trial, three months later, the judge said that he could not imagine a worse crime. Analysing transactions in detail, the book reveals Hatry's brilliance as a manipulator and a world-class networker and persuader. It also demonstrates his vain belief in his ability to overcome any risks and his insecurity which led him to surround himself with sycophants who would not challenge his ideas. It shows how others used Hatry to make money and as he destroyed himself as a scapegoat who distracted from the City's failings. Despite his deepest ambitions, he remained an outsider. Until now, there has been no full biography of Clarence Hatry, which may be attributable to the lack of records as his business papers are believed all to have been destroyed. This comprehensive biography is based on examination of the memoirs of Hatry's contemporaries, the archives and records which they and their companies preserved, and press reports of Hatry's activities. Marking the 90th anniversary of Hatry's collapse, this book will be important reading for academics and researchers looking to gain a greater understanding of the context of the 1929 crash or of financial crises generally. *Organizational Behaviour: A Modern Approach* Kumar Arun & Meenakshi N., 2009-11-01 Organizational Behaviour As A Management Discipline Is A Fascinating Subject And Is Becoming Increasingly Important As People With Diverse Backgrounds And Cultural Values Have To Work Together Effectively And Efficiently.
