The Grand Tour Of William Beckford:

The Grand Tour of William Beckford William Beckford, 1986 As a child Mozart reputedly taught him five finger exercises on the piano Alexander Cozens self styled bastard of Peter the Great taught him to draw The remainder of his education was completed under the baleful eye of a personal tutor and in his father's well stocked library *Pleasure and Guilt on the Grand Tour* Chloe Chard, 1999 This work examines the forms of language that map out Italy as an imaginative topography of pleasure within British and French travel writing over the period 1600 to 1830 It considers the tour with reference to strategies of description and themes The Evolution of the Grand Tour Edward Chaney, 2014-01-14 The Grand Tour has become a subject of major interest to scholars and general readers interested in exploring the historic connections between nations and their intellectual and artistic production Although traditionally associated with the eighteenth century when wealthy Englishmen would complete their education on the continent the Grand Tour is here investigated in a wider context from the decline of the Roman Empire to recent times Authors from Chaucer to Erasmus came to mock the custom but even the Reformation did not stop the urge to travel From the mid sixteenth century northern Europeans justified travel to the south in terms of education The English had previously travelled to Italy to study the classics now they travelled to learn Italian and study medicine diplomacy dancing riding fencing and eventually art and architecture Famous men and an increasing proportion of women all contributed to establishing a convention which eventually came to dominate European culture Documenting the lives and travels of these personalities Professor Chaney's remarkable book provides a complete picture of one of the most fascinating phenomena in the history of western civilisation **The Life and Letters of William Beckford of Fonthill** Lewis Saul Benjamin, Lewis Melville, William Beckford, 1910 *The Life and Letters of William Beckford of Fonthill* Lewis Melville, 1910 **Cities and the Grand Tour** Rosemary Sweet, 2012-10-04 A fascinating study of how British travellers experienced described and represented the cities they visited on the Grand Tour **The Travel-diaries of William Beckford of Fonthill: Memoir of William Beckford. Dreams, waking thoughts and incidents** William Beckford, 1928 William Beckford Timothy Mowl, 2013-02-21 William Beckford had two lives one real and sensational the other an elegant forgery he invented in retirement after the young Disraeli mischievously sent him a homoerotic epic based loosely on Beckford's own career Biographers have been bemused by Beckford's faked letters and dream encounters with celebrities but his real life was far more significant he is the pivotal Romantic between Horace Walpole and Byron Beckford was reared in exotic isolation in a Palladian palace where he grew up obsessed with dark grottoes towers and images of the living dead Rushed into marriage by an apprehensive mother he indulged his actual passions both legal and paedophile until a Tory administration staged a sex scandal that exiled him In his absence his novel *Vathek* was treacherously pirated Returned to England Beckford flung his wealth into the creation of Fonthill Abbey which by its shadowy vistas and glamorous camp furnishings paved the way for the wildest excesses of Victorian taste A

Cross-Cultural History of Britain and Belgium, 1815-1918 Marysa Demoor, 2022-03-21 This book highlights the ways in which Britain and Belgium became culturally entangled as a result of their interaction in the period between the Napoleonic Wars and the First World War. In the course of the nineteenth century the battlefields of Waterloo and Ypres in Belgium became veritable burial grounds for generations of dead British military indirectly leading to the most intensive ties between the two countries. By exploring this twofold path the author uncovers a series of cross influences and creative similarities within the Belgo British artistic community and explores the background against which the British national identity was constructed. Revealing unknown links between some of the most famous artists on both sides of the channel such as D G Rossetti and Jan Van Eyck, Christina Rossetti and Fernand Khnopff, John Millais and Pieter Breughel and Lewis Carroll and Quentin Massys, the book emphasises an artistic cross fertilisation that can be found within battlefield literature throughout the nineteenth century including examples from the likes of William M Thackeray, Frances Trollope and Charlotte Brontë. Providing a rich intercultural history of Belgo British relations after the battle of Waterloo, this interdisciplinary book will appeal to scholars and students researching history, literature, art and cultural studies.

William Beckford Malcolm Jack, 1996 Beckford best remembered for the Gothic novel *Vathek* has always been a subject of fascination. A man of dazzling virtuosity as story teller, linguist, musician, orientalist, art connoisseur and of immense wealth, Beckford seemed destined for the highest reaches of English political life. In fact he became a social outcast and his contributions were to letters and the revival of Gothic architecture on a grand scale. In this biographical sketch Malcolm Jack concentrates on the importance of Beckford's Portuguese connection in settling his fate. Beckford came to Portugal when he was still open to new influences and the residence proved central to his imaginative development as an artist and to his life as an outcast grandee.
