Record The New York World and goes to live in this house where he meets the girl Alice and experiences one of life's poignant tragedies David Graham Phillips in writing *The Great God Success* was trying his prentice hand there is a curious echo of Balzac's Pere Goriot in one paragraph of the tale As has been indicated it was *The Great God Success* that led Phillips to take the decisive step It was against the wishes and advice of many of his closest friends They pointed out that it was giving up a comfortable position in journalism for the uncertainties of fiction It was indeed a step that called for courage The Bookman Shows the pen of a man of imagination with brain trained to alertness and here also was the human quality and the ethical impulse Illustrates the versatility of the author and his capacity to do great work The Arena One of the modern sort of prolific writers Princeton Alumni Weekly Courage especially in our over refined times is perhaps more valuable than style To the quality of courage indeed that of style has still a chance to come It is this that is likely to keep in remembrance the name of David Graham Phillips as an American novelist In a time when despite the great number of writers and the higher average of technical skill our novelists were not so adequately depicting their time and place as did say the two Edgars Fawcett and Saltus or even the earliest efforts of Henry James and Mr Howells Phillips came up out of the journalistic ranks conspicuously determined to write as forthrightly as possible a candid chronicle of the world he lived in Candor and courage remained to the end his distinguishing virtues He discovered the sinister side to our conduct of affairs political and financial having done that he moved on to what took still greater courage to discover to herself and the world in general the shortcomings of the American woman whom so many artists in pen and pencil conspire to figure as humanity's supreme development in our time He did this realizing that woman dominates America's taste for fiction as for all the other arts Devoid of charm in manner he so honestly was telling the truth as he saw it that like England in some of her campaigns he blundered through somehow to a secure position among the bestsellers He was obviously coming constantly to a larger outlook upon life though he had not yet sloughed off a certain jingoistic parochialism permitting him to utter some essentially journalistic commonplaces about foreign aristocracies
