The Great War In Africa 1914 1918:

The Great War in Africa, 1914-1918 Byron Farwell, 1989 *The Great War, 1914-1918* Ian Frederick William Beckett, 2001 The Great War scarred both the people and the popular imagination of Europe No previous war matched it in scale brutality and futility The course of events has been told many times spurred by an endless desire to understand the war to end all wars However this impressive book moves beyond military narrative to offer a much fuller analysis of the conflict s impact strategic political social and cultural Starting with the context and origins of the war including assassination misunderstanding and differing national war aims it then covers the treacherous course of the conflict and its social consequences Mobilisation had a massive impact both on soldiers and female civilians producing radical changes to people s way of life which stimulated political change Science and technology created a new brand of industrialised warfare and were accelerated by the imperative of victory The insecurity and strain of war created dissidence and mutiny engendering revolution in Germany Austria Hungary and Russia The war left a long term legacy for victors and vanquished alike It created new frontiers and changed the balance of power influenced the arts national memory and political thought The reach of this account is global showing how a conflict amongst European powers came to involve their colonial empires and embrace Japan China the Ottoman Empire Latin America and the United States This is a bold and original book offering a thematic study of a war that was famously and quite rightly labelled as the seminal event of the twentieth century *The Great War* John Morrow, 2016-09-17 The Great War is a landmark history that firmly places the First World War in the context of imperialism Set to overturn conventional accounts of what happened during this the first truly international conflict it extends the study of the First World War beyond the confines of Europe and the Western Front By recounting the experiences of people from the colonies especially those brought into the war effort either as volunteers or through conscription John Morrow s magisterial work also unveils the impact of the war in Asia India and Africa From the origins of World War One to its bloody and largely unknown aftermath The Great War is distinguished by its long chronological coverage first person battle and home front accounts its pan European and global emphasis and the integration of cultural considerations with political **The Great War** John Howard Morrow, 2004 Includes index bibliography p 333 347

Africa and the First World War Melvin E Page, 1987-09-22 **The First World War in Africa** Hew Strachan, 2004-10-14 To Arms is Hew Strachan s most complete and definitive study of the opening of the First World War Now key sections from this magisterial work are published as individual paperbacks each complete in itself and with a new introduction by the author The First World War was not just fought in the trenches of the western front It embraced all of Africa Many of those who fought this white man s war were black The dangers they confronted went beyond those of the battlefield They fell prey to malaria and dysentery and they were attacked by lions and crocodiles But it was a vast and spectacular theatre of operations in which great personalities thrusting German officers like Paul von Lettow Vorbeck or big

game hunters like Peter Pretorius could impose themselves Embracing the perspectives of all the nations who fought there this is the first ever full account of the Great War in Africa *The Last Century of Sea Power, Volume 1* H. P.

Willmott, 2021-12-22 In this first of three volumes on sea power the author reviews the story of political economic and military oceanic control from the 1890s through WWI Choice The transition to modern war at sea began during the period of the Sino Japanese War 1894 1895 and the Spanish American War 1898 and was propelled forward rapidly by the advent of the dreadnought and the nearly continuous state of war that culminated in World War I By 1922 most of the elements that would define sea power in the 20th century were in place Written by one of our foremost military historians this volume acknowledges the complex nature of this transformation focusing on imperialism the growth of fleets changes in shipbuilding and armament technology and doctrines about the deployment and use of force at sea among other factors There is careful attention to the many battles fought at sea during this period and their impact on the future of sea power The narrative is supplemented by a wide range of reference materials including a detailed census of capital ships built during this period and a remarkable chronology of actions at sea during World War I The author dean of naval historians provides a sweeping look at and analysis of the transformation of naval power His dry wit and sense of irony add spice to the impressive array of facts and analysis of the greatest period of naval warfare Willmott is fearless in his judgments Seapower This book first of a series contains a wealth of facts and opinions the latter provided with Willmott's unerring analytical eye and mordant wit Bernard D Cole National War College **Africa and the First World War** De-Valera NYM Botchway, Kwame Osei

Kwarteng, 2018-10-26 The First World War was a widespread conflagration in world history which despite its European origins had enormous effects throughout the world Fettered to European politics and diplomacy through colonialism Africa could not claim a position of neutrality meaning that it mobilised human and natural resources to support the imperial war effort Fighting both within and outside Africa colonised Africans who were compelled or coaxed by the colonial regimes of the warring European countries fought Europeans and Africans too The soldiers fought with great dedication and contributed significantly to successes attained by the belligerent European colonialists Similarly African non combatants like carriers brought zeal and enthusiasm to difficult wartime tasks The impact of the war on Africa was immense with far reaching consequences in specific colonies and touched the lives of all Africans under colonial rule Although the continent's connections to the war were immense and diverse these experiences are not widely known among scholars and the general public This is because over the years most studies and commemorative events of the war have centred on the European theatre of the war and its outcomes This book brings together interesting essays written by scholars of African history society and military about African experiences of the war It complements and problematises some key themes on Africa and the First World War and offers a stimulating historiographical excursion providing possibilities for reconsidering normative conclusions on the war The volume will be of interest to general readers as well as students and researchers in different

areas of scholarship including African history war studies postcolonial studies cultural studies labour history and the history of memory among others **Soldiers and Settlers in Africa, 1850-1918** Stephen Miller, 2009-09-30 The essays in this volume concentrate on imperial conflict Until recently most historians of empire have concerned themselves with economic issues More recently scholarship has turned to social and cultural aspects of Empire The role of the military however continues to be largely ignored Historians have traditionally viewed the military as an arm of the civil power an institution which did not create policy but faithfully obeyed the directives given to it These essays show that indeed the military thought for itself its officers made policy introduced new strategies and tactics and utilized the services of local settlers and indigenes to pursue the interests of empire and the rank and file informed ideas in Great Britain concerning Africa and Africans Contributors are Edward M Spiers Ian F W Beckett Bill Nasson John Laband Paul Thompson Fransjohan Pretorius Tim Stapleton Ian van der Waag James Thomas Jeffrey Meriwether and Bruce Vandervort **The Union of South Africa and the Great War, 1914-1918** South Africa. Department of Defence, 1924
