Allahar, 2005-06-28 Celebrants of an ever emerging globalization fly the banner of free trade the mass marketization of once faltering economies and rising economic and social standards for all Many opponents to globalization rightfully point out that borders still exist largely for the purposes of keeping one commodity in its place the labor commodity or the more familiar immigrant Arguments of this type are often steeped in economic and social discourse Race and ethnicity are seen as either being subsumed by this discourse or are entirely ignored as incidental to this type of political thought In Ethnicity Class and Nationalism Caribbean and Extra Caribbean Dimensions specialists writing on the Caribbean form of the nation state place race and ethnicity along with class in its proper context at the very foundations of the modern nation Editor Anton L Allahar has handpicked scholarship that is both contemporary and expert in its consideration of Caribbean geo politics Furthermore essays in this volume include comparative cases from around the globe In the interest of locating race and ethnicity as sociological and political categories that are inimical to contemporary conceptions of the nation state Allahar explores spaces other than the Caribbean The result is a comparative study that is unique in scope and also in its level of scholarly reflection This book is the first of its kind It is essential reading for anyone interested in advancing their analysis of political economic social and cultural thought in the Caribbean **John** F. Kennedy, Barack Obama, and the Politics of Ethnic Incorporation and Avoidance Robert C. Smith, 2013-02-19 Political analysts and journalists often draw analogies between John F Kennedy the first Catholic Irish president and Barack Obama the first African American president Their election to the nation's highest office was historic but for reasons not fully appreciated In John F Kennedy Barack Obama and the Politics of Ethnic Incorporation and Avoidance Robert C Smith provides a fascinating comparison of the challenges both men faced in their bid for the presidency while at the same time providing comparative histories of the Catholic Irish and African American struggles to overcome racial and religious subordination in America Kennedy's Catholicism was an explicit issue in the 1960 election and once elected he was extremely careful to avoid appearing either too Irish or too Catholic While Obama's race was not an explicit issue in the 2008 election he was just as careful to avoid appearing too black Paradoxically religion thanks to rumors and lies about whether Obama was a Muslim became a substitute for race allowing Republican strategists to otherize Obama by raising the issue of religion The Roots of Ethnic Conflict in Africa Wanjala S. in the context of national security and terrorism Nasong'o,2016-01-26 This book focuses on the problem of ethnic conflict in Africa and seeks to explain its root causes The main thesis of the book is that ethnic political mobilization is essentially a function of deeply felt grievances on the part of the groups so mobilized Ethnic Conflict In World Politics Barbara Harff, Ted Robert Gurr, 2018-04-24 This second edition of

Ethnic Conflict in World Politics is an introduction to a new era in which civil society states and international actors attempt to channel ethnic challenges to world order and security into conventional politics From Africa's post colonial rebellions in the 1960s and 1970s to anti immigrant violence in the 1990s the authors survey the historical geographic and cultural diversity of ethnopolitical conflict Using an analytical model to elucidate four well chosen case studies the Kurds the Miskitos the Chinese in Malaysia and the Turks in Germany the authors give students tools for analyzing emerging conflicts based on the demands of nationalists indigenous peoples and immigrant minorities throughout the world The international community has begun to respond more quickly and constructively to these conflicts than it did to civil wars in divided Yugoslavia and genocide in Rwanda by using the emerging doctrines of proactive peacemaking and peace enforcement that are detailed in this book Concludes by identifying five principles of international doctrine for managing conflict in ethnically diverse societies The text is illustrated with maps tables and figures The Rise of Ethnic Politics in Nepal Susan I. Hangen, 2009-12-04 This book argues that ethnic politics have the potential to strengthen rather than destabilize democracy It studies one of Nepal's most significant social movements and examines the role it has played in the process of democratization in Nepal It demonstrates that ethnic parties are not antithetical to democracy and that democratization can proceed in diverse and unexpected ways Nation, Ethnicity and the Conflict in Afghanistan Raghav Sharma, 2016-07-15 Ethnic and tribal loyalties in Afghanistan provided the lethal cocktail for the violent conflict that engulfed the country following the collapse of the Soviet backed government in 1992 The ensuing fighting between mujahideen groups paved the way for the tectonic social and political shifts which continue to shape events today What accounts for the emergence of ethnicity as the main cause of conflict in Afghanistan What moved people to respond with such fervour and intensity to calls for ethnic solidarity This book attempts to make sense of ethnicity s decisive role in Afghanistan through a comprehensive exploration of its nature and perception Based on new data generated through interviews field notes and participant observations Sharma maps the increased role of ethnicity in Afghan national politics Key social political and historical processes that facilitated its emergence as the pre dominant fault line of conflict are explored moving away from grand political and military narrative to instead engage with zones of conflict as social spaces This book will be of interest to students and scholars working in politics ethnic studies and security studies **Ethnic Studies** Philip Q.
