

The Politics Of Representation The Democratic Convention 197

Nancy Joan Weiss

The Politics Of Representation The Democratic Convention 197:

Political Representation and European Union Governance Peter Mair, Jacques Thomassen, 2013-09-13 This book confronts and discusses different conceptions of political representation with respect to their application to the system of multi level governance in the European Union Political representation is an essentially contested concept Its meaning has evolved with the development of representative democracy at the level of the nation state and normative theories of political representation often evolved as a reflection on developing practices rather than the other way around Since the EU is not a conventional nation state and since the effectiveness and legitimacy of classic notions of political representation at the level of the national state has also become a matter of dispute the EU has become a playground for the development of alternative or additional conceptions of democracy The contributions to this volume evaluate these alternative conceptions with regard to both their effectiveness and their legitimacy and combine both conceptual and empirical analyses This book was based on a special issue of Journal of European Public Policy

Farewell to the Party of Lincoln Nancy Joan Weiss, 2020-09-01 This book examines a remarkable political phenomenon the dramatic shift of black voters from the Republican to the Democratic party in the 1930s a shift all the more striking in light of the Democrats indifference to racial concerns Nancy J Weiss shows that blacks became Democrats in response to the economic benefits of the New Deal and that they voted for Franklin Roosevelt in spite of the New Deal s lack of a substantive record on race By their support for FDR blacks forged a political commitment to the Democratic party that has lasted to our own time The last group to join the New Deal coalition they have been the group that remained the most loyal to the Democratic party This book explains the sources of their commitment in the 1930s It stresses the central role of economic concerns in shaping black political behavior and clarifies both the New Deal record on race and the extraordinary relationship between black voters and the Roosevelts

The Politics of National Minority Participation in Post-communist Europe Jonathan P. Stein, 2000 This collection systematically analyzes different models of minority politics in Eastern Europe in an effort to understand why tensions are manageable in some contexts uncontrollable in others There are case studies of Albania Bulgaria Croatia Estonia Latvia and Romania

George C. Wallace and the Politics of Powerlessness Jody Carlson, 2023-04-14 This is the only complete study of the Wallace phenomenon It covers all of the presidential campaigns and views Wallace from a variety of vantage points historical context content analysis of speeches and analysis of election data including voting statistics and attitudinal patterns of supporters Politics of Powerlessness examines nationwide support for George C Wallace in the presidential campaigns of 1964 1968 1972 and 1976 A number of election and candidate preference surveys are used as sources of data on supporters An understanding of Wallace s appeal is provided through an examination of themes noted throughout his speeches and an analysis of his political history from biographical sources personal interviews and newspaper accounts of the time The picture of Wallace that emerges is one of a man who saw himself as a crusader for his supporters interests while deliberately

heightening and intensifying their feelings of powerlessness as a means of getting votes Carlson shows that Wallace voters were not marginal They did not reflect a loss of status nor were they simply outside the mainstream of political life They were very much like major party voters with the exception of their feelings of political powerlessness that came about by increased government participation in state politics This work informed not only by a careful analysis but by interviews with Wallace many of his followers and people active in his campaigns The work has the additional advantage of having follow up analyses and interviews as late as 1978 In this sense it represents not only a scholarly analysis of the Wallace phenomenon but the most up to date analysis as well

The Politics of Agriculture in Japan Aurelia George Mulgan, 2013-01-11 Agriculture is one of the most politically powerful sectors in Japanese national politics This book provides the first comprehensive account of the political power of Japanese farmers This definitive text analyses the organisational and electoral basis of farmers political power including the role of agricultural interest groups the mobilisation of the farm vote and links between farmers and politicians in the Diet Agrarian power has helped to produce the distinctly pro rural anti urban bias of postwar Japanese governments resulting in a general neglect of urban consumer interests and sustained opposition to market opening for farm products This book represents a major study of Japanese agricultural organisations in their multifarious roles as interest groups agents of agricultural administration electoral resource providers and mammoth business groups It describes the policy issues that engage farmers concerns and identifies the agricultural commodities that carry the greatest political significance

Bringing Back the Parties David Eugene Price, 1984 Partial Visions Richard M. Merelman, 1991 A pathbreaking study of political culture in the United States Britain and Canada Partial Visions demonstrates how popular culture expressed through television soap operas and comedies civics and history textbooks magazine advertisements and corporate publications and recruitment leaflets subtly deflects and suppresses democratic political action Richard Merelman argues that political messages embedded in popular culture weaken the division between public and private and between society and the individual These partial visions of democracy are idealized yet inequitable revelatory yet distorted As a result issues that might galvanize useful group conflict do not emerge and the full potential for public participation in a liberal democracy remains unrealized Britain Canada and the United States share a liberal political culture but differ in their historical evolution and in the structure of their institutions Each country Merelman suggests has developed a distinctive popular culture that shapes public opinion and stifles political debate in nationally specific ways Different rhetorical devices and metaphors operate in each nation he points out in Britain for example the monarchy and party system serve as symbols of political reconciliation between the individual and the collectivity Characterizing the United States as a culture of institutionalized individualism and Canada as a culture of emotionally tepid group conflict Merelman finds Britain's culture of group based political debate the most successful in encouraging democratic participation Drawing on symbolic anthropology poststructuralist literary theory and positivistic analyses of attitudes and media influence Merelman conducts a controlled

comparison of media representations political discourse and public opinion using rich complex sets of quantitative and qualitative data He concludes that culture is not reducible to institutional interests but is intelligible as a whole structure furthermore culture can and sometimes does change the contours of political conflict *Breaking Male Dominance in Old Democracies* Drude Dahlerup, Monique Leyenaar, 2013-06-20 This book provides a broad ranging critique of the continued dominance of men in the political process *Elites and the Politics of Accountability in Africa* Wale Adebani, Rogers Orock, 2021-05-24 Studying elites through the framework of accountability

Democracy and the Cartelization of Political Parties Richard S. Katz, Peter Mair, 2018-07-11 Political parties have long been recognized as essential institutions of democratic governance Both the organization of parties and their relationships with citizens the state and each other have evolved since the rise of liberal democracy in the 19th and early 20th centuries Going into the 21st century it appears that parties losing popular support putting both parties and potentially democracy in peril This book traces the evolution of parties from the model of the mass party through the catch all party model to argue that by the late 20th century the principal governing parties and their allied smaller parties collectively the political mainstream were effectively forming a cartel in which the form of competition might remain and indeed even appear to intensify while its substance was increasingly hollowed out The spoils of office were increasingly shared rather than restricted to the temporary winners contentious policy questions were kept off the political agenda and competition shifted from large questions of policy to minor questions of managerial competence To support this cartel the internal arrangements of parties changed to privilege the party in public office over the party on the ground The unintended consequence has been to stimulate the rise of extra cartel challengers to these cozy arrangements in the form of anti party system parties and populist oppositions on the left but especially on the right Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Emilie van Haute Professor of Political Science Universit libre de Bruxelles Ferdinand M ller Rommel Director of the Center for the Study of Democracy Leuphana University and Susan Scarrow John and Rebecca Moores Professor of Political Science University of Houston

Dalit Politics in Contemporary India Sambaiah Gundimeda, 2015-10-14 This book is a ground breaking intervention on Dalit politics in India Challenging received ideas it uses a comparative framework to understand Dalit mobilisations for political power social equality and justice The monograph traces the emergence of Dalit consciousness and its different strands in north and south India from colonial to contemporary times and interrogates key notions and events These include the debate regarding core themes such as the Hindu Muslim cleavage in the north and caste in the south the extent to which Dalits and other backward castes OBC base their anti Brahminism on similar ideologies and why Dalits in Uttar Pradesh north India succeeded in

gaining power while they did not do so in the region of erstwhile Andhra Pradesh south India where Dalit consciousness is more evolved Drawing on archival material fieldwork and case studies this volume puts forward an insightful and incisive analysis It will be of great interest to researchers and scholars of Dalit studies and social exclusion Indian politics and sociology

American Politics and the African American Quest for Universal Freedom Hanes Walton, Jr, Robert C. Smith, Sherri L. Wallace, 2017-03-30 This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had and continue to have on American politics Through the use of two interrelated themes the idea of universal freedom and the concept of minority majority coalitions the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes The authors show that through the quest for their own freedom in the United States African Americans have universalized and expanded the freedoms of all Americans New to the Eighth Edition A new co author Sherri L Wallace is renowned for her teaching scholarship and participation in APSA s American government textbook assessment for coverage of race ethnicity and gender She is the perfect addition following an election year that included female presidential candidates as well as candidates of color and issues focusing on racial tension and inequality Offers a new Media Integration Guide for the first time Provides the first overall assessment of the Obama administration in relation to domestic and foreign policy and racial politics in particular Updated through the 2016 elections connecting the Obama years with the new administration Looks at candidates Hillary Clinton and Ben Carson in particular in relation to the themes of the book Adds a new section on State Politics and Elections Includes new sections on intersectionality dealing with issues of race gender and sexuality LGBT issues as another manifestation of the struggle for universal freedom a discussion of the Black Lives Matter movement and a new section focusing on the changing character of black ethnicity as result of increased immigration from Africa and the Caribbean Discusses the way in which race contributed to the polarization of American politics the connections to the Tea Party and the Obama Presidency and the 2016 presidential campaign as the most polarized since the advent of polling Previews the impact of the Trump Administration on matters of race and ethnicity

Senate Journal Kansas. Legislature. Senate, 1899

Disenfranchising Democracy David A. Bateman, 2018-10-25 The first wave of democratization in the United States the removal of property and taxpaying qualifications for the right to vote was accompanied by the disenfranchisement of African American men with the political actors most supportive of the former also the most insistent upon the latter The United States is not unique in this respect other canonical cases of democratization also saw simultaneous expansions and restrictions of political rights yet this pattern has never been fully detailed or explained Through case studies of the USA the UK and France *Disenfranchising Democracy* offers the first cross national account of the relationship between democratization and disenfranchisement It develops a political institutional perspective to explain their co occurrence focusing on the politics of coalition building and the visions of political community coalitions

advance in support of their goals Bateman sheds new light on democratization connecting it to the construction of citizenship and cultural identities

Why Don't Women Rule the World? J. Cherie Strachan, Lori M. Poloni-Staudinger, Shannon Jenkins, Candice D. Ortals, 2019-07-12 Why don't women have more influence over the way the world is structured Written by four leaders within the national and international academic caucuses on women and politics Why Don't Women Rule the World by J Cherie Strachan Lori M Poloni Staudinger Shannon Jenkins and Candice D Ortals helps you to understand how the underrepresentation of women manifests within politics and the impact this has on policy Grounded in theory with practical job related activities the book offers a thorough introduction to the study of women and politics and will bolster your political interests ambitions and efficacy

Black Faces in the Mirror Katherine Tate, 2018-06-05 Here Katherine Tate examines the significance of race in the U S system of representative democracy for African Americans Presenting important new findings she offers the first empirical study to take up the question of representation from both sides of the constituent representative relationship The first half of the book examines whether black members of the U S House legislate and represent their constituents differently than white members do Representation is broadly conceptualized to include not only legislators roll call voting behavior and bill sponsorship but also the symbolic acts in which they engage The second half looks at the issue of representation from the perspective of ordinary African Americans based on a landmark national survey Tate's findings are mixed But in the main legislators race does shape how they represent their constituents and how constituents evaluate them African Americans view black representatives more positively than they do white representatives even those who belong to their own political party Black legislators however are just as likely as white representatives to sponsor and gain passage of bills in the House Tate also concludes that black House members are more liberal as a group than are their black constituents but that there is considerable divergence in the quality and type of representation they provide The findings reported here will generate controversy in the fields of politics law and race particularly as debate commences over renewing the Voting Rights Act which is set to expire in 2007

The Oxford Handbook of Portuguese Politics Jorge M. Fernandes, Pedro C. Magalhães, António Costa Pinto, 2022-10-06 The Oxford Handbook of Portuguese Politics brings together the best scholars in the field offering an unrivalled coverage of the politics broadly defined of the country over the past 50 years The Handbook includes eight sections First it looks at the past and present by making an overview of Portuguese political developments since democratization in the 1970s Second it looks at political institutions as the building blocks of Portuguese democracy The third section examines mass politics and voters that is a thorough analysis of the demand side of mass politics The fourth section turns to the supply side of mass politics by looking at parties and the party system The fifth section looks at the Portuguese society by unpacking a plethora of societal aspects with direct implications for politics The sixth section examines governance and public policies with a view to understanding how a constellation of public policies has an impact on the quality of governance and in fostering well being The seventh section

looks at Portugal and the European Union The eighth and final section unpacks Portuguese foreign policy and defence

Political Parties and Electoral Problems Robert Clarkson Brooks, 1923 **Democracy under Fire** Lawrence R. Jacobs, 2022-02-01 How did democracy become so vulnerable in America Donald Trump is a shrill warning of the political system's fragility but he alone is not the problem The vulnerability is broader and deeper and looms still Even before Trump ran for president his disdain for the rules and norms of democracy and the US Constitution was well known by many prominent Republicans who were unable to stop his nomination Trump's presidency is the culmination of a series of political decisions since the late 18th century that ceded party nominations to small cliques of ideologues Democracy Under Fire provides a readable if disturbing history of American democracy and proposes recommendations to restore it **Keeping the Republic** Christine Barbour, Gerald C. Wright, 2020-12-07 Keeping the Republic gives students the power to examine the narrative of what's going on in American politics distinguish fact from fiction and balance from bias and influence the message through informed citizenship Keeping the Republic Brief Edition draws students into the study of American politics showing them how to think critically about who gets what and how while exploring the twin themes of power and citizenship The thoroughly updated Ninth Edition analyzes not only the 2020 election results and Supreme Court rulings but also examines the activism of the Black Lives Matter movement political outsiders in campaigns and party nominations the federal government's response to the COVID 19 pandemic and the presidency of Donald Trump With students living through one of the most challenging periods in American life Keeping the Republic Brief Edition is there to be a much needed resource to help them make sense of politics in America today and become savvy consumers of political information Carefully condensed from the full 10th edition by authors Christine Barbour and Gerald C Wright Keeping the Republic Brief Edition gives your students the same continuity and crucial content in a more concise value oriented package This title is accompanied by a complete teaching and learning package Digital Option Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto graded assignments and interactive multimedia tools all carefully designed to ignite student engagement and drive critical thinking Built with you and your students in mind it offers simple course set up and enables students to better prepare for class Assignable Video with Assessment Assignable video available with SAGE Vantage is tied to learning objectives and curated exclusively for this text to bring concepts to life LMS Cartridge Import this title's instructor resources into your school's learning management system LMS and save time Don't use an LMS You can still access all of the same online resources for this title via the password protected Instructor Resource Site CQ Press Lecture Spark Designed to save you time and ignite student engagement these free weekly lecture launchers focus on current event topics tied to key concepts in American Government
