Witness to Hope George Weigel, 2009-10-13 This definitive biography of Pope John Paul II explores his historic influence on the world stage Magnificent A tremendous achievement Washington Post As head of the Catholic Church from 1978 until his death in 2005 John Paul II was one of the world's most transformational figures With unprecedented cooperation from the Pope as well as the people who knew and worked with him throughout his life George Weigel offers a groundbreaking portrait of him as a man a thinker and a leader whose religious convictions defined a new approach to world politics and changed the course of history The Pope played a crucial yet underexplored role in some of the most momentous events of his time including the collapse of European communism the quest for peace in the Middle East and the democratic transformation of Latin America With an updated preface this edition of *Witness to Hope* explains how this man from a far country did all of that and much more and what both his accomplishments and the unfinished business of his pontificate mean for the future of the Church and the world

I Am With You Always Benedict C.F.R. Groeschel, 2011-02-18 A Study of the History and Meaning of Personal Devotion to Jesus Christ for Catholic Orthodox and Protestant Christians The devotional life of Christians over the two millennia since Jesus birth has been one of motion changing and growing in response to the challenges presented to the Church the temperaments of newly baptized nations and controversies about how we can and should relate to God And yet the core of authentic Christian devotion has not changed it remains today as it was in the time of the Church Fathers the trusting and personal encounter with Christ that is both open and foundational to the life of all Christian believers In this book the well known spiritual writer and teacher Fr Benedict Groeschel C.F.R. surveys the development and trials of Christian devotion from the days of the martyrs until the twentieth century Tracking it through the centuries and among sadly divided branches of Christianity he finds a commonality of experience and even of language that is constantly ignored among Christians themselves By observing what image of Christ the canvas of common devotion portrays he hopes we will move not to discredit this image but to sharpen it and make it more consistent with the New Testament and the ancient Church Though the devotional life is sometimes brushed off as

unimportant in comparison to a theological understanding of Christ Groeschel warns that such dismissal threatens to make distant unknown and obscure the Savior who said I am with you always The answer instead is to draw near to Jesus in devotion and with authentic expressions of that devotion which themselves help paint the image of Christ found concretely in revelation onto the minds and daily life of the devout Begun on a pilgrimage to the Holy Land and the result of years of preparation and a whole life of guiding people as priest public preacher psychologist and spiritual director this book will help Catholic Orthodox and Protestant believers gain not only a comprehensive view of how pious Christians over the centuries have lived out their devotion to God but the examples and perspective they need to live more devoutly today **Worship as Community Drama** Pierre Hegy, 2019-03-22 Church weddings funerals and most Sunday services reflect the values and dramas of their communities even when the ministers are the main or sole actors This point is illustrated by examples ranging from American television masses to the Zairean three hour services in the Congo Of greatest interest to readers might be the Sunday services at ordinary parishes which also range from friendly but uninspiring to innovative and inviting There are also two exceptionally vital churches analyzed here an evangelical church in the Pentecostal tradition and a social justice parish in the tradition of Martin Luther King Jr Today one can hardly buy an item in a store or on the Internet without being asked for an evaluation yet church services are seldom evaluated There can be no improvement without evaluation This book proposes a method of evaluation in eight steps that must be rigorously scientific and at the same time offer a vision for spiritual growth The prophet Elijah found God in earthquakes and fire but most people find mystery through art music rhythm chanting expressive readings evocative rituals and enlightened homilies Today people expect mystagogy rather than routine performances Mystagogy can be learned and improved through evaluation to which this book desires to make a major contribution *God Will Provide* Patricia Treece, 2011-11-01 A specialist in human goodness divine providence and recent saints Patricia Treece offers the fruits of years of research on how God meets the financial needs in varying ways or his people Mother Teresa of Calcutta for instance refused to let anyone raise money in her name insisting if God wanted something done through her he d send the money Other friends of God did seek donations and got them in amazing ways In this lively book she offers copious examples of miracles answered prayers and nine universal principles to live by so you can join those who know in good times or bad God will provide **Fundamental Theology of the Priesthood, A** Cardinal Ouellet, Marc, 2023 The Symposium for a Fundamental Theology of the Priesthood held at the Vatican from February 17 to 19 2022 inaugurated a new phase of theological and pastoral reflection in the context of contemporary questions regarding the ministry of priests and the priesthood of the baptized The deepening of the relationship between the two participations baptismal and ministerial in the one priesthood of Christ is fundamental for renewing the mission of the Church in the spirit of openness and dialogue of the Second Vatican Council This perspective is also pertinent for the promotion and communication of all vocations especially that of women whose charisms are yet to be fully recognized and integrated in their

rightful place within the life of the Church Finally and no less important this reflection offers synodal practice a solid theological foundation for making the participation of the faithful dynamic which must not only correct the limitations and defects of the exercise of the ordained ministry but also actively and permanently exercise the gifts and charisms that the Holy Spirit has poured out on all baptized people

The Apology for the Church of England John Jewel, 1831 *The Theology of Renewal for His Church* Douglas G. Bushman, 2024-01-26 Almost sixty years after Vatican II the question of its interpretation is as lively as ever While numerous theologies of renewal are advanced conspicuously absent is any serious erudition of the text taken by Paul VI John Paul II and Benedict XVI as the hermeneutical key to understanding the Council's goal and method namely Paul VI's encyclical *Ecclesiam Suam* This study corrects this inattention and proposes that Pope Paul's logic of renewal is so profoundly a dimension of divine revelation and of the Church's life that it is not just one theology of renewal among many but the theology of renewal It is thus the key to understanding the Council's authentic pastoral character The logic of renewal sets personal spiritual metanoia as the center path of renewal preceded by the path of doctrinal penetration which assures that renewal is faithful to God and complemented by the path of reinvigorated mission which is the fruit of conversion As the first post Christendom ecumenical council Vatican II addressed the question What does it mean to be the Church of Christ at this point in history Its answer Become what you are Convert into a more perfect realization of your own mystery vocation and mission

Stalking the Holy Michael W. Higgins, 2006 In *Stalking the Holy* writer and scholar Michael W Higgins explores the Roman Catholic pursuit of saint making the pre-eminent Christian model he argues with its elaborate features and arcane cast of players such as the relator and the promotor of the faith He points out that if saints are not actually made so much as recognized by the Church nevertheless this official recognition is a form of manufacture involving motivation expertise and risk
