The Cold War Divides the World

### SECTION 5

The Cold War Thaws

Winston Churchill, Franklin D. Roosevelt, and Joseph Stalin (left to right) at the Yalta Conference (February 1945).

# The Postwar World

**Joacim Rocklöv**

## **The Postwar World:**

**America and the Postwar World: Remaking International Society, 1945-1956** David Mayers, 2018-03-13 The main tide of international relations scholarship on the first years after World War II sweeps toward Cold War accounts These have emphasized the United States and USSR in a context of geopolitical rivalry with concomitant attention upon the bristling security state Historians have also extensively analyzed the creation of an economic order Bretton Woods mainly designed by Americans and tailored to their interests but resisted by peoples residing outside of North America Western Europe and Japan This scholarship centered on the Cold War as vortex and a reconfigured world economy is rife with contending schools of interpretation and bolstered by troves of declassified archival documents will support investigations and writing into the future By contrast this book examines a past that ran concurrent with the Cold War and interacted with it but which usefully can also be read as separable Washington in the first years after World War II and in response to that conflagration sought to redesign international society That society was then and remains an admittedly amorphous thing Yet it has always had a tangible aspect drawing self regarding states into occasional cooperation mediated by treaties laws norms diplomatic customs and transnational institutions The U S led attempt during the first postwar years to salvage international society focused on the United Nations Relief and Rehabilitation Administration the Acheson Lilienthal plan to contain the atomic arms race the Nuremberg and Tokyo tribunals to force Axis leaders to account the 1948 Genocide Convention the 1948 Universal Declaration of Human Rights and the founding of the United Nations None of these initiatives was transformative not individually or collectively Yet they had an ameliorative effect traces of which have touched the twenty first century in struggles to curb the proliferation of nuclear weapons bring war criminals to justice create laws supportive of human rights and maintain an aspirational United Nations still striving to retain meaningfulness amid world hazards Together these partially realized innovations and frameworks constitute if nothing else a point of moral reference much needed as the border between war and peace has become blurred and the consequences of a return to unrestraint must be harrowing

**The Postwar World ...** ,1945 The difficulties of making peace by Hastings Eells Power politics and the postwar world by R S Lynd The problem of Germany by J L Hromka dka The treatment of a defeated Japan by T A Bisson Rebuilding a war torn world by F B Sayre China America s Pacific ally by Y C Yang Problems of the small states in the postwar world by V M Dean A postwar world organization for peace by H A Atkinson Soviet Russia and the postwar world by J L Childs Economic welfare and world peace by H G Hayes Competition and monopoly in the postwar world by Clair Wilcox International organization after the war by M O Hudson American attitudes and leadership by H H Burton *The New Politics* Edmund O. Stillman, William Pfaff, 1961 Offers a re evaluation of American foreign policy under the radically new political conditions of the 1950s **Writing Against Expulsion in the Post-War World** David Herd, 2023 Herd tells a pre history of the Hostile Environment returning to a period following the Second World War when the brutal consequences of a politics of expulsion

were visible The book is a deep defence of human rights at a moment when such rights are under attack It shows how we can resist and think beyond the politics of border and nation *The United States and Japan in the Postwar World* Akira Iriye, Warren I. Cohen, 2021-05-11 A major phenomenon in the post World War II world is the rise of Japan as a leading international economic and industrial power This advance began with American aid in rebuilding the nation after the war but it has now seen Japan rival and even outstrip the United States on several fronts The relations between the two powers and the impact that they have on economic and political factors during the postwar years are the focus of this important book The editors Akira Iriye and Warren I Cohen themselves noted authorities on Asian affairs have gathered here contributions from a distinguished group of American and Japanese scholars The resulting collection represents a unique blend of viewpoints from each side of the American Japanese relationship **Planning for the Postwar World** Nelson Thomas Whyatt, 1971

Global Perspectives on the Bretton Woods Conference and the Post-War World Order Giles Scott-Smith, J. Simon Rofe, 2017-09-07 This book repositions the groundbreaking Bretton Woods conference of July 1944 as the first large scale multilateral North South dialogue on global financial governance It moves beyond the usual focus on Anglo American interests by highlighting the influence of delegations from Latin America India the Soviet Union France and others It also investigates how state and private interests intermingled collided and compromised during the negotiations on the way to a set of regulations and institutions that still partly frame global economic governance in the early twenty first century Together these essays lay the groundwork for a more comprehensive analysis of Bretton Woods as a pivotal site of multilateralism in international history **Neither War Nor Peace** Hugh Seton-Watson, 1960 **The Ethnographer's Eye** Anna Grimshaw, 2001-04-30 Grimshaw's exploration of the role of vision within modern anthropology engages with current debates about ocularcentism investigating the relationship between vision and knowledge in ethnographic enquiry Using John Berger's notion of ways of seeing the author argues that vision operates differently as a technique and theory of knowledge within the discipline In the first part of the book she examines contrasting visions at work in the so called classical British school reassessing the legacy of Rivers Malinowski and Radcliffe Brown through the lens of early modern art and cinema In the second part of the book the changing relationship between vision and knowledge is explored through the anthropology of Jean Rouch David and Judith MacDougall and Melissa Llewelyn Davies Vision is foregrounded in the work of these contemporary ethnographers focusing more general questions about technique and epistemology whether image based media are used or not in ethnographic enquiry **America and the End of the Postwar World** E. Stillman, W. Pfaff, 1961

*Rebuilding the Postwar Order* Francine McKenzie, 2023-02-23 Throughout the Second World War a wide range of people including political leaders and government officials experts and armchair internationalists civil society groups and private citizens talked about and formulated plans to ensure national security and to promote individual well being in the postwar world *Rebuilding the Postwar Order* explains how civil society and governments of the wartime allies conceived of peace and

traces the international negotiations and conferences that later resulted in the United Nations system. It adopts a multilateral approach, connects wartime ideas to earlier peacemaking efforts, and reveals support for as well as resistance and alternatives to the emerging postwar order. In chapters on the United Nations, UNRRA, the IMF, World Bank, and GATT, the FAO and WHO, UNESCO, and human rights, McKenzie explores the tensions between national sovereignty and international responsibility, national security and individual well-being, principles and compromises, morality and power, privilege and justice, all of which influenced the UN system.

**The Department of State Bulletin**, 1975

**Rise of the International**

Richard Devetak, Tim Dunne, 2024-05-28

International Relations and History were once academic fields sharing a common concern with the affairs of empires, states, and nations. Over the course of the twentieth century, however, they drifted apart. International Relations largely retained the focus on the affairs and relations of these principal international actors but took a methodological turn leading to higher levels of theoretical abstraction. History, on the other hand, retained the methods that define the discipline but shifted the focus, veering away from matters of state to the vast array of actors, events, activities, and issues that colour everyday life. In recent years, the drift has been arrested by scholars in each discipline who have turned towards the other discipline in their research. International Relations has undergone a historiographical turn, while History has taken an international turn. *Rise of the International* brings together scholars of International Relations and History to capture the emergence and development of the thought, the relations, and the systems that have come to be called international in western discourse. The evidence offered by contributors to the volume suggests there has been no single, stable, unchanging concept or object of theoretical reflection or historical investigation that can be called the international, but a variety of historically contingent conceptualizations across different contexts.

**Globalization and International Political Economy**

Mark Rupert, M. Scott Solomon, 2006

The politics of globalization include nation-states pursuing power, multinational firms seeking profits for their shareholders, coalitions and networks attempting to promote particular visions of future possible worlds, resistance groups ranging from the nonviolent to the murderous, and ordinary people struggling to feed their families and secure their futures in a rapidly changing world. *Globalization and International Political Economy* examines processes of globalizing capitalism and the complex politics that are emerging from it, processes and struggles that will determine the shape of our world in the twenty-first century.

Introduction to International Political Economy

David N. Balaam, Bradford Dillman, 2018-07-31

In a revolutionary revision of this best-selling text, David Balaam and Bradford Dillman show how the postwar world order is at once under threat and yet resilient. This classic text surveys the theories, institutions, and relationships that characterize IPE and highlights them in the context of a diverse range of regional and transnational issues. *Introduction to International Political Economy* positions students to critically evaluate the global economy and to appreciate the personal impact of political, economic, and social forces. New to the Seventh Edition: Streamlined yet comprehensive coverage, reducing the text from 20 to 17 chapters. There is also one unified chapter on global finance and a

single chapter on energy and the environment A new chapter on Constructivism shows sociological and ideational forces at work A new chapter on Global Production encompasses transnational corporations and labor A new chapter on Global Health incorporates food and refugee issues Substantial revisions to 10 chapters including new material on Brexit the EU debt and refugee crises populist nationalist movements inequality trade conflicts and negotiations cyber weapons the rise of China Middle East conflicts and international responses to climate change Significant focus throughout on President Trump's impact on U S foreign policy international order and global security Extensive new graphs and tables of data plus 27 fascinating new text boxes throughout An author written Instructor's Manual and Test Bank are provided along with additional online resources

*The Foreign Policy of Modern Japan* Robert A. Scalapino, 1977 [Islamophobia and the Politics of Empire](#) Deepa Kumar, 2021-09-07 A critically acclaimed analysis of anti Muslim racism from the sixteenth to the twenty first centuries in a fully revised and expanded second edition In this incisive account leading scholar of Islamophobia Deepa Kumar traces the history of anti Muslim racism from the early modern era to the War on Terror Importantly Kumar contends that Islamophobia is best understood as racism rather than as religious intolerance An innovative analysis of anti Muslim racism and empire Islamophobia argues that empire creates the conditions for anti Muslim racism which in turn sustains empire This book now updated to include the end of the Trump's presidency offers a clear and succinct explanation of how Islamophobia functions in the United States both as a set of coercive policies and as a body of ideas that take various forms liberal conservative and rightwing The matrix of anti Muslim racism charts how various institutions the media think tanks the foreign policy establishment the university the national security apparatus and the legal sphere produce and circulate this particular form of bigotry Anti Muslim racism not only has horrific consequences for people in Muslim majority countries who become the targets of an endless War on Terror but for Muslims and those who look Muslim in the West as well With a new foreword by Nadine Naber [The Meaning of Race](#) Kenan Malik, 1996-08 This work throws new light on the nature and origins of ideas of racial difference It reconstructs the evolution of the modern discourse of race and investigates its meaning in contemporary society

**The Balkans in International Relations** Branimir M Jankovic, Bosko Milosavljevic, 1988-04-06 **American Trade Politics and the Triumph of Globalism** Orin Kirshner, 2014-05-09 A deep and unresolved tension exists within American trade politics between the nation's promotion of an open world trading system and the operations of its democratic domestic political regime Whereas most scholarly attention has focused on how domestic politics has interfered with the United States global economic leadership Orin Kirshner offers here an analysis of the ways in which U S leadership in the arena of global trade has affected American democracy and the domestic political regime By participating in multilateral trade agreements the U S Congress has transferred its trade policymaking authority to the president and through international trade negotiations from the American state to the GATT WTO regime This reorganization of policymaking authority has resulted in the triumph of globalism and fundamentally alters the citizen state relationship

assumed in democratic theory Kirshner illustrates this process through four case studies The Reciprocal Trade Agreements Act of 1945 The Trade Expansion Act of 1962 The Trade Act of 1974 The Omnibus Trade and Competitiveness Act of 1988 and further examines the impact of the Uruguay Round Agreements Act of 1994 on the political and institutional structure of American trade politics up to the current period American Trade Politics and the Triumph of Globalism makes a significant contribution to the study of both international trade and domestic American politics This is essential reading for students and scholars of trade policy international political economy American politics and democratic theory

## The Postwar World Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Postwar World has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Postwar World has opened up a world of possibilities. Downloading The Postwar World provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Postwar World has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Postwar World. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Postwar World. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Postwar World, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Postwar World has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers.

worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About The Postwar World Books

1. Where can I buy The Postwar World books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Postwar World book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
