Zenzen, 2012-12-06 This is the first book length presentation and defense of a new theory of human and machine cognition according to which human persons are superminds Superminds are capable of processing information not only at and below the level of Turing machines standard computers but above that level the Turing Limit as information processing devices that have not yet been and perhaps can never be built but have been mathematically specified these devices are known as super Turing machines or hypercomputers Superminds as explained herein also have properties no machine whether above or below the Turing Limit can have The present book is the third and pivotal volume in Bringsjord's supermind quartet the first two books were What Robots Can and Can't Be Kluwer and AI and Literary Creativity Lawrence Erlbaum The final chapter of this book offers eight prescriptions for the concrete practice of AI and cognitive science in light of the fact that we are superminds **Biorelativity** David K. Miller, 2012-05-29 A shift in consciousness has occurred on the planet during the past twenty five years marking a new moment in the evolution of humanity's consciousness concerning our relationship to Earth and to the cosmos We now accept that human beings are interacting with a living planet and we understand that this living planet has an energetic relationship to the galaxy We have also come to understand that the entire biological and energy system of this beautiful planet we live on is totally dependent on how humans treat the planet the environment and other life forms on Earth Biorelativity describes the ability of human beings to telepathically communicate with the spirit of the Earth The goal of such communication is to influence the outcome of natural Earth events such as storms volcanoes and earthquakes This book is a collection of channeled lectures through Arcturian Native American and other mystical guides transmitted in sessions from 2009 through early 2011 that describe the exercises and thought developments related to biorelativity the planetary cities of light and the Arcturian Tree of Life that together form new technology for Earth healing Through these lessons you can implement new planetary healing techniques right now actively participating in exciting changes as Earth and humanity come together in unity and healing Wisdom for the Soul Larry Chang, 2006 Five Millennia of Prescriptions for Spiritual Healing Living in the SUPERMIND Maurie D. Pressman, 2011-06 Living in the SUPERMIND reveals that there is within us a mind beyond imagination It is a Supermind which offers the power of knowledge love and inspiration beyond dreams But it must be opened What is this Supermind It is the mind of the dream and spirit It was once available to civilizations across the world but it became suppressed as the intellect developed and hypertrophied The Plan of Evolution designated that we concentrate build and nourish our intellect

which would then lead us into a disciplined ordered and controlled personality But like the Sorcerer's Apprentice we have fallen too much in love with it We have this enormous power within us It is the power of the God Mind But shrouded by doubt and fear we leave the God mind and give in to the false belief that we are better off separate than united Union is our natural state
