The Power To Make Things New Messages:

Making All Things New R. York Moore, 2012-10-03 Modern day abolitionist York Moore vividly describes the cause of global justice as the great dream of God Unpacking the biblical account of the last things Moore makes connections between the end time work of Jesus and our own efforts at justice Whenever a new well is dug or a sex trafficker brought to justice we see the dream taking hold The Whole Message of the Bible in 16 Words Chris Bruno, 2017-02-14 16 Key Words 1

Overarching Message At the heart of the Bible is one overarching message God saving his people through their promised Messiah This accessible introduction to the main point of the Bible traces the development of sixteen key themes creation covenant kingdom temple judgment and more from Genesis to Revelation showing how both the Old and New Testaments come together to declare a single unified message A concise primer to biblical theology this book helps readers trace God's unfolding plan of redemption throughout the Bible Out of Print: Umiker's Management Skills for the New Health Care Supervisor Charles R. McConnell, 2009-04-21

The Fifth Edition of Umiker's Management Skills for the New Health Care Supervisor addresses continually changing circumstances in which Supervisors are faced with including smaller budgets fewer workers greater responsibilities and time pressure This title provides valuable information needed for successful managers and staff Written primarily for those who have little to no management training this title offers practical suggestions for improving effectiveness both as a Supervisor and organization as a whole **The Message of the New Testament** Mark Dever, 2005 Dever's expository overview covers the entire New Testament with a focus on the fulfillment of God's Old Testament promises *Re-Making Communication at Work* J. Sostrin, 2013-11-07

Almost 400 years ago philosophers John Locke and David Hume implicitly defined communication as a tool for the transmission of pure ideas stating that the ideas themselves are what matter not the way in which they are expressed and exchanged Now known as the transmission model this form of communication is still the foundation for academic courses in communication theory and practice and is embedded in most business literature and education that address subjects related to workplace communication organization behavior and culture leadership and conflict resolution But what if this accepted model of communication was incomplete Re Making Communication at Work argues that the transmission model of communication needs to be replaced by a new approach to communication Sostrin challenges the status quo by exposing the most common myths that inaccurately define successful communication at work These misperceptions are replaced by a set of core principles that deliver a clear mandate for re making communication at work Sostrin not only provides the theoretical foundation for this new approach but he uses a straightforward model and exercises that demonstrate how managers students and consultants can powerfully improve relationships decision making and collaboration with a few lines and circles

An insightful real world look at the skills today's global leadership demands. *Leading Across Borders* is the leadership guide for the new business environment. The world's economic center of gravity is shifting at a rapid pace; huge emerging economies have already emerged. As businesses operate in an increasingly global context, the most successful leaders are able to see through the eyes of others and to hear the voices of customers and colleagues from around the world. They build their own personal networks, navigate differences, and work effectively across new borders, both the physical borders between countries and the limits of old leadership paradigms. This book features direct input from people in critical roles around the world, advice based on deep practical experience, and new data that identifies the distinctive challenges of leading in an environment becoming more thoroughly interdependent every day. There is valuable advice for anyone taking on a global leadership role. You'll find strategies and tools for working across cultures, leading inclusively, running a matrix team, innovating, integrating an acquisition, and making tough ethical choices. Each chapter challenges established leadership models and shares hard-won expertise in dealing effectively with a changing reality that includes both fast growth and slow growth markets. You will learn how to serve more numerous stakeholders and to achieve your goals in a complex organizational structure without having direct lines of authority. This insightful guide helps you work more effectively at the self, team, and organizational levels so you can get things done and grow your business. The increasing importance of China, India, Brazil, Indonesia, Turkey, and other developing economies has opened the world of business leadership far beyond our own borders. This book gives you a framework for coordinating it all and being the leader your organization needs. Operate insightfully at the personal level in order to better lead others. Shape, motivate, and drive your global team to exceptional performance. Navigate differences in culture, language, economics, and more. Exercise your vision, influence, and expertise to lead your organization forward. The trend toward global leadership has emerged full-blown amidst the rising global economy. Today's leadership must understand how to work effectively and efficiently across a variety of contexts. *Leading Across Borders* provides a roadmap to the new leadership paradigm, helping you expand your own skillset and create forward momentum.

Ten Great Ideas from First Corinthians George Renner, Mark Shaw, 2021-10-19

First Corinthians is one of the most relevant NT documents for both younger churches seeking maturity in the majority world and older churches seeking renewal in the Western world in the twenty-first century. The reason this epistle is so relevant is that it focuses on renewing the church through believing and living out the good news that because of Jesus's death and resurrection, God has begun his new creation agenda amid the broken world of today. This is not just another commentary; there are many very good ones, but rather we present a biblical theology of church renewal based on solid exegesis and our experience as teachers and pastors in both Africa and North America. This book will pull out

the essential teaching of Paul on renewal in ten manageable principles or great ideas Church renewal is not just following certain steps but results from nurturing a culture that practices both cross power and a life of new creation hope When churches make the shift from traditionalism to radical community and evangelical activism through a new experience of the gospel seen as both personal liberation and the transformation of all things the church begins to move and the world begins to change *The Message of Genesis 1-11* David J. Atkinson, 2022-01-04 Where do we come from What is our purpose In this BST commentary David Atkinson explores how the first eleven chapters of Genesis serve as an overture to the rest of the Bible With vivid insight Atkinson illuminates how the meaning of Genesis is still resonant today helping us understand both the greatness and the tragic flaw inherent in human beings
