The Demon Expelled; or, the influence of Satan and the power of Christ displayed in the extraordinary affliction and gracious relief of John Evans , a boy about ten years of age, at Plymouth-Dock James HEATON, 1822 **The Power of Self-Healing** Dr. Fabrizio Mancini, 2012-01-15 Most of us are no strangers to health problems illness or pain but what if there s a solution to restore our well being that doesn t involve drugs surgery or other medical procedures Well there is and you ll find it within your own body That s right Your body has a built in capacity to heal itself a remarkable system of self repair that works day in and day out and improving its ability to heal is within your control Yet most people don t fully grasp the body s incredible power to heal itself largely because traditional medicine has led us to believe that health comes from the outside in and not from the inside out Did you know for example that approximately 50 percent of all illnesses when left alone will eventually heal themselves If you choose to take care of your body every day it will reward you a thousand times over improving your odds against everything from heart disease cancer and diabetes to arthritis allergies colds late winter flu and more Remember you have the power to be and stay healthy because healing truly comes from within The Power of Self Healing will help you accomplish all this and more *The Power of the Presidency* Robert S. Hirschfield, 2017-07-05 The American presidency is the most powerful political office in the world But this impressive statement serves only to raise a whole series of fundamental questions What is the scope of presidential powers and what are its limits Can the president use all the authority of his office or is that authority more formal than effective Does the presidency have sufficient power to meet today s needs or do the problems of the modern age demand a more powerful executive Is there a danger of dictatorship in the growth of political authority or will the presidency remain an office of constitutional democratic leadership This book explores such questions by presenting a wide range of views on presidential power from a variety of sources

original supporters and opponents of the office presidents themselves Supreme Court decisions and professional students of the presidency

The Power of Witnessing Nancy R. Goodman, Marilyn B. Meyers, 2012-08-21 Witnessing comes in as many forms as the trauma that gives birth to it The Holocaust undeniably one of the greatest traumatic events in recent human history still resonates into the twenty first century The echoes that haunt those who survived continue to reach their children and others who did not share the experience directly In what ways is this massive trauma processed and understood both for survivors and future generations The answer as deftly illustrated by Nancy Goodman and Marilyn Meyers lies in the power of witnessing the act of acknowledging that trauma took place coupled with the desire to share that knowledge with others to build a space in which to reveal confront and symbolize it As the contributors to this book demonstrate testimonial writing and memoir artwork poetry documentary theater and even the simple recollection of a memory are ways that honor and serve as forms of witnessing Each chapter is a fusion of narrative and metaphor that exists as evidence of the living mind that emerges amid the dead spaces produced by mass trauma creating a revelatory transformational space for the terror of knowing and the possibility for affirmation of hope courage and endurance in the face of almost unspeakable evil Additionally the power of witnessing is extended from the Holocaust to contemporary instances of mass trauma and to psychoanalytic treatments proving its efficacy in the dyadic relationship of everyday practice for both patient and analyst The Holocaust is not an easy subject to approach but the intimate and personal stories included here add up to an act of witnessing in and of itself combining the past and the present and placing the trauma in the realm of knowing sharing and understanding Contributors Harriet Basseches Elsa Blum Bridget Conley Zilkic Paula Ellman Susan Elmendorf George Halasz Geoffrey Hartman Renee Hartman Elaine Neumann Kulp Shabad Dori Laub Clemens Loew Gail Humphries Mardirosian Margit Meissner Henri Parens Arlene Kramer Richards Arnold Richards Sophia Richman Katalin Roth Nina Shapiro Perl Myra Sklarew Ervin Staub
