The Presence Of God In Pastoral Counseling:

The Presence of God in Pastoral Counseling Wayne Edward Oates, 1986 Counseling by the Book John Babler, David Penley, Mike Bizell, 2007-01-18 **The Presence of God in Pastoral Counseling** Wayne E. Oates, 1986-06-01 Pastoral Counseling: Where One Encounters the Enormity of God's Love Gerald V. Miller, 2022-08-05

The pastoral counselor brings God's presence to the counseling session. The counselor radiates God's enormous unconditional love and forgiveness to the client. Clients come in because they are spiritually broken and prey to the allies of darkness: fear of abandonment from God and those they love, resentment, frustration, anxiety, and callousness. He is the prodigal son. Through empathy, compassion, and counseling skills, the pastoral counselor connects them to the God who runs to meet him with joy, throws his arms around him, kisses him, forgives him, and makes him psychologically and spiritually whole again by giving him the signet ring. The pastoral counselor's role is to facilitate this occurrence.

The Psychological Anthropology of Wayne Edward Oates Samuel E. Stephens, 2020-07-24

Theological education has historically placed a strong emphasis on Scripture as the source of principle and practice for ministry. However, when it comes to the arena of counseling, this has largely not been the case. Focusing on the significant influence of Wayne Edward Oates (1917-1999), the author seeks to explore how and why the American Protestant church arrived at the place where psychological counseling has become the norm and biblical counseling is treated as novel. A detailed study of Oates' anthropology, which served as the heart of his counseling theory and practice, demonstrates that it was shaped and informed by secular concepts, values, and principles instead of what God has to say about who we are as people, what plagues our souls, and where we find our true hope and healing. This subtle shift from the theological to the therapeutic has contributed to a much broader view from many in the church that counseling is more of a clinical and professional service rather than a personal or pastoral ministry of the Scriptures. Through these unsettling warnings and implications, the author hopes that the church will see the importance of once again engaging with the God glorifying Christ, honoring and Spirit-empowering ministry of counseling.

Practicing Ministry in the Presence of God John Jefferson Davis, 2015-07-13

Practicing Ministry in the Presence of God presents a new paradigm for church ministry, one that is based on fundamental truths of the Christian faith, such as the Trinity, union with Christ, and the already presence of the Holy Spirit in the church. This new paradigm can help busy pastors avoid burnout in the ministry and model Trinitarian New Testament patterns of ministry to their people. Practicing Ministry in the Presence of God reflects the best of recent New Testament scholarship, sensitivity to the contexts of globalized postmodern cultures dominated by digital media, and practical applications for Christian life, discipleship, worship, and mission.

Introduction to Pastoral Counseling Loren Townsend, 2009-06-01

Grounded in empirical research and richly illustrated with case studies, this introduction continues the theoretical, practical, and theological expansion of Pastoral Care and Counseling. Because of increasing cultural diversity and the fact that more training is done outside of seminaries in non-seminary related colleges and universities, there is

fragmentation in the discipline This makes a coherent orientation to pastoral care and counseling as a ministry increasingly difficult To address this confusion author Loren Townsend calls us to readdress basic understandings He also makes the case that pastoral identity can function as a unifying concept **The Heart of Pastoral Counseling** Richard L

Dayringer,2013-04-03 The relationship between pastor and parishioner is the essence of pastoral counseling a simple truth with profound implications Dr Richard Dayringer explores these implications in *The Heart of Pastoral Counseling Healing Through Relationship Revised Edition* to help pastoral counselors understand how to use the relationship to bring about the desired ends in the therapeutic process Drawing on research from the disciplines of psychiatry psychology marriage counseling family therapy and pastoral counseling this book lays the foundation for utilizing the pastoral counseling relationship to bring about positive change as it explores topics such as observation listening communication handling transference and termination of therapy Because the interpersonal relationship is the vehicle of therapy it is critical that pastoral counselors understand the psychological assumptions that play a large part in the characteristics of relationships as well as the factors requiring attention in order to establish a secure counseling relationship *The Heart of Pastoral Counseling* will help you attain this understanding as you also improve your knowledge on how pastoral relationships may be applied outside the therapeutic hour in general pastoral work eclectic methods for clarifying feelings developing intellectual insight interpreting questioning and assigning certain behavior employing the problem oriented record in pastoral counseling distinguishing relationship from transference and countertransference the unique problem that counseling acquaintances presents personality traits that attract people to the minister pastoral counselor counselor attitudes that foster relationship how a client's view of the counselor has an impact on the effectiveness of therapy *The Heart of Pastoral Counseling* brings a solid base of research to pastoral counselors seminary students graduate students in counseling professors of counseling and specialists in pastoral psychotherapy so that you might better understand the nature of pastoral counseling relationships and how they are helpful and constructive in people's lives You will be challenged to rethink your role in initiating and carrying out therapeutic change and realize why you should build your ministry on relationships rather than on friendships The Poet's Gift Donald Capps,1993-01-01 Donald Capps draws upon the poetry of William Stafford and Denise Levertov to show how poetry can benefit the field of pastoral care He argues that poetry focuses on the immediate experience and attends to life itself whereas theology and ethics focus more on abstract discourse seeking to achieve a more panoramic view of life

THE UNHEARD CRY OF THE IGBO PEOPLE KENNETH CHIGBO,2011-03-21 In this book which itself is the outcome of an Award winning research work Fr chigbo utilized the resources in Rabbi Abraham Joshua Heschel's *Meta psychology of the Meaning of Human Life* to study the Phenomena of the proliferation of prayer and healing ministries in Igboland He states The religious and spiritual world outlooks of Ndi Igbo predisposed them to seek for meaning of life in a religious spiritual setting The double assaults of the invasive colonialism and Christian Missionary exploits as well as these

catastrophes slavery and slave trade the Nigerian Biafran war Neo Colonialism the exploitation marginalization and oppression of the Igbo people motivated them to raise questions about the fundamental quality of being human who am I and what is the meaning of my life The economic hardship political instability and the attack on fundamental Igbo cultural heritage also joined forces with the other factors mentioned above to cause existential frustration and existential vacuum within the Igbo population The author developed and explored what he calls Heschelian Diagnostic Tool as well as the ten psycho pastoral phases in the search for the meaning in Human life He proposed a new vision for prayer and healing ministry which is centered on the empowerment of each individual person to respond responsibly to the demand quality of life to engage in actions that are responses to the questions life poses before each unique individual This is an invaluable resource for all those involved or interested in the diverse field of pastoral care *Negotiating a Presence-Centred Christian Counselling* Simon Shui-Man Kwan, 2016-04-26 How Christian is Christian counselling In what ways should one s counselling practice be conducted in order to fulfil one s role as a Christian counsellor Is there a counselling practice that truly penetrates into the secular approaches while remaining faithful to the Christian traditions of healing What are the theological roots of secular counselling How may secular counselling both reinforce and challenge the Christian faith In answering these questions this book engages readers to navigate between two frames of reference one Eastern secular social scientific and modern the other Western Christian theological and traditional At levels of both theory and practice this book undertakes to integrate synthesize hybridize revise dichotomize and antagonize the two It proposes a revised presence centred counselling approach which may serve as a perspective that helps us to see things in more depth as we shuttle back and forth between the two frames This book thus negotiates a revised presence centred form of counselling that is theologically grounded social scientifically informed and cross culturally sensitive As the author s counselling practice proceeds mainly in societies where Chinese is the majority the cross cultural examinations and proposals offered in this book have been bred in a space where Chinese culture meets the Christian Protestantism in particular West This book is an outgrowth of the author s experience teaching Christian counselling courses for 17 years and his 30 year clinical practice experience in places where East meets West namely Hong Kong and South China Guangdong Province Biblical Counsel ,1993 Conversations with Barth on Preaching Bishop William H. Willimon, 2010-09-01 One of today s greatest preacher theologians engages one of the twentieth century s greatest teacher theologians on the meaning of preaching Readers of William H Willimon s many books have long found there the influence of Karl Barth probably the most significant theologian of the twentieth century In this new book Willimon explores that relationship explicitly by engaging Barth s work on the pitfalls and problems glories and grandeur of preaching the Word of God The Swiss theologian says the author expressed one of the highest theologies of preaching of any of the great theologians of the church Yet too much of Barth s understanding of preaching lies buried in the Church Dogmatics and other sometimes obscure sources Willimon brings this material to light introducing the reader to Barth s

thought not just on the meaning but the practice of preaching as well *The Care of Troublesome People* Wayne Edward Oates, 2007 In the Care of Troublesome people Wayne Oates combines family systems theory with insightful analysis of five types of behavior that frequently create conflict in congregations Dr Oates provides biblically based approaches to assist clergy congregational lay leaders and denominational leaders in the care of persons demonstrating these behaviors You will learn how to approach the troubled and troublesome people in your congregation in specific ways that are not dismissive but are caring affirming and firmly grounded in God's grace Rather than point fingers fix blame or characterize such people as bad or evil which can only serve to create further turmoil Oates purposes a bold new way to care for troublesome people that focuses on not just the battles but the issues of wholeness and care for the individual ourselves and the congregation cover
