The Pressures of Change in Rural Canada M. F. Bunce, Michael J. Troughton, 1984 *The Changing Social Geography of Canadian Cities* Larry S. Bourne, David Ley, 1993 The contributors to this volume demonstrate the richness and diversity of the social landscapes and communities in Canadian urban centres emphasizing changes which occurred in the period from the mid 1960s to the early 1990s The nineteen non technical and integrative essays include reviews of the literature empirical studies and discussions of policy issues CONTENTS Introduction The Social Context and Diversity of Urban Canada David F Ley and Larry S Bourne Part One Patterns People and Place in Urban Canada Evolving Urban Landscapes D W Holdsworth Measuring the Social Ecology of Cities W K D Davies and R A Murdie Demography Living Arrangement and Residential Geography J R Miron Urban Social Behaviour in Time and Space D G Janelle Part Two Contexts Social Structure and Urban Space Migration Mobility and Population Redistribution E G Moore and M W Rosenberg The Emerging Ethnocultural Mosaic S H Olson and A L Kobayashi Work Labour Markets and Households in Transition D Rose and P Villeneuve Housing Markets Community Development and Neighbourhood Change Larry S Bourne and T Bunting Part Three Places Selected Locales Integrating Production and Consumption Industry Class Ethnicity and the Jews of Toronto D Hiebert Past Elites and Present Gentry Neighbourhoods of Privilege in the Inner City David F Ley From Periphery to Centre The Changing Geography of the Suburbs L J Evenden and G E Walker The Social Geography of Small Towns J C Everitt and A M Gill Part Four Needs Social Well being and Public Policy Social Planning and the Welfare State J T Lemon The Meaning of Home Home Ownership and Public Policy R Harris and G J Pratt Homelessness M J Dear and J Wolch Geography of Urban Health S M Taylor Changing Access to Public and Private Services Non family Childcare S Mackenzie and M Truelove Cities as a Social Responsibility Planning and Urban Form P J Smith and P W Moore **A Social Geography of Canada** Guy M. Robinson, 2013-12-30 This collection of essays focus on subjects which formed the basis of his life s work the changing character of Canadian landscape and society and the urbanization of that society including aspects of its historical evolution its present spacial forms and current social issues **Canadian Geography** Thomas A. Rumney, 2009-12-10 Canadian Geography A Scholarly Bibliography is a compendium of published works on geographical studies of Canada and its various provinces It includes works on geographical studies of Canada as a whole on multiple provinces and on individual provinces Works covered include books monographs atlases book chapters scholarly articles dissertations and theses The contents are organized first by region into main chapters and then each chapter is divided into sections General Studies Cultural and Social Geography Economic Geography Historical Geography Physical Geography Political Geography and Urban Geography Each section is further sub divided into specific topics within each main subject All known publications on the geographical studies of Canada in English French and other languages covering all types of geography are included in this bibliography It is an essential resource for all researchers students teachers and government officials needing information and references on

the varied aspects of the environments and human geographies of Canada *A Geography of the Hutterites in North America* S. M. Evans, 2021-10 A Geography of the Hutterites in North America explores the geographical diffusion of the Hutterite colonies from the bridgehead of Dakota Territory in 1874 to the present distribution across North America Looking further than just maps of location this book analyzes the relationship between parent and daughter colonies as the Hutterite population continues to grow and examines the role of cultural and demographic forces in determining the diffusion process Throughout this geographical analysis Simon M Evans pays due attention to the Hutterites contribution to the cultural landscape of the Canadian Prairies and the American Great Plains as well as the interactions that the Hutterites have with the land including their agricultural success With over forty years of research and personal interactions with more than a hundred Hutterite colonies Evans offers a unique insight into the significant role that the Hutterites have in North America both currently and historically This study goes beyond the history life and culture of this communal brotherhood to present a new geographical analysis that reports on current and ongoing research within the field The first narrative to be published regarding Hutterites in nearly a decade A Geography of the Hutterites in North America is a valuable resource for scholars and students alike *Cottage Country in Transition* Greg Halseth, 1998 The cottage is a powerful image of rural Canada This image however often ignores the rural community that surrounds it producing a geographically and socially divided landscape and creating friction between cottage owners and rural communities Cottage Country in Transition is a wide ranging exploration of the interaction and evolution of these two communities **Rural Land-Use Planning in Developed Nations (Routledge Revivals)** Paul Cloke, 2013-10-18 This edited collection first published in 1989 provides a detailed analysis of rural land use policies on a country specific basis Case studies include analyses of planning and legislation in Britain The Netherlands Japan the U S A and Australia Alongside a comprehensive overview of the concept and application of rural land use from Paul Cloke environment issues resource management and the role of central governments are topics under discussion throughout At an international level this title will of particular interest to students of rural geography and environmental planning *Policies and Plans for Rural People (Routledge Revivals)* Paul Cloke, 2013-10-18 This edited collection first published in 1988 was the first title to bring international perspectives into the field of rural planning Using a comparative approach and a broad range of case studies including Britain Scandinavia the U S S R and New Zealand the authors review the major problems faced within rural areas and policy responses to these problems Each study deals with the political and institutional frameworks involved in the management of rural areas and the means by which policies have been implemented With an introduction from Paul Cloke that places rural policies and plans within the context of the state this reissue will be of great value to any students with an interest in the planning and organisation of rural communities across the world **Planning Canadian Regions** Gerald Hodge, Ira M. Robinson, 2007-10-01 Planning Canadian Regions is the first book to consolidate the history evolution current practice and future prospects for regional planning in Canada As

planners grapple with challenges wrought by globalization the evolution of massive new city regions and the pressures of sustainable and community development a deeper understanding of Canada s approaches is invaluable Hodge and Robinson identify the conceptual and historical foundations of regional planning and propose a new planning paradigm that emphasizes regional governance and greater inclusiveness and integration of physical planning with planning for economic sustainability and natural ecosystems *Rural and Urban Fringe Studies in Canada* Kenneth B. Beesley,1991 Breaking the Boundaries B. Sanyal,2013-03-09 Exploring the complex arena of international planning for development has until now been uniquely the privilege of influential senior western planners This book calls into question many of their hallowed principles and much of the conventional wisdom still evident in the halls of academe At a time of increasing enrollment of foreign students in North American planning programs the emergence of a new voice has coincided with a growing skepticism worldwide about old notions of planning and development in poorer and ex colonial countries Now there is a need for brave innovations to reshape our understanding of the global crisis and the potential for progressive and democratic local solutions in both rich and poor nations alike This new voice is given expression by academics and professionals from Third World nations who received their planning education in the west and who now hold posts in major western planning schools *Breaking the Boundaries* presents their views and those of concerned colleagues about the need for a radically changed curriculum based on a comparative one world approach to planning education Their personal experiences as young expatriate scholars and later as teachers of both Third World and First World students in western planning schools are seen as crucial to this need for change Through candid reflections and perceptive critiques of their own field the spatial environmental social design and communications disciplines the contributors explore crucial issues in development planning from theoretical and professional practice perspectives *Géographe Canadien* ,1988 Perceptions of the Urban Fringe Kenneth B. Beesley,1988 Public Administration Series--Bibliography ,1990-10 The North American City Maurice Yeates,1990 The fourth edition of the *North American City* like its predecessors is intended primarily as a textbook for undergraduates principally at universities and colleges in the United States and Canada The aim is to provide an overview of the broad scope and increasingly diversified nature of the geographer s interests in and contributions to the study of cities This overview therefore lays the foundations for more advanced study in the field relating to the book s three main themes the organization fo the city system the internal structure of the city and public policy relating to urban issues From preface
