Cozzens, 2000 Few today would contest that the priesthood is in a state of crisis The nature and implications of that crisis however remain the subject of considerable discussion and debate In The Changing Face of the Priesthood Fr Donald Cozzens offers insight into the crisis by reflecting on the issues challenges concerns and realities of the priesthood today The same year that Pope John XXIII surprised the Catholic world with his call for an ecumenical council Cozzens began his formal study of theology As a seminarian he felt the shaking of the priesthood s foundations The very face of the priesthood was evolving even as he arrived at his first parish assignment A generation later the face of the priesthood continues to reveal new contours fascinating features and sadly some tragic blemishes In The Changing Face of the Priesthood Cozzens takes a long honest look at the present state of the priesthood He provides this examination not merely from an empirical scientific perspective but also from a personal pastoral perspective Drawing on clinical data church documents and his nearly forty years of pastoral experience Cozzens gives shape and form to the changing face of the priesthood Through his reflections he leads readers to both concern and hope for the priesthood of the twenty first century Chapters are Discovering an Identity Guarding One s Integrity Loving as a Celibate Facing the Unconscious Becoming a Man Tending the Word Considering Orientation Betraying Our Young and The Changing Face of the Priesthood Donald Cozzens PhD a priest and writer is author of two award winning titles Sacred Silence and The Changing Face of the Priesthood and editor of The Spirituality of the Diocesan Priest all published by Liturgical Press He is writer in residence at John Carroll University where he teaches in the religious studies department      **Best Practices of Catholic Pastoral and Finance Councils** Charles Zech, Mary Gautier, Robert Miller, Mary Bendyna, 2010-04-13 Every Catholic parish has a pastoral council and a finance council but how many fulfill the mission they were set up to serve These councils are among the most

important but least understood structures in the Catholic Church Mandated to exist their roles have become increasingly critical as parishes both large and small are stretching personnel and financial resources further and further each year Add in the need for internal financial controls and human resource management coupled with fewer and fewer parish priests and the importance of these councils goes way beyond simply filling seats with warm bodied volunteers The function of these councils is to provide consultation to the pastor and to promote greater participation of the entire parish in the life and mission of the Church But in reality these terms are vague and leave too much room for individual interpretation In an unprecedented research effort author Charles Zech explores the very function of these councils in an effort to lay the groundwork for best practices at every parish It systematically fills the void as both Church leaders and laity strive to better understand the structure and processes needed to improve their effectiveness Zech s common sense straightforward writing style unpacks the extensive data to cover critical issues such as Parish Leadership Education Formation Programs Communication with Parish and Parish Staff Council Guideline Manuals Internal Controls Long Term Planning Prayer and Faith Sharing A must read for every pastor staff member or committee volunteer Best Practices of Catholic Pastoral and Finance Councils gives the guidance support and how to that every parish needs making it helpful for diocesan staff as well Use it to stay on track get back on track or simply realize a track exists for these highly critical leadership councils      **Sent Out into the World** Michael McGourty,2024-01-29 Sent Out into the World contains a liturgical theology for a parish community and the new evangelization that is derived from a reading of The Order of the Dedication of a Church For this reason its content can be attributed directly to a liturgical rite of the Catholic Church It is not the creation of any one person but rather an exercise in *lex orandi lex credendi* It presents a vision of the parish that comes directly from a rite of the church and focuses the parish community and its members on the mission that it has within the body of Christ Applying the content of the ordo to a parish community it presents a theology for those communities in which most Catholics meet the Lord and practice their faith The liturgical theology for a parish community that is presented here focuses all parish communities on Christ and his presence in the liturgical celebrations that take place in the parish churches As this ritual powerfully reminds the baptized from the liturgical and sacramental celebrations in which they encounter Christ in their parish church the faithful are to be sent out into the world as ministers of the new evangelization By reading this book every Christian who practices his or her faith within a parish community will be reminded of the mission which they are called to live as members dismissed to go into the world at the end of every eucharistic celebration      *Christian Law* Norman Doe,2013-09-12 Comparing church laws within ten Christian traditions worldwide Christianity emerges as a religion of law as well as of faith      **Mariology: A Guide for Priests, Deacons, Seminarians and Consecrated Persons** Dr. Mark Miravalle,2013-09-10 Some of the best minds in Mariology today have collaborated to produce this monumental anthology in honor of Our Lady and in complete fidelity to the Magisterium Buy this book and make a present of it to your parish priest

the religious sister you know the seminarian from your diocese or the consecrated person or educated layperson at your parish It s a Mariological must read especially for our priests and seminarians Dr Scott Hahn Author and Professor of Theology at Franciscan University of Steubenville      *The Canonical Visitation of Parishes* Gregory N. Smith,2007-06-25 The ordinary episcopal visitation of parishes treated in canons 396 398 of the 1983 Code of Canon Law is studied here from its origins to the present The dissertation s first chapter traces the historical development of this ancient canonical institute particularly with a view to showing its usefulness for Church reform The second examines the canons of the 1917 and 1983 codes and provides a detailed commentary on the latter A final chapter studies the visitation of parishes in Canada Three methods are used corresponding to the three chapters In the first chapter a primarily historical review draws on Scripture the Fathers papal legislation the decrees of provincial and ecumenical councils particularly the Council of Trent and other sources The second chapter takes an exegetical approach interpreting the 1983 canons on the visitation in light of the former law the Second Vatican Council and contemporary papal and curial documents The visitation is related to the diocesan bishop s power of governance The third chapter presents the results of the author s survey of Canadian bishops carried out according to the methods of social science research Without arguing that the visitation is a panacea for all the Church s ills the author concludes that it is a highly effective way for bishops to address some present difficulties and avoid future ones

**Law, Liberty and Church** Dr Gordon Arthur,2013-05-28 Law Liberty and Church examines the presuppositions that underlie authority in the five largest Churches in England the Church of England the Roman Catholic Church the Methodist Church the United Reformed Church and the Baptist Union Examining what has influenced their development and how the patterns of authority that exist today have evolved Gordon Arthur explores the contributions of Scripture Roman Legal Theory and Greek Philosophy This book shows how the influence of Roman legal theory has caused inflexibility and at times authoritarianism in the Roman Catholic Church it explores how the influence of reason and moderation has led the Church of England to focus on inclusiveness often at the cost of clarity it expounds the attempts of the Free Churches to establish liberty of conscience leading them at times to a more democratic and individualistic approach Finally Arthur offers an alternative view of authority and sets out some of the challenges this view presents to the Churches      **Law, Liberty and**
