Sharpening Her Pen Sidney L. Sonderegard, 2002-08 Sharpening Her Pen demonstrates how six early modern authors exploit or evade a rhetorical discourse founded upon images tropes and dialectics of violence to secure authorization for their work as writers and empowerment for the personal agendas unique to each of them Rhetorical violence functions both as a literary phenomenon facilitating the polemics of each author and as an analytical methodology enabling scholars to derive meaning from a particular organic facet of a writer's intellectual structure The subjects of the study represent a balance between writers who have received considerable scholarly attention Elizabeth I Aemilia Lanyer and Lady Mary Wroth and those who have received relatively little Anne Askew Anne Dorwiche and Lade Anne Southwell Exercising rhetorical strategies that reflect their idiosyncrasies as intellectuals they share a canny awareness of the persuasive power of violence in their age as physical reality and as metaphor

The Cinematic Boogeyman Kevin McGuinness, 2024-09-19 In the 1978 horror film classic Halloween little Tommy Doyle asks his babysitter Laurie Strode what is the Boogeyman This

book answers this question by assessing the qualities that create the Boogeyman persona in Western popular culture particularly in the fairytale and the modern horror film Using an archetypal approach derived from the work of Carl Jung and his successors Erich Neumann and Edgar Herzog the book assesses the figure of the Boogeyman through an interdisciplinary lens that incorporates research from the fields of psychology philosophy and film studies The book begins with an examination of the key traits associated with Bluebeard a quintessential example of the folkloric Boogeyman featured in Charles Perrault s 1697 collection of fairytales Through an intense comparative analysis it highlights the presence of similar qualities in the popular villains from the contemporary American slasher movies of the 1970s and 80s Specifically these characters include Michael Myers from Halloween 1978 Jason Voorhees of Friday the 13th 1980 and Freddy Krueger featured in A Nightmare on Elm Street 1984 This examination situates these terrifying antagonists within a larger context of monstrosity and simultaneously establishes their role as cinematic manifestations of the folkloric Boogeyman

Divine Violence and the Christus Victor Atonement Model Martyn J. Smith, 2016-09-23 In this book Martyn Smith addresses the issue of God s violence and refuses to shy away from difficult and controversial conclusions Through his wide ranging and measured study he reflects upon God and violence in both biblical and theological contexts assessing the implications of divine violence for understanding and engaging with God s nature and character Jesus too through his dramatic actions in the temple is presented as one capable of exhibiting a surprising degree of violent behavior in the furtherance of God s purposes Through a reappropriation of the ancient Christus Victor model of atonement with its dramatic representation of God s war with the Satan Smith proposes that Christian understanding of both God and salvation has to return to its long neglected past in order to move forward both biblically and dynamically into the future

Shakespeare's Curse Bjoern Quiring, 2020-11-25 Conceptualizing the curse as the representation of a foundational mythical violence that is embedded within juridical

discourse Shakespeare's *Curse* pursues a reading of Richard III, King John and King Lear in order to analyse the persistence of imprecations in the discourses of modernity Shakespeare wrote during a period that was transformative in the development of juridical thinking. However, taking up the relationship between theatre, theology and law, Bjoern Quiring argues that the curse was not eliminated from legal discourses during this modernization of jurisprudence; rather, it persisted and to this day continues to haunt numerous speech acts. Drawing on the work of Derrida, Lacan, Walter Benjamin and Giorgio Agamben, among others, Quiring analyses the performativity of the curse and tracks its power through the juristic themes that are pursued within Shakespeare's plays, such as sovereignty, legitimacy, succession, obligation, exception and natural law. Thus, this book provides an original and important insight into early modern legal developments as well as a fresh perspective on some of Shakespeare's best-known works. A fascinating interdisciplinary study, this book will interest students and scholars of Law, Literature and History.

Children of Lucifer Ruben van Luijk, 2016-05-02 *Children of Lucifer* tells the history of Satanism from its earliest conception as a polemical construct by the Christian Church to its eventual metamorphosis into an actual practiced religion. Linking church history, Romantic poetry, secularization and the French Revolution, the book's narrative provides a surprising shadow history of modern western civilization.

Demonization in International Politics Linn Normand, 2016-06-08 This book investigates demonization in international politics, particularly in the Middle East. It argues that while demonization's origins are religious, its continued presence is fundamentally political. Drawing upon examples from historical and modern conflicts, this work addresses two key questions: Why do leaders demonize enemies when waging war? And what are the lasting impacts on peacemaking? In providing answers to these inquiries, the author applies historical insight to twenty-first century conflict. Specific attention is given to Israel and Palestine as the author argues that war-time demonization in policy, media and art is a psychological and relational barrier during peace talks.
