The Priority Of John:

The Priority of John John Arthur Thomas Robinson, 1985 One of the classic works of Johannine scholarship *The Priority of John* John A. T. Robinson, 2011-03-01 It has been the fate of many books on John to be left unfinished for its interpretation naturally forms the crowning of a lifetime I have myself been intending to write a book on the Fourth Gospel since the fifties before I broke off reluctantly to be Bishop of Woolwich though I am grateful now that I did not produce it prematurely at that time It means however that I shall be compelled to refer to and often recapitulate material directly or indirectly related to the Johannine literature which I have written over the years some of it indeed while I was bishop Many scholars in fact if not most now think that the author of the Gospel himself never lived to finish it and have seen the work as the product of numerous hands and redactors As will become clear I prefer to believe that the ancient testimony of the church is correct that John wrote it while still in the body and that its roughnesses self corrections and failures of connection real or imagined are the result of its not having been smoothly or finally edited If so I am in good company At any rate who could wish for a better last testimony from his friends than that his witness is true John 21 24 In other words he got it right historically and theologically from the Introduction At the time of his death in December 1983 John Robinson had completed the text of the book on which his 1984 Bampton lectures were to be based so that it is possible to see the full details of his extremely controversial argument that the Gospel of John was the first Gospel to be written Dr Robinson himself once described the dawning of his conviction that this was the case as a Damascus Road experience and his presentation of the evidence is made with all the customary vigor with which he would argue for something in which he deeply believed The objections which need to be overcome to stand on its head what has long been one of the fundamental assumptions of New Testament scholarship are substantial but here once again Dr Robinson shows that so much of what is taken as established fact in that area is no more than preference and presumption Certainly he will provoke rethinking on a whole series of topics from the chronology of Jesus ministry to the nature of his teaching As The Listener said of the equally controversial Redating the New Testament The greatest pleasure Dr Robinson gives is purely intellectual His book is a prodigious virtuoso exercise in inductive reasoning and an object lesson in the nature of historical argument and historical knowledge This sequel equals if not excels its predecessor in those respects and is a fitting tribute to a brilliant New Testament scholar The manuscript was prepared for publication by Dr Chip Coakley Dr Robinson's pupil now Lecturer in Religious Studies in the University of Lancaster *The Priority of John* John Arthur Thomas Robinson, 1995 One of the classic works of Johannine scholarship

The Priority of John John Arthur Thomas Robinson, 1987-01-01 **Is John's Gospel True?** Maurice Casey, 1996 This study demonstrates that the Gospel attributed to John gives an inaccurate account of the life and teaching of Jesus It shows that this Gospel was finished during a fierce conflict between the Johannine community and the Jewish community During this conflict the Johannine community hailed Jesus as God and declared that the Jews were children of the devil They

attributed their beliefs to Jesus and portrayed him as quarrelling with the Jews as they did. Consequently this document is fiercely anti Jewish and has been used to fuel anti semitism reasons for the author to challenge the fitness of John's Gospel to be in anyone's sacred scriptures *The Gospel of John in Modern Interpretation* Stanley E. Porter, Ron C. Fay, 2018-10-30

The Gospel of John in Modern Interpretation provides a unique look at the lives and work of eight interpreters who have significantly influenced Johannine studies over the last two centuries. The chapters contain short biographical sketches of the scholars that illuminate their personal and academic lives followed by summaries and evaluations of their major works and concluding with an analysis of the ongoing relevance of their work in contemporary Johannine scholarship. Key thinkers surveyed include C. H. Dodd, Rudolph Bultmann, Raymond Brown, Leon Morris and R. Alan Culpepper. An introduction and conclusion by general editors Stanley Porter and Ron Fay trace the development of Johannine scholarship from F. C. Baur to the present and examine how these eight scholars' contributions to Johannine studies have shaped the field. Anyone interested in the recent history of the study of John will find this volume indispensable.

The History of the Priority Dispute between Newton and Leibniz Thomas Sonar, 2018-04-12 This book provides a thrilling history of the famous priority dispute between Gottfried Wilhelm Leibniz and Isaac Newton presenting the episode for the first time in the context of cultural history. It introduces readers to the background of the dispute, details its escalation and discusses the aftermath of the big divide which extended well into the 18th century. The Early Challenges and the story is very intelligibly explained, an approach that offers general readers interested in the history of sciences and mathematics a window into the world of these two giants in their field. From the epilogue to the German edition by Eberhard Knobloch, Thomas Sonar has traced the emergence and the escalation of this conflict which was heightened by Leibniz's rejection of Newton's gravitation theory in a grandiose, excitingly written monograph. With absolute competence he also explains the mathematical context so that non-mathematicians will also profit from the book. Quod erat demonstrandum.

Challenging Perspectives on the Gospel of John John Lierman, 2006 This book had its genesis at a conference held in Cambridge. Preface.

The Priority of Christ Robert Barron, 2016-02-23 A Major Statement on Christology from Bishop Robert Barron. For a long time Christians have tried to bridge the divide between Christianity and secular liberalism with philosophy and theology. Bishop Robert Barron shows that the answer to this debate and the way to move forward lies in Jesus. Barron transcends the usual liberal, conservative or Protestant-Catholic divides with a postliberal Catholicism that brings the focus back on Jesus as revealed in the New Testament narratives. Barron's classical Catholic postliberalism will be of interest to a broad audience including not only the academic community but also preachers and general readers interested in entering the dialogue between Catholicism and postliberalism. The hardcover edition includes a new preface by the author. Praise for *The Priority of Christ*: Barron's wonderful book *The Priority of Christ* brings postliberalism back to its Catholic home. A downright lovely book written with a kind of winsome literary flair that exhibits the inviting clarity of a master teacher. Highly recommended. James K. A. Smith, Religious Studies Review. The book is

full of gems worthy of hours of contemplation Mark G Boyer The Priest **John Rawls: Principles of justice I** Chandran Kukathas,2002 **The Priority of Propositions. A Pragmatist Philosophy of Logic** María José Frápolli,2023-02-22 This monograph is a defence of the Fregean take on logic The author argues that Frege s projects in logic and philosophy of language are essentially connected and that the formalist shift produced by the work of Peano Boole and Schroeder and continued by Hilbert and Tarski is completely alien to Frege s approach in the Begriffsschrift A central thesis of the book is that judgeable contents i e propositions are the primary bearers of logical properties which makes logic embedded in our conceptual system This approach allows coherent and correct definitions of logical constants logical consequence and truth and connects their use to the practices of rational agents in science and everyday life The Priority of Worship Greg Dixon,2021-09-03 The Priority of Worship will enable Christians to enter into worship every day with fresh ideas and approaches You will discover the proper attitudes we must have before and during worship Then acts of worship will give you the tools you need to worship effectively Finally you will be able to acknowledge the many attributes of God that enable us to worship Him more You will learn how to effectively use music songs and the Psalms in your daily worship Finally you learn whom we worship when we worship and how to worship For Christians who wants to make the most of their relationship with God worship must become priority **John Rawls** David A. Reidy,2017-05-15 Taken together the articles collected in this volume offer readers a reliable illuminating up to date and comprehensive introduction to both the political philosophy of John Rawls and the most significant of the scholarly debates it has generated and is likely to generate in coming years Thoughtfully selected and introduced by David Reidy they establish the structure depth fecundity and appeal as well as the potentially significant defects of Rawls thought The volume represents an invaluable resource for both students and scholars of Rawls or contemporary political philosophy *Philosophical Hermeneutics and the Priority of Questions in Religions* Nathan Eric Dickman,2022-02-24 Buddhas gods prophets and oracles are often depicted as asking questions But what are we to understand when Jesus asks Who do you say that I am or Mazu the Classical Zen master asks Why do you seek outside Is their questioning a power or weakness Is it something human beings are only capable of due to our finitude Is there any kind of question that is a power Focusing on three case studies of questions in divine discourse on the level of story the god depicted in the Jewish Bible the master Mazu in his recorded sayings literature and Jesus as he is depicted in canonized Christian Gospels Nathan Eric Dickman meditates on human responses to divine questions He considers the purpose of interreligious dialogue and the provocative kind of questions that seem to purposefully decenter us drawing on methods from confessionally oriented hermeneutics and skills from critical thinking He allows us to see alternative ways of interpreting religious texts through approaches that look beyond reading a text for the improvement of our own religion or for access to some metaphysically transcendent reality This is the first step in a phenomenology of religions that is inclusive diverse relevant and grounded in the world we live in John Rawls: Political liberalism and the law of peoples John Rawls,2002

The Relationship Between John the Baptist and Jesus of Nazareth Daniel S. Dapaah, 2005-02-17 What was Jesus relationship with John the Baptist Did Jesus baptize people like John Where did Christian baptism come from In this book Dr Dapaah looks at these and other important questions coming up with some intriguing answers His well written work offers thought provoking insights into the questions of the historical Jesus and I very warmly commend it David Wenham Dean and Lecturer Wycliffe Hall Oxford University

Designs for the Church in the Gospel of John R. Alan Culpepper, 2021-07-16 The essays in this volume which span four decades represent sustained reflection on the historical setting narrative devices and theology of the Gospel of John Methodologically the essays develop a narrative critical approach to the Gospel producing insights that have implications for historical and theological issues Thematically many of the essays explore the Gospel s ecclesiology especially its vision for the church and its mission As a collection this volume provides an introduction to the Fourth Gospel analyses of major issues including John s anti Judaism relationship to 1 John irony imagery creation ethics evil and eschatology and in depth exploration of key texts especially John 1 1 18 2 20 4 35 38 5 1 18 5 21 30 10 1 18 12 12 15 13 1 20 19 16 30 20 19 23 and chapter 21

John Rawls Catherine Audard, 2014-12-05 John Rawls 1921 2002 is one of the most influential thinkers of the twentieth century Contemporary political philosophy has been reshaped by his seminal ideas and most current work in the discipline is a response to them This book introduces his central ideas and examines their contribution to contemporary political thought In the first part of the book Catherine Audard focuses on Rawls conception of political and social justice and its justification as presented in his groundbreaking *A Theory of Justice* This includes sustained examination of Rawls moral philosophy and its core thesis the primacy of justice the complex relation between Rawls views and utilitarianism and his most famous concept the Original Position Device In the second half of the book Audard explores Rawls more practical concerns for stability and political consensus citizenship and international justice and shows the continuity between these concerns and his earlier work Throughout Audard contextualizes Rawls ideas by giving a sense of their historical development which underlines the intellectual cohesion of his thought The move between ethics and politics so characteristic of Rawls work and which makes for the richness of his philosophy is shown to also create for it significant problems John Rawls combines clear exposition with insightful analysis and provides an interpretative and critical framework that will help shape ongoing debates surrounding Rawls work

Jesus and Christian Origins Ben Wiebe, 2019-02-26 There has been a varied range of studies on Jesus Though now it seems there is a pause and perhaps opening to new orientation with the aim not simply to cover old ground or repeat past mistakes This is a study of Jesus and Christian origins with a primary focus on the Gospels There have been comprehensive and important contributions like N T Wright s *The New Testament and the People of God* At the same time more defined studies have appeared The purpose here is not to develop particular New Testament themes as such Rather in this volume the writers take up Gospel related topics in the context of the early church in order to illuminate specific baselines for New Testament interpretation and to discern directions toward a

new paradigm There is much to do The need to take account of reception history and so of the external evidence for the New Testament documents also eyewitness and oral tradition as embodied in the Gospel accounts The genre of the Gospels with reference to biography or history has its own importance The reception and authority of the Gospels in the early church marks another baseline Jesus in his Jewish context and in relation to emerging Christianity is also a critical baseline for interpretation *The Prophetic Critique of the Priority of the Cult* Theresa V. Lafferty, 2012-04-09 When Jesus overturned the carts of the merchants in the temple he was just the latest in a long line of people who decried the activities that took place there To understand his actions better one must go back in history to the eighth century BCE to the first two prophets to criticize the temple cult Amos and Isaiah Their criticism of all worship activities came as a result of the people setting wrong priorities in their lives What happens in the temple should extend into regular everyday activities in the home in the market in business dealings at work and at the city gate Amos and Isaiah present similar oracles that address the prioritization of worship over real life This book looks closely at their oracles comparing and contrasting them and analyzes what they were trying to teach the people
