The Problem Of History In Mark And Other Marcan Studies:

Introduction to the New Testament Helmut Koester, 1995 This work has established itself as a classical text in the field of New Testament studies Written in a readable non technical style it has become an indispensable textbook and reference for teachers students clergy and the educated layperson interested in a scholarly treatment of the New Testament and its background in the Judaic and Greco Roman world *The Problem of History in Mark* James McConkey Robinson, 1957 **The Problem of History in Mark** James Robinson, 2010-09-01 A collection of essays on political issues examining the interplay between religion and politics with emphasis on American faith communities rooted in biblical tradition The Oral and the Written Gospel Werner H. Kelber, 1997-11-22 Spoken words process knowledge differently from writing What happens when speech turns into text In reappraising literary scholars propensity to trace Jesus sayings back to the assumed original version the author argues that in the oral medium each rendition of a saying is the original Orality works with multiple originals rather than with single originality In what may be the most extraordinary thesis of the book Kelber argues that the written gospel is related less by evolutionary progression than by contradiction to what preceded it The Disciples According to Mark C. Clifton Black, 2012-12-13 Redaction criticism attempts to identify biblical authors theological interests by examining their adaptation of sources Focusing on representative studies of Jesus disciples in the Gospel of Mark this pioneering book by C Clifton Black has become the standard evaluation of that method s exegetical reliability Comprehensively reviewing recent scholarship Black identifies three distinctive types of redaction criticism in Markan interpretation He demonstrates that diverse redaction critical interpretations of the disciples in Mark have bolstered rather than controlled scholarly presuppositions to a degree that impugns the method s reliability for interpreting Mark The book concludes by assessing redaction criticism s usefulness and offering a more balanced approach to Mark s interpretation This second edition includes a substantial detailed afterword that revisits the book s primary issues converses with its critics and provides an update of Markan scholarship over the past twenty five years **The Function of Exorcism Stories in Mark's Gospel** Andreas Hauw, 2019-05-29 This book investigates stories of Jesus exorcisms in the Gospel of Mark The story of Jesus first public ministry in the synagogue Mark 1 21 28 and the Beelzebul controversy story 3 20 30 are examined to understand the other acts of exorcism that Jesus performed 5 1 20 7 24 30 9 14 32 Both Mark 1 21 28 and 3 20 30 highlight Jesus as a teacher and as an eschatological exorcist The latter stresses Jesus own understanding of exorcism and relates his identity with that of the Holy Spirit Therefore the first two exorcism stories in Mark s Gospel confirm Jesus as the bearer of the kingdom of God The motif of discipleship which is evident in both stories contributes to delineating Jesus christological identity as the Son of God as indicated by the incipit of Mark s Gospel Mark 1 1 Markan exorcism stories in Mark 5 1 20 7 24 30 and 9 14 29 further develop the presentation of Jesus exorcisms and other primary motifs The motifs of authority identity and mission confirm the christological identity of Jesus within gentile territory and are an important part of his mission to the

gentiles Jesus specific mission in Mark 9 14 29 presents the exorcism that Jesus performed in the context of his role in both death and resurrection In this way Jesus as the bearer of the kingdom of God defeats the kingdom of Beelzebul **The Christology of Mark's Gospel** Jack Dean Kingsbury,1983 This important work represents a major methodological advance in the study of the Gospels The result is a significant reassessment of Mark s Christology and a stunning new interpretation of the secrecy motif **Mark's Other Gospel** Scott G. Brown,2006-01-01 Did the evangelist Mark write two versions of his gospel According to a letter ascribed to Clement of Alexandria Mark created a second more spiritual edition of his gospel for theologically advanced Christians in Alexandria Clement s letter contains two excerpts from this lost gospel including a remarkably different account of the raising of Lazarus Forty five years of cursory investigation have yielded five mutually exclusive paradigms abundant confusion and rumours of forgery Strangely one of the few things upon which most investigators agree is that the letter s own explanation of the origin and purpose of this longer gospel need not be taken seriously Mark s Other Gospel Rethinking Morton Smith s Controversial Discovery calls this pervasive bias into question After thoroughly critiquing the five main paradigms Scott G Brown demonstrates that the gospel excerpts not only sound like Mark but also employ Mark s distinctive literary techniques deepening this gospels theology and elucidating puzzling aspects of its narrative This mystic gospel represents Mark s own response to the Alexandrian predilection to discover the essential truths of a philosophy beneath the literal level of revered texts *The Problem of History in Mark and Other Marcan Studies* James McConkey Robinson,1982 *History and Literature of Early Christianity* Helmut Koester,2012-10-25 This work has established itself as a classical text in the field of New Testament studies Written in a readable non technical style it has become an indispensable textbook and reference for teachers students clergy and the educated layperson interested in a scholarly treatment of the New Testament and its background in the Judaic and Greco Roman world Cynic Sage or Son of God? Gregory A. Boyd,2010-10-01 Not since David Strauss Life of Jesus shook European Christianity to its foundations in the nineteenth century has any scholarly discussion of the historical Jesus made the impact on a popular level that the Jesus Seminar is presently making in America Popular magazines have provided a remarkable amount of space for the Jesus Seminar including Time and Newsweek which made their work cover stories At the forefront of the movement lies the work of John Dominic Crossan and Burton L Mack who have popularized the Jesus as Cynic sage view The growing popularity of this new paradigm should be of significant concern for all who hold to the historic Christian faith To date however no thorough evangelical response has been provided to these revisionist views of the historical Jesus This book is written to fill this void It provides a serious critique of the Cynic thesis accessible to laypeople and of interest to thoughtful observers With interest in the quest for the historical Jesus continuing anew Boyd s Cynic Sage or Son of God provides an orthodox defense of the biblical Jesus *In Search of a Context* Thomas R. Hatina,2002-10-01 In this book the author explores how contexts determine the meaning of embedded scripture texts in the Gospel of Mark Many historical critics base their readings on a

context that is external to Mark's story world be it a reconstructed socio religious setting of the evangelist a Jewish exegetical tradition or some earlier stage in the development of the gospel What is common to these readings is the neglect for the context of the story world the very context in which scripture quotations and allusions are embedded The author proposes a method of reading these embedded texts that is sensitive to the story world though not at the expense of the historical setting in which the gospel was written Jesus announcement in 1:15 concerning the kingdom of God serves as the point of entrance into Mark's story world

Ogletree, 2003-01-01 In this book Thomas Ogletree seeks to establish common ground between biblical understandings and contemporary ethical inquiry Drawing upon phenomenological investigations he criticizes and modifies some of the most prominent conceptions of ethics and moves toward a more coherent and comprehensive ethical theory Guided by this theory he critically engages selected biblical treatments of the moral life placing special emphasis on biblical accounts of eschatology in its import for the ordered life of emerging Christian communities

Women, the Family, and Policy Esther Ngan-ling Chow, Catherine White Berheide, 1994-06-07 The authors highlight how structural circumstances in countries with various degrees of industrialization are associated with specific policies The analyses of women's experiences reveal the variety of ways in which private patriarchy in families combines with public patriarchy in economies and states to create a system of domination which subordinates women The authors detail how

gender is constructed under specific political economic and cultural circumstances and seek to understand how state policies with differing sensitivities to women's issues have produced mixed outcomes for women and their families in the process of economic development

Parabolic Figures or Narrative Fictions? Charles W. Hedrick, 2016-06-10 Hedrick contends that parables do not teach moral and religious lessons they are not in whole or part theological figures for the church Rather parables are realistic narrative fictions that like all effective fiction literature are designed to draw readers into story worlds where they make discoveries about themselves by finding their ideas challenged and subverted or affirmed The parables have endings but not final resolutions because the endings raise new complications for careful readers which require further resolution The narrative contexts and interpretations supplied by the evangelists constitute an attempt by the early church to bring the secular narratives of Jesus under the control of the church's later religious perspectives Each narrative represents a fragment of Jesus's secular vision of reality Finding himself outside the mainstream of parables scholarship both ecclesiastical and critical Hedrick explored a literary approach to the parables in a series of essays that among other things set out the basic rationale for a literary approach to the parables of Jesus These early essays form the central section of the book They are published here in edited form along with unpublished critiques of a thoroughgoing literary approach and his response

The Control of Biblical Meaning George Aichele, 2001-02-01 This provocative book pursues a series of questions associated with canons of the Bible Aichele draws deeply on the insights of poststructuralist literary theory as he pursues these questions He also engages in close readings of specific biblical and nonbiblical texts to demonstrate ways that canon controls the meanings of its texts

The Gospel of John : 2 Volumes Craig S. Keener, 2010-03-01 Keener's commentary explores the Jewish and Greco Roman settings of John more deeply than previous works paying special attention to social historical and rhetorical features of the Gospel It cites about 4 000 different secondary sources and uses over 20 000 references from ancient literature
