THE GREAT CRUSADE AND AFTER

BY PRESTON W. SLOSSON

The Great Crusade And After 1914 1928

Roger E. Bilstein, Roger Bilstein

The Great Crusade And After 1914 1928:

The Great Crusade and After Preston William Slosson,1930 **The Great Crusade and After, 1914-1928** Preston William Slosson,2013-03-01 Bonded Leather binding **A History of American Life** Preston William Slosson,1930 **The Great Crusade and After, 1914-1928, by Preston William Slosson,... With an Editorial Foreword by Arthur M. Schlesinger and Dixon Ryan Fox** Preston William Slosson,Arthur Meier Schlesinger,Dixon Ryan Fox,1946 [The great crusade and after 1914-1928](#) Preston W. Slosson,1971 **A History of American Life** Preston William Slosson,Arthur M. Schlesinger,Dixon Ryan Fox,1930 **Avenues of Faith** Samuel Claude Shepherd,2001-05-15 The first thorough study of organized mainline churches in a major southern American city during the early 20th century **The Ku Klux Klan in the Southwest** Charles C. Alexander,2021-05-11 A study of the career of the KKK and its appeal in Texas Louisiana Oklahoma and Arkansas in the early twentieth century This is a study of a disturbing phenomenon in American society the Ku Klux Klan and that eruption of nativism racism and moral authoritarianism during the 1920s in the four states of the Southwest Texas Louisiana Oklahoma and Arkansas in which the Klan became especially powerful The hooded order is viewed here as a move by frustrated Americans through anonymous acts of terror and violence and later through politics to halt a changing social order and restore familiar orthodox traditions of morality Entering the Southwest during the post World War I period of discontent and disillusion the Klan spread rapidly over the region and by 1922 its tens of thousands of members had made it a potent force in politics Charles C Alexander finds that the Klan in the Southwest however functioned more as vigilantes in meting extra legal punishment to those it deemed moral offenders than as advocates of race and religious prejudice But the vigilante hysteria vanished almost as suddenly as it had appeared opposition to its terrorist excesses and its secret politics led to its decline after 1924 when the Klan failed abysmally in most of its political efforts Especially significant here are the analysis of attitudes which led to this revival of the Klan and the close examination of its internal machinations The Ku Klux Klan is not a single phenomenon It is three different organizations which sprang up three different times for three different reasons Charles Alexander focuses this study and it s a good one on the middle Klan the so called Invisible Empire extending from 1915 to 1944 flourishing in the mid twenties with a membership estimated at 5 million at one time or another dominating to some degree politically every city in the Southwest A forthright and definitive account to be read along with David Chalmers s recent Hooded Americanism for the complete national picture Kirkus Reviews **The Writing of American History** Michael Kraus,Davis D. Joyce,1990-01-01 Events which become historical says Michael Kraus do not live on because of their mere occurrence They survive when writers re create them and thus preserve for posterity their otherwise fleeting existence Paul Revere s ride for example might well have vanished from the records had not Longfellow snatched it from approaching oblivion and given it a dramatic spot in American history Now Revere rides on in spirited passages in our history books In this way the recorder of events becomes almost as important as the events themselves In

other words historiography the study of historians and their particular contributions to the body of historical records must not be ignored by those who seriously wish to understand the past When the first edition of Michael Kraus s Writing of American History was published a reviewer for the New York Herald Tribune wrote No serious study of our national origins and development can afford not to have such an aid at his elbow The book quickly came to be regarded as one of the few truly standard general surveys of American historiography invaluable as a reference book as a textbook and as a highly readable source of information for the interested general reader This new edition with coauthor Davis D Joyce confirms its position as the definitive work in the field Concise yet comprehensive here is an analysis of the writers and writings of American history from the Norse voyages to modern times The book has its roots in Kraus s pioneering History of American History published in 1937 a unique and successful attempt to cover in one volume the entire sweep of American historical activity Kraus revised and updated the book in 1953 when it was published under the present title Now once again the demand for its revision has been met Davis D Joyce with the full cooperation and approval of Kraus has thoroughly revised and brought up to date the text of the 1953 edition The clarity and evenhandedness of Kraus s text has been carefully preserved The last three chapters add entirely new material surveying the massive and complex body of American historical writing since World War II Consensus American Historical Writing in the 1950s Conflict American Historical Writing in the 1960s and Complexity American Historical Writing in the 1970s and Beyond Michael Kraus Professor Emeritus at City College of New York received the Ph D from Columbia University and in his long career established himself as one of America s foremost historiographers Davis D Joyce is Professor Emeritus of History East Central University Ada Oklahoma and is the author of HOWARD ZINN A RADICAL AMERICAN VISION and ALTERNATIVE OKLAHOMA CONTRARIAN VIEWS OF THE SOONER STATE He teaches part time at Rogers State University Claremore Oklahoma Flight Patterns Roger E. Bilstein, Roger Bilstein, 2008-12-01 From 1918 to 1929 American aviation progressed through the pioneering era establishing the pattern of its impact on national security commerce and industry communication travel geography and international relations In America as well as on a global basis society experienced a dramatic transformation from a two dimensional world to a three dimensional one By 1929 aviation was poised at the threshold of a new epoch Covering both military and civil aviation trends Roger Bilstein s study highlights these developments explaining how the pattern of aviation activities in the 1920s is reflected through succeeding decades At the same time the author discusses the social economic and political ramifications of this robust new technology Aviation histories usually pay little attention to aeronautical images as an aspect of popular culture Thoughtful observers of the 1920s such as Stuart Chase and Heywood Broun considered aircraft to be an encouraging example of the new technology workmanlike efficient and graceful perhaps representing a new spirit of international good will Flight Patterns is particularly useful for its discussion of both economic and cultural factors treating them as integrated elements of the evolving air age

Reviewing **The Great Crusade And After 1914 1928**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing. Within the pages of "**The Great Crusade And After 1914 1928**," an enthralling opus penned by a very acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve in to the book is central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
