Esmaili, 2012-02-24 It is the dawning of a new world where a genderless Great One is assumed to know everything humanly possible All that matters is its thoughts It however carries a huge burden It must engage an endless line of seekers one at a time on a mission to examine the nature of humanity A man embraces his first new destiny that radiates compassionate thoughts and questions such as Who do I want to be As he does so he is approached by a beautiful being who immediately envelops him in a complete state of surrender Just as they discover their energetic fusion a bright light appears who offers them a promise that will be fulfilled but only by paying a price As the man moves in time space he eventually joins several companions on a trail to meet the Great One As he finally arrives in the Great Ones presence the man engages in an unforgettable philosophical discussion about life In this futuristic tale that offers a compelling illustration of what an active imagination can truly achieve a man on a quest for the truth explores the vastness of humanity and all it encompasses as he moves through time and space

O Great One! David Novak, 2025-01-07 Rather than explain the power of recognition in a typical business book acclaimed CEO David Novak wrote a fun story that draws on his real world experiences at Pepsi and Yum Brands as well as his personal life When was the last time you told your colleagues how much you value them It sounds like a trivial thing in the middle of a busy work day But as Novak discovered during his years as a hard charging executive there s nothing trivial about recognition It can make a life or death difference to any organization when people see that someone important really notices and appreciates their contributions The story of *O Great One* opens when Jeff Johnson becomes the third generation CEO of his family business after the sudden death of his father The Happy Face Toy Company had many hits in the 1950s and 60s including Crazy Paste but its results have been declining for more than a decade The board has given Jeff just one year to turn the business around or else they ll have to sell it to the highest bidder As Jeff races to save his family s legacy by getting the company back on track he meets downtrodden factory workers and an uninspired executive team Then a birthday gift from his grandson gives Jeff an important insight into why Happy Face lost its culture of innovation and excitement along with its profitability He comes up with an idea that seems crazy But is it crazy enough to work Whether you re trying to lead a small department a Fortune 500 company a non profit or your own family the story and lessons of *O Great One* can help you make everyone around you happier and more effective
