The Great Price Conspiracy:

The Great Price Conspiracy John Herling, 1962 **The Impact of Publicity on Corporate Offenders** Brent Fisse, John Braithwaite, 1984-06-30 Uncertainty surrounds the use of publicity as a means of controlling corporate crime On the one hand some agree with Justice Brandeis's dictum that light is the best of disinfectants the most efficient policeman On the other hand many believe that corporations internal affairs are effectively shrouded with a thick fog that prevents the light of public scrutiny from reaching them The Impact of Publicity on Corporate Offenders is the first study to go beyond the rhetoric through an examination of corporate experience Fisse and Braithwaite have carried out a qualitative inquiry concerning 17 large corporations involved in publicity crises Based mainly on interviews the inquiry includes company employees and former employees union officials officers of government regulatory agencies competitors independent accountants government prosecutors public interest activists judicial officers stockbrokers and other experts Effective Enforcement of the Antitrust Laws United States. collusion between competitors Attention is also paid to the debate surrounding the most adequate approach for vertical agreements which take place between firms operating at different levels of production Their effects on competition have traditionally been one of the most disputed issues in modern antitrust and tend to divide the principal schools of thought that have influenced the evolution of competition policy around the world The articles look primarily at two of the most established antitrust jurisdictions namely the United States and the European Union They discuss the general theoretical framework that has influenced the evolution of the law and policy cover the most relevant practical developments provide contrasting doctrinal views and pay particular attention to the main schools of thought that have influenced antitrust in the US and the EU and are representative of the leading discussions in the course of antitrust history [Congressional Record Index](#) ,1919 Includes history of bills and resolutions
