Earl,2014-09-02 Known around the world for both their skill in combat and their unparalleled ability to survive in harsh unforgiving conditions the Green Berets are among America s greatest soldiers Officially called the U S Army Special Forces the Green Berets work to fight terrorism rescue hostages gather intelligence and defend America s allies abroad Green Berets examines the history of this elite fighting force exploring their training standards and special tactics The book gives readers a detailed look at one of the U S Army s most important assets including How the Green Berets are selected and trained The origin of the berets that U S Army Special Forces wear How the Green Berets served in the early days of the wars in Iraq and Afghanistan *Green Berets in the Vanguard* Chalmers Archer Jr.,2018-09-15 The author of an award winning memoir about growing up black in Mississippi Chalmers Archer turns his attention in this book to his experiences as one of the first members of the U S Army s Special Forces His perspective is unique not only as one of the first to wear the Green Beret but as a black man in the early days of armed forces integration Archer participated in some of the earliest forays into Laos long before Southeast Asia was in American headlines and he was a member of the first U S unit to go into Vietnam He trained the first Special Forces teams of the South Vietnamese army and participated in some of their earliest operations many of them unknown until now because

of their highly classified nature He saved the lives of the first American and Vietnamese soldiers injured in war and also witnessed the first American combat death in Vietnam holding the man in his arms as he died His unit operated alongside the Central Intelligence Agency and helped influence American foreign policy A self described soldier teacher he developed and spread the early gospel of special warfare while serving in the Philippines Hawaii Korea Taiwan and Panama as well as in Southeast Asia All of these activities are fully chronicled in this book but Archer s perspective as an African American in an elite unit of the U S armed forces in the 1950s gives his memoir additional depth and insight It is an uplifting though sometimes harrowing story of struggle in unfamiliar environments and an eye opening account of events little known today

Green Berets Drew Nelson, 2012-01-01 During the early 1950s the Green Berets became an important part of US Army operations They strategically move behind enemy lines to fight terrorism and seek intelligence around the world This book investigates the history of this secret group including its first missions during the Korean War and the intense training that recruits must go through Detailed content and fun sidebars in addition to full color and historical photographs will attract readers and young historians alike
