The Growing Dim Project Life Of Death:

The Growing Dim Project, Life of Death Nicholas A. McGirr, 2005-05 It was one day in October that a family's life would be forever changed. Some could say for the better while others may argue for the worse. Kay Wagner, a registered nurse since 1985, spent most of her professional career in critical care settings. Her love has been in caring for patients in the specialized area of neurology/neurosurgery: those with such disorders as strokes, back and spinal cord injuries, aneurysms, and brain tumors. Never in her wildest dreams could she have imagined that such skills would be put to the test in her own personal life. Her oldest daughter, Kara, would be diagnosed with a brain cyst that was to be surgically treated with a shunt. Acting on her professional instincts as a nurse and more importantly on her gut instincts as a mother, she delves deeper into her daughter's diagnosis and finds that Kara had not only a cyst but a rare malignant brain tumor. Kara's Courage is a heartwarming true story that will take you on a journey of uncertainty, fear, and humbleness as experienced by the author in her forever conflicting roles as a nurse and as a mother from the other side of the stretcher.

The Persephone Myth in Young Adult Fiction Cristina Salcedo González, 2024-12-12 Investigating the widespread but understudied presence of the Persephone myth within 21st-century young adult literature, Cristina Salcedo González analyses six young adult novels which incorporate a reworking of this ancient Greek myth. Through the identification of mythic themes, mythemes, and patterns within these novels, González shows that these works evoke the female life cycle and develop current perceptions of the female maturational experience. As a result, Salcedo González makes an important contribution in establishing the cultural significance of young adult literature in the world of classical reception. These novels, all written by women, also inflect or interpret the myth in ways influenced by their contemporary contexts, specifically the impact of the novels' target readership on the aspects of the myth that are either emphasised (e.g. Persephone's descent into the underworld, her existence there, and her re-ascent) or de-emphasised (e.g. the mourning and wanderings of Demeter). This book makes original methodological contributions through its innovative dual perspective of myth criticism and classical reception to our understanding of the academically neglected genre of young adult literature and the reception of the myth of Persephone. As a result, Salcedo González significantly contributes to establishing the cultural significance of young adult literature within the realm of classical reception.

God in the Whirlwind Tim Ellsworth, 2008 When a powerful EF-4 tornado with winds in excess of 200 miles per hour slammed the Union University campus on February 5, 2008, destroying eighteen dormitory buildings and causing 40 million in damage, the immediate assumption was that dozens, if not hundreds, of lives would have been lost. Miraculously, nobody died, and the next morning major media outlets flocked to Jackson, Tennessee, where Union students and faculty credited God for their survival and got to share their faith with millions worldwide. *God in the Whirlwind* recounts the entire experience through twenty eye-of-the-storm accounts from those who saw the walls and ceilings crashing down upon them and felt their ears pop as the pressure dropped from anxious parents who waited for their child's call and from Union leaders
