The Other Hollywood:

The Other Hollywood Legs McNeil, Jennifer Osborne, Peter Pavia, 2009-06-02 A raucous and revealing oral history of the birth of the adult film industry *The Other Hollywood* peels back the candy coating to let the true story be told by the stars movie makers and other industry players who lived it And what a story it is Through hundreds of original interviews contemporary newspaper accounts police reports court testimony and more Legs McNeil and coauthors Jennifer Osborne and Peter Pavia trace today s billion dollar industry from its makeshift mob connected origins to the Internet age Along the way we encounter porn stars such as Linda Lovelace John Holmes Traci Lords and Savannah along with countless mainstream stars politicians FBI agents and more Epic hilarious and moving *The Other Hollywood* contributes to the porn industry the one thing missing in all previous accounts a vivid tragicomic irresistible humanity

The Other Hollywood Legs McNeil, Jennifer Osborne, Peter Pavia, 2005-02-15 As seen in *Vanity Fair* A rollicking funny raunchy and moving oral history of the adult film industry from *Deep Throat* through today As a recent *New York Times Magazine* cover story pointed out to average Americans the adult film industry is a 10 billion per year business It has infiltrated the American mainstream with its stars showing up as mainstream TV hosts making guest appearances in Hollywood feature films and gracing the CD covers and arms of rock stars and Hollywood actors alike But what most people don t know is how the porn industry got started with a 22 000 Mafia investment in a film called *Deep Throat* or how it mushroomed over the next quarter century despite efforts by politicians the FBI and others to bring it down *The Other Hollywood* tells that story through hundreds of interviews by the people who lived through it In the riveting oral history format that made his first book *Please Kill Me* one of the most memorable accounts of 1970s underground culture Legs McNeil now pulls back the grimy satin sheets on one of the most astounding success stories in the history of American business Careening back and forth between two groups the actresses directors and others who made the films and the shady underworld figures who financed them *The Other Hollywood* offers scores of never before told stories all in the voices of those who lived them Witty always compelling and ultimately moving *The Other Hollywood* is a Hollywood Babylon for today

Other Hollywood Renaissance Lennard Dominic Lennard, 2020-09-09 In the late 1960s the collapse of the classic Hollywood studio system led in part and for less than a decade to a production trend heavily influenced by the international art cinema Reflecting a new self consciousness in the US about the national film patrimony this period is known as the Hollywood Renaissance However critical study of the period is generally associated with its so called principal auteurs slighting a number of established and emerging directors who were responsible for many of the era s most innovative and artistically successful releases With contributions from leading film scholars this book provides a revisionist account of this creative resurgence by discussing and memorializing twenty four directors of note who have not yet been given a proper place in the larger history of the period Including filmmakers such as Hal Ashby John Frankenheimer Mike Nichols and Joan Micklin Silver this more expansive approach to the auteurism of the

late 1960s and 1970s seems not only appropriate but pressing a necessary element of the re evaluation of Hollywood with which cinema studies has been preoccupied under the challenges posed by the emergence and flourishing of new media

Hollywood's Representations of the Sino-Tibetan Conflict J. Daccache,B. Valeriano,2012-12-05 Using film as a lens though which we can witness the global transformations in politics economy culture and communication this book analyzes Hollywood s shift in its depictions of China and Tibet *Hollywood's Babylon Women* John Austin,1994 Bizarre inside stories of Hollywood s most beautiful women who were doomed for death Hollywood s Babylon Women takes the reader behind closed doors and beyond the official reports of law enforcement agencies and studio public relations departments to reveal the sordid romantic sexual political and financial factors behind these tragedies Photos *Hollywood's New Yorker* Marc Raymond,2013-04-01 A fresh look at the director s career *Hollywood's America* Stephen P Powers,2018-02-19 American motion pictures still dominate the world market with an impact that is difficult to measure Their role in American culture has been a powerful one since the 1930s and is a hallmark of our culture today Though much has been written about the film industry there has been very little systematic attention paid to the ideology of its creative elite How does the outlook of that elite impact on the portrayals of America that appear on the screen How do their views interact with the demands of the market and the structure of the industry to determine the product that is seen by mass audiences Hollywood s America is a marvellously rich and careful discussion of these questions It combines a meticulous systematic content analysis of fifty years of top grossing films with a history of the changing structure of the industry To that mixture it adds an in depth survey of Hollywood s creative elite comparing them to other leadership groups The result is a balanced discussion of unique breadth and depth on a subject of national importance Placing the film industry in the context of American society as a whole the authors point out that Hollywood s creative leadership impacts the larger society even as it is influenced by that society The creators of films cannot remove themselves too far from the values of the audiences that they serve However the fact that films are made by a relatively small number of people who as the authors demonstrate tend to share a common outlook means that over time motion pictures have had an undeniable impact on the beliefs lifestyles and action of Americans This study contributes to the debate over the role and influence of those who create and distribute the products of mass culture in the United States The book also contains a devastating critique of the poststructuralist theories that currently dominate academic film criticism demonstrating how they fail in their attempt to explain the political significance of motion pictures
