The Politics Of Property Labor Freedom And Belonging:

The Politics of Property Laura Brace, 2004-09-18 This book offers a theory of property that takes into account current debates about gender slavery and colonialism It introduces property as a contested concept and explores how that contestability is played out in political debates between thinkers across ideologies and in political practice Analyzing the key debates Brace illustrates how private property has been caught up with ideas of labor freedom and belonging and has informed the development of liberalism socialism and conservatism as well as the construction of class gender and race While examining the works of Locke Winstanley Godwin Bentham Hegel and Marx this book focuses on the idea of property as a site of struggle and as a means of connecting individuals to civil society and the state It offers valuable insights into the ways in which ideas about property influence political ideologies thought and practice **The Logic of Innovation** Johanna Gibson, 2016-03-03 The Logic of Innovation examines not merely the supposed problem of the efficacy and relevance of intellectual property and the nature of innovation and creativity in a digital environment but also the very circumstances of that inquiry itself Social life has itself become a sphere of production but how might that be understood within the cultural and structural transformation of creativity innovation and property Through a highly original interlocutory and therapeutic approach to the issues in play the author addresses the concepts of innovation and the digital by means of an investigation through literature and the imagination of new scenarios for language business and legal reform The book undertakes a complex inquiry into innovation and property through the wonder of Alice s journeys in Wonderland and through the Looking glass The author presents a new theory of familiar production to account for the kinship that has emerged in both informal and commercial modes of innovation and foregrounds the value of use as crucial to the articulation of intellectual property within contemporary models of production and commercialization in the digital **Colonial Lives of Property** Brenna Bhandar, 2018-05-03 In Colonial Lives of Property Brenna Bhandar examines how modern property law contributes to the formation of racial subjects in settler colonies and to the development of racial capitalism Examining both historical cases and ongoing processes of settler colonialism in Canada Australia and Israel and Palestine Bhandar shows how the colonial appropriation of indigenous lands depends upon ideologies of European racial superiority as well as upon legal narratives that equate civilized life with English concepts of property In this way property law legitimates and rationalizes settler colonial practices while it racializes those deemed unfit to own property The solution to these enduring racial and economic inequities Bhandar demonstrates requires developing a new political imaginary of property in which freedom is connected to shared practices of use and community rather than individual possession **The Politics of Property** Laura Brace, 2004 The concept of property is central to political thought and crucial to understanding the ideas of key political thinkers This book provides an up to date analysis of the idea taking into account current debates about gender slavery and colonialism and introducing property as a contested concept in debates between thinkers across ideologies and in political practice

Analysing key debates in the history of the idea of property the book illustrates the ways in which the concept has informed the development of liberalism socialism and conservatism In addition case studies show the intrinsic links between property as a political concept and issues of gender race and class grounding the theoretical work in real life scenarios Considering the relationship between property and power from a novel viewpoint Laura Brace synthesises thinking from liberal and non liberal traditions feminist critique critical race theory and postcolonialism The book offers an introduction to modern political theory and to key political thinkers as well as to the particular concept of property and will be essential reading in a key area of politics political philosophy and the history of political thought Key Features Places politics of property within context of modern political theory Engages with the work of Locke Winstanley Godwin Bentham Hegel and Marx Covers core themes in political theory the individual and community freedom and authority justice equality the state human nature Uses case studies to illuminate the arguments Includes issues of race gender and class

British Empire and the Literature of Rebellion Sheshalatha Reddy,2017-10-14 This book examines imperial and nationalist discourses surrounding three contemporaneous and unsuccessful mid nineteenth century colonial uprisings against the British Empire the Sepoy Rebellion 1857 in India the Morant Bay Rebellion 1865 in Jamaica and the Fenian Rebellion 1867 in Ireland In reading these three mid century rebellions as flashpoints for the varying yet parallel attempts by imperialist colonialists nationalists and socialists to transform the oppressed colonized worker the subjected laborer into one whose identity is created and limited by labor a laboring subject this book also tracks varying modes of resistance to those attempts in all three colonies In drawing from a range of historical literary and visual sources outside the borders of the Anglophone literary canon this book contends that these texts not only serve as points of engagements with the rebellions but also constitute an archive of oppression and resistance

Property and Dispossession Allan Greer,2018-01-11 Allan Greer examines the processes by which forms of land tenure emerged and natives were dispossessed from the sixteenth to the eighteenth centuries in New France Canada New Spain Mexico and New England By focusing on land territory and property he deploys the concept of property formation to consider the ways in which Europeans and their Euro American descendants remade New World space as they laid claim to the continent s resources extended the reach of empire and established states and jurisdictions for themselves Challenging long held binary assumptions of property as a single entity which various groups did or did not possess Greer highlights the diversity of indigenous and Euro American property systems in the early modern period The book s geographic scope comparative dimension and placement of indigenous people on an equal plane with Europeans makes it unlike any previous study of early colonization and contact in the Americas

Everything is Police Tia Trafford,2024-02-06 How institutional and interpersonal policing have been central to worldmaking Policing is constitutive of colonial modernity normalizing internalizing and legalizing anti Black violence as the ongoing condition for white life and freedom The result Tia Trafford argues here is a situation where we cannot practically experience or even imagine worlds free from policing From the

plantation to the prison global apartheid and pandemic control this book examines why and how policing has become the most ingrained commonsense and insidious way of managing our world *Citizenship, Migrant Activism and the Politics of Movement* Peter Nyers, Kim Rygiel, 2012-02-13 Migration is an inescapable issue in the public debates and political agendas of Western countries with refugees and migrants increasingly viewed through the lens of security This book analyses recent shifts in governing global mobility from the perspective of the politics of citizenship utilising an interdisciplinary approach that employs politics sociology anthropology and history Featuring an international group of leading and emerging researchers working on the intersection of migrant politics and citizenship studies this book investigates how restrictions on mobility are not only generating new forms of inequality and social exclusion but also new forms of political activism and citizenship identities The chapters present and discuss the perspectives experiences knowledge and voices of migrants and migrant rights activists in order to better understand the specific strategies tactics and knowledge that politicized non citizen migrant groups produce in their encounters with border controls and security technologies The book focuses the debate of migration security and mobility rights onto grassroots politics and social movements making an important intervention into the fields of migration studies and critical citizenship studies *Citizenship Migrant Activism and the Politics of Movement* will be of interest to students and scholars of migration and security politics globalisation and citizenship studies **Migration, Precarity, and Global Governance** Carl-Ulrik Schierup, Ronaldo Munck, Branka Likić-Brborić, Anders Neergaard, 2015-02-05 Migration Precarity Global Governance explores an understudied but central area within contemporary studies of globalisation and precarisation It relates to the interface between migration global governance and the role of civil society with particular focus on the dilemmas and options of trade unions too often left off the agenda The volume suggests that the trade union movement is undergoing a fundamental debate about revitalisation which could play an important role in terms of the economic political and social integration of migrant workers with implications for the transformation of contemporary societies in general The volume adopts an interdisciplinary and comparative approach emphasizing the complexity of historically grounded social relations It examines international migration as it is impacted by and impacts on globalization social and political struggles and the recurring crisis of capitalism The first part of the book presents five complementary perspectives on the political economy of migration labour and citizenship Part Two offers analyses of the relationship between labour unions and migrant workers Part Three explores the way trade unions migrant organisations and other civil society groupings interact with an incipient global governance regime relating to migration It also examines issues of state and non state actors accountability in relation to human rights claims as well as the impact of the norm of corporate social responsibility **The impact of feminism on political concepts and debates** Georgina Blakeley, Valerie Bryson, 2024-06-04 Many feminists have engaged with the man made concepts and approaches of traditional political analysis to produce an increasingly sophisticated and wide ranging body of thought The starting point of this book is the belief that

such work is not simply something for the girls rather it has profound and complex implications without which our understanding of political processes and ideas would be impoverished This book provides an accessible overview and assessment of the impact of recent feminism by bringing together leading feminist and pro feminist political theorists and analysts to focus on key concepts such as rationality citizenship democracy and democratisation development and empowerment Each chapter takes a malestream concept and examines both the critical debates around it and feminist reactions critiques It then analyses the significance and implications of feminism for the concept considers whether it can simply be extended to include women or whether it should be radically transformed or even abandoned and assesses whether feminist input has become part of the mainstream debate or remains marginalised *Citizenship and its Others* Bridget Anderson, Vanessa Hughes, 2015-11-02 This edited volume analyzes citizenship through attention to its Others revealing the partiality of citizenship's inclusion and claims to equality by defining it as legal status political belonging and membership rights Established and emerging scholars explore the exclusion of migrants welfare claimants women children and others

Making the San Fernando Valley Laura R. Barraclough, 2011 In the first book length scholarly study of the San Fernando Valley home to one third of the population of Los Angeles Laura R Barraclough combines ambitious historical sweep with an on the ground investigation of contemporary life in this iconic western suburb She is particularly intrigued by the Valley's many rural elements such as dirt roads tack and feed stores horse keeping districts citrus groves and movie ranches Far from natural or undeveloped spaces these rural characteristics are she shows the result of deliberate urban planning decisions that have shaped the Valley over the course of more than a hundred years The Valley's entwined history of urban development and rural preservation has real ramifications today for patterns of racial and class inequality and especially for the evolving meaning of whiteness Immersing herself in meetings of homeowners associations equestrian organizations and redistricting committees Barraclough uncovers the racial biases embedded in rhetoric about open space and western heritage The Valley's urban cowboys enjoy exclusive semirural landscapes alongside the opportunities afforded by one of the world's largest cities Despite this enviable position they have at their disposal powerful articulations of both white victimization and with little contradiction color blind politics **The Political Bible in Early Modern England**

Kevin Killeen, 2017 This book explores the Bible as a political document in seventeenth century England revealing how it provided a key language of political debate *Job Security and Temporary Employment Contracts* Mehdi Shabannia Mansour, Kamal Halili Hassan, 2018-06-28 This book discusses the need of a legal protection at national and global levels to address the use of temporary employment contracts by employers Chapter 1 reviews some theories of job security showing how job security issues should be regulated in labour laws to protect workers and also how temporary contracts affect job security Chapter 2 examines legal protection of job security in temporary contract in international contexts where it examines the concept and need for job security and job protection especially for temporary contracts based on three United

Nations instruments namely the Universal Declaration of Human Rights UDHR International Covenant on Civil and Political Rights ICCPR and International Covenant on Economic Social and Cultural Rights ICESCR Chapter 3 studies the ILO standards in relation to job security and temporary contracts as well as those covered by the Philadelphia Declaration and other conventions and recommendations Chapter 4 discusses Islamic jurisprudence on jobs and job security The main aims of this chapter is to provide the framework for protecting workers as a means to enhance job security in the world especially in Islam It discusses Islamic jurisprudence concerning work and job conditions The Islamic precept is based on the Qur'an and Hadith and these sources are used to explain the concept of jobs in Islam In addition this chapter also examines the Cairo Declaration on Human Rights in Islam CDHRI

Revisiting Slavery and Antislavery Laura Brace, Julia O'Connell Davidson, 2018-09-04 Despite growing popular and policy interest in new slavery with contemporary abolitionists calling for action to free an estimated 40 million modern slaves interdisciplinary and theoretical dialogue has been largely missing from scholarship on modern slavery This edited volume will provide a space to reinvigorate the theory and practice of representing slavery and related systems of domination in particular our understandings of the binary between slavery and freedom in different historical and political contexts The book takes a critical approach interrogating the concept of modern slavery by exploring where it has come from and its potential for obscuring and foreclosing new understandings Including contributions from philosophers political theorists sociologists anthropologists and English literature scholars it adds to the emerging critique of the concept of modern slavery through its focus on the connections between the past of Atlantic World slavery the present of contemporary groups whose freedoms are heavily restricted prisoners child labourers in the Global South migrant domestic workers and migrant wives and the futures envisaged by activists struggling against different elements of the systems of domination that Atlantic World slavery relied upon and spawned Revisiting Slavery Antislavery will be of indispensable value to scholars students policy makers and activists in the fields of human rights modern history international politics social policy sociology and global inequality

The Oxford Handbook of Law and Humanities Simon Stern, Maksymilian Del Mar, Bernadette Meyler, 2019-12-17 How might law matter to the humanities How might the humanities matter to law In its approach to both of these questions The Oxford Handbook of Law and Humanities shows how rich a resource the law is for humanistic study as well as how and why the humanities are vital for understanding law Tackling questions of method key themes and concepts and a variety of genres and areas of the law this collection of essays by leading scholars from a variety of disciplines illuminates new questions and articulates an exciting new agenda for scholarship in law and humanities

The Public Nature of Private Property Michael Diamond, 2016-02-24 What exactly is private property Or to ask the question another way what rights to intrude does the public have in what is generally accepted as private property The answer perhaps surprisingly to some is that the public has not only a significant interest in regulating the use of private property but also in defining it and establishing its contour and texture In The Public Nature of

Private Property therefore scholars from the United States and the United Kingdom challenge traditional conceptions of private property while presenting a range of views on both the meaning of private property and on the ability some might say the requirement of the state to regulate it **British Literature and the Life of Institutions** Benjamin Kohlmann,2021 Explores how late Victorian Edwardian and modernist literary texts responded and adapted to institutional change that characterized the emergence of the welfare state and links the development of the institutional forms of the state to the aesthetic forms of literary writing *Mary Wollstonecraft and Feminist Republicanism* Lena Halldenius,2015-10-06 Mary Wollstonecraft is a writer whose work continues to provoke scholarly debate Halldenius explores Wollstonecraft s political philosophy focusing on her treatment of republicanism and independence to propose a new way of reading her work that of a feminist republican The Vanishing Black African Woman: Volume Two Olumide, Yetunde Mercy,2016-10-06 Skin lightening is currently one of the most common forms of potentially harmful body modification practices in the world and African women are among some of the most widely represented users of skin lightening products The overall objective of this book is to provide up to date evidence based recommendations for reducing the global burden of cosmetic skin bleaching and preventing injuries related to skin bleaching in sub Saharan Africa and Africans in diaspora The book aims to offer an appraisal of all relevant literature on cosmetic bleaching practices to date focusing on any key developments identify and address important medical public health issues as well as historical genetic psychosocial cultural behavioural socioeconomic political institutional and environmental determinants provide guideline recommendations that would help attenuate the burden and possibly eliminate the injuries related to skin bleaching discuss potential developments and future directions
