Smith,2021-09-07 Names as Metaphors in Shakespeare s Comedies presents a comprehensive study of names in Shakespeare s comedies Although names are used in daily speech as simple designators often with minimal regard for semantic or phonological suggestiveness their coinage is always based on analogy They are words i e signs borrowed from previous referents and contexts and applied to new referents Thus in the literary use of language names are figurative inventions and have measurable thematic significance they evoke an association of attributes between two or more referents contextualize each work of literature within its time and reflect the artistic development of the writer In the introduction Smith describes the literary use of names as creative choices that show the indebtedness of authors to previous literature as well as their imaginative descriptions etymologically and phonologically of memorable character types and their references to cultural phenomena that make their names meaningful to their contemporary readers and audience This book presents fourteen essays demonstrating the analytical models explained in the introduction These essays focus on Shakespeare s comedies as presented in the First Folio They do not follow the chronological order of their composition instead the individual essays give special attention to differences between the plays that suggest Shakespeare s artistic development including the varied sources of his borrowings the differences between his etymological and phonological coinages the frequency and types of his topical references and his use of epithets and generics This book will appeal to Shakespeare students and scholars at all levels particularly those who are keen on studying his comedies This study will also be relevant for researchers and graduate students interested in onomastics He can be reached at gsmith ewu edu Knowledge and Coordination Daniel B. Klein,2012-01-27 In Knowledge and Coordination Daniel B Klein reexamines the elements of economic liberalism He interprets Hayek s notion of spontaneous order from the aestheticized perspective of a Smithian spectator and addresses issues economists have had surrounding the notion of coordination by distinguishing the ideas of Hayek Ronald Coase and Michael Polanyi from the mutual coordination of Thomas Schelling and game theory

Abject Eroticism in Northern Renaissance Art Yvonne Owens,2020-10-29 Hans Baldung Grien the most famous apprentice and close friend of German artist Albrecht Dürer was known for his unique and highly eroticised images of witches In paintings and woodcut prints he gave powerful visual expression to late medieval tropes and stereotypes such as the poison maiden venomous virgin the Fall of Man death and the maiden and other motifs and eschatological themes which mingled abject and erotic qualities in the female body Yvonne Owens reads these images against the humanist intellectual milieu of Renaissance Germany showing how classical and medieval medicine and natural philosophy interpreted female anatomy as toxic defective and dangerously beguiling She reveals how Hans Baldung exploited this radical polarity to create moralising and titillating portrayals of how monstrous female sexuality victimised men and brought them low Furthermore these images issued from and contributed to the contemporary understanding of witchcraft as a heresy that stemmed from natural feminine defect a concept derived from Aristotle Offering new and provocative interpretations of Hans Baldung s iconic witchcraft imagery this book is essential reading for historians of art culture and gender relations in the late medieval and early modern periods

Romantic Interactions Susan J. Wolfson,2010-10-18 In Romantic Interactions Susan J Wolfson examines how interaction with other authors whether on the bookshelf in the embodied company of someone else writing or in relation to literary celebrity shaped the work of some of the best known and less well known writers in the English language Working across the arc of Long Romanticism from the 1780s to the 1840s this lively study involves writing by women and men in poetry and prose Combining careful readings with sophisticated literary historical and cultural criticism Wolfson reveals how various writers came to define themselves as author The story unfolds not only in deft textual analyses but also by provocatively placing writers in dialogue with what they were reading with one another and with the community of readers and writers their writings helped bring into being Mary Wollstonecraft and Charlotte Smith in the Revolution

Jesting Angels Ken Bazyn, 2015-06-22 All of us ought to be ready to laugh at ourselves wrote theologian Reinhold Niebuhr because all of us are a little funny in our foibles conceits and pretensions Yes to a greater or lesser extent we all belong to Hypocrites Anonymous Laughter helps us to preserve sanity in a crazed world provides the lubrication we so desperately need to deal with irritating people and situations Furthermore it accents our need for humility by pricking the balloons of vain pretension These vivid poems are thick with allusions to literature theology spirituality history and legend They range from sentimental impressions of the Iowa State Fair to a fantasy visit to All Saint s Night in Dublin from musings on the extinct dodo to a whimsical take on the pranks mischievous angels play from a litany of the likely suspects in a murder mystery to a beatnik s view of the ascension In life no doubt we will become the butt of many well deserved jokes As Don Quixote s sidekick Sancho Panza once acknowledged Master I confess that all I need to be a complete ass is a tail Laughter then becomes in the words of Niebuhr a vestibule to the temple of confession
