

The background of the book cover is a classical painting. In the upper left, two cherubs (putti) are shown in flight against a cloudy sky. In the center, the Virgin Mary is depicted seated, wearing a red tunic and a blue mantle, with her hands clasped in prayer. To her right, the Christ Child lies on a white cloth, unclothed except for a red loincloth. In the lower left, a man with long dark hair, likely a saint or prophet, is shown in profile, holding a crown. The overall scene is set in a dark, interior space with a wooden pillar visible on the right.

The Power Of Kings Monarchy And Religion In Europe 1589 1715:

The Power of Kings Paul Kléber Monod, 2001-08-11 This sweeping book explores the profound shift in the way European kings and queens were regarded by their subjects between the Reformation and the Enlightenment Once viewed as godlike beings by 1715 monarchs had come to represent the human visible side of the rational state The author offers new insights into the relations between kings and their subjects and the interplay between monarchy and religion

Legitimizing the Order Hakan T. Karateke, Maurus Reinkowski, 2005-07-01 A dynasty that ruled for more than six centuries certainly developed many strategies to confront legitimacy crises and undertook various endeavors to legitimize their rule After the introduction that establishes a theoretical framework for examining the Ottoman state s legitimacy the present volume deploys into three sections The Well Founded Order deals with the question of how the Ottomans imagined the order of their polity and how they tried to live up to this self representation Religiosity and Orthodoxy turns to the question of religiosity and orthodoxy as defined by Ottoman political theory and how these concepts related to the issue of legitimacy The last section discusses how the Ottoman notions of legitimacy were exposed to criticism discussion or simply to transformations in situations of crisis especially in the 18th and 19th centuries

Staging Authority in Caroline England Jessica Dyson, 2016-04-01 Considering plays by Philip Massinger Richard Brome Ben Jonson John Ford and James Shirley this study addresses the political import of Caroline drama as it engages with contemporary struggles over authority between royal prerogative common law and local custom in seventeenth century England How are these different aspects of law and government constructed and negotiated in plays of the period What did these stagings mean in the increasingly unstable political context of Caroline England Beginning each chapter with a summary of the legal and political debates relevant to the forms of authority contested in the plays of that chapter Jessica Dyson responds to these kinds of questions arguing that drama provides a medium whereby the political and legal debates of the period may be presented to and debated by a wider audience than the more technical contemporary discourses of law could permit In so doing this book transforms our understanding of the Caroline commercial theatre s relationship with legal authority

A Day in a Working Life Gary Westfahl, 2015-04-21 Ideal for high school and college students studying history through the everyday lives of men and women this book offers intriguing information about the jobs that people have held from ancient times to the 21st century This unique book provides detailed studies of more than 300 occupations as they were practiced in 21 historical time periods ranging from prehistory to the present day Each profession is examined in a compelling essay that is specifically written to inform readers about career choices in different times and cultures and is accompanied by a bibliography of additional sources of information sidebars that relate historical issues to present day concerns as well as related historical documents Readers of this work will learn what each profession entailed or entails on a daily basis how one gained entry to the vocation training methods and typical compensation levels for the job The book provides sufficient specific detail to convey a

comprehensive understanding of the experiences benefits and downsides of a given profession Selected accompanying documents further bring history to life by offering honest testimonies from people who actually worked in these occupations or interacted with those in that field The Oxford Handbook of Early Modern Theology, 1600-1800 Ulrich L.

Lehner, Richard A. Muller, A. G. Roeber, 2016 The Oxford Handbook of Early Modern Theology 1600 1800 will offer a comprehensive and reliable introduction to Christian theological literature originating in Western Europe from roughly the end of the French Wars of Religion 1598 to the Congress of Vienna 1815 Using a variety of approaches the contributors examine theology spanning from Bossuet to Jonathan Edwards They review the major forms of early modern theology such as Cartesian scholasticism Enlightenment and early Romanticism sketch the teachings of major theological concepts along with important historical developments introduce the principal practitioners of each kind of theology and delineate their particular theological contributions and stresses and depict the engagement by early modern theologians with other religions or churches such Judaism Islam and the eastern Church Combining contributions from top scholars in the field this will be an invaluable resource for understanding a complex and varied body of research *Majesty and Humanity* Alban K.

Forcione, 2009-01-15 In reinterpreting two of Lope de Vega s plays Forcione places his texts in the context of political and institutional history philosophy theology and art history In doing so he shows how Spanish theatre anticipated the decisive changes in human consciousness that characterized the ascendance of the absolutist state *The Drama of Coronation* Alice Hunt, 2008-09-25 The coronation was and perhaps still is one of the most important ceremonies of a monarch s reign This book examines the five coronations that took place in England between 1509 and 1559 It considers how the sacred rite and its related ceremonies and pageants responded to monarchical and religious change and charts how they were interpreted by contemporary observers Hunt challenges the popular position that has conflated royal ceremony with political propaganda and argues for a deeper understanding of the symbolic complexity of ceremony At the heart of the study is an investigation into the vexed issues of legitimacy and representation which leads Hunt to identify the emergence of an important and fruitful exchange between ceremony and drama This exchange will have significant implications for our understanding both of the period s theatre and of the cultural effects of the Protestant Reformation *Constitutional Moments*, 2024-03-18

Constitution is a rich term in Western political culture encompassing political and juridical doctrine as well as government practices through the ages This volume examines constitutional moments in history those occasions or episodes when significant steps were taken in the definition or redefinition of polities Their actors were writers or politicians rulers or ruled who found inspiration in a distant past or instead looked towards a future to be drawn anew This book sheds light on such moments from Ancient Greece to the present day mostly in Europe but also in the Ottoman world and the Americas thereby uncovering a revealing variety of constitutional thinking and action throughout history Contributors are Jon Arrieta Niall Bond Luc Brisson Peter Cholakov Nora Chonowski Angela De Benedictis F Sinem Eryilmaz Hakon Evju Pablo Fern ndez

Albaladejo Javier Fern ndez Sebasti n Merieke Gebhardt Xavier Gil Mark J Hill Ferenc H rcher Jaska Kainulainen Thomas Lorman Adriana Luna Fabritius Ere Nokkala Brian Kjaer Olesen Andr s Pap Nikola Regent Alberto Mariano Rodr guez Mart nez Pablo S nchez Le n Jos Reis Santos and Ersin Yildiz The Transfigured Kingdom Ernest A. Zitser,2018-09-05 In this richly comparative analysis of late Muscovite and early Imperial court culture Ernest A Zitser provides a corrective to the secular bias of the scholarly literature about the reforms of Peter the Great Zitser demonstrates that the tsar s supposedly secularizing reforms rested on a fundamentally religious conception of his personal political mission In particular Zitser shows that the carnivalesque and often obscene activities of the so called Most Comical All Drunken Council served as a type of Baroque political sacrament a monarchical rite of power that elevated the tsar s person above normal men guaranteed his prerogative over church affairs and bound the participants into a community of believers in his God given authority charisma The author suggests that by implicating Peter s royal priesthood in taboo breaking libertine ceremonies the organizers of such sacred parodies inducted select members of the Russian political elite into a new system of distinctions between nobility and baseness sacrality and profanity tradition and modernity Tracing the ways in which the tsar and his courtiers appropriated aspects of Muscovite and European traditions to suit their needs and aspirations The Transfigured Kingdom offers one of the first discussions of the gendered nature of political power at the court of Russia s self proclaimed Father of the Fatherland and reveals the role of symbolism myth and ritual in shaping political order in early modern Europe

America's Fatal Leap Paul W. Schroeder,2025-02-18 A decisive analytic critique of US foreign policy by one of America s greatest historians America s Fatal Leap deconstructs US geopolitics after the end of the Cold War informed by its author s unsurpassed command of modern history Paul W Schroeder an acclaimed historian of international diplomacy was a conservative and a natural supporter of American leadership in the world But he wrote scathing op eds for the National Interest and the American Conservative about the hubris and moral failings of the War on Terror warning of damaging long range effects on the international system Schroeder compared 9 11 to the assassination in Sarajevo that sparked the First World War insisting that a great power should never give terrorists a war they wanted He wrote with extraordinary prescience months before the US launched its attack on the Taliban of the risks of victory in Afghanistan characterised the war in Iraq as a failed bid for informal empire and called for disimperialism in the Middle East America s Fatal Leap collects Schroeder s remarkable interventions on America s adventurism in the Middle East from the 1991 Gulf War to the Surge of 2007 It includes an Introduction by Perry Anderson author of *US Foreign Policy and Its Thinkers* and *Ever Closer Union*

The Body Royal Mark W. Hamilton,2005-11-01 The present volume seeks to identify the underlying code of meanings about the Israelite king operating in various ways in texts and other artifacts surviving from the culture The focus is upon the living body of the king its anatomical characteristics its constitution through ritual and the conventions concerning its proper self display by the king This study combines careful linguistic and historical critical analysis of the texts considered both

biblical and ancient Near Eastern the latter used comparatively where appropriate with a critical use of contemporary approaches to the study of signs in language objects and movements semiotics in general and the study of the body in particular This book argues that the royal psalms contain a set of officially sanctioned notions about the royal body and its use The king was thought to have an outsized superhuman body owing to his being the son of the deity a status he attained upon his coronation Other texts often from circles outside the royal court significantly altered these notions The king's body was thus for ancient Israelites the locus of reflection on power gender religion and even international relations Through careful historical analysis it is possible to reconstruct the terms of an Iron Age intellectual inquiry that still influences our contemporary world

The Cult of King Charles the Martyr Andrew Lacey, 2003 The first study to deal exclusively with the cult of King Charles the Martyr Charles I as suffering innocent king walking in the footsteps of his Saviour to his own Calvary at Whitehall and the political theology underpinning it taking the story up to 1859

The Royal Touch in Early Modern England Stephen Brogan, 2015 First modern analysis of the custom of the royal touch in the Tudor and Stuart reigns The royal touch was the religious healing ceremony at which the monarch stroked the sores on the face and necks of people who had scrofula in order to heal them in imitation of Christ The rite was practised by all the Tudor and Stuart sovereigns apart from William III reaching its zenith during the Restoration when some 100 000 people were touched by Charles II and James II This book the first devoted to the royal touch for almost a century integrates political religious medical and intellectual history The custom is analysed from above and below the royal touch projected monarchical authority but at the same time the great demand for it created numerous problems for those organising the ceremony The healing rite is situated in the context of a number of early modern debates including the cessation of miracles and the nature of the body politic The book also assesses contemporary attitudes towards the royal touch from belief through ambivalence to scepticism Drawing on a wide range of primary sources including images coins medals and playing cards as well as manuscripts and printed texts it provides an important new perspective on the evolving relationship between politics medicine and sin in sixteenth and seventeenth century England Stephen Brogan is a Visiting Lecturer at Royal Holloway University of London where he teaches early modern history

Transcending Textuality Ariadna García-Bryce, 2011-01-01 Examines the political writings of the seventeenth century Spanish poet Francisco de Quevedo within the context of the social and material practices of spectacle culture Provided by publisher

Historical Dictionary of Baroque Music Joseph P. Swain, 2013-06-06 Although it lies far back running roughly from about 1600 to 1750 the Baroque period is far from forgotten and Baroque music is played widely today as well exercising numerous musicians and attracting rather substantial audiences It experienced the emergence of a new sort of music increasingly secular and increasingly good listening if you will and also the start of opera Some of the Baroque composers appear among the most popular of all time such as Bach Handel and Vivaldi So yes this is a book for researchers but it is also a good book for anyone who enjoys this music The

Historical Dictionary of Baroque Music certainly fills a significant space in the whole sub series on music since it tells us much more not only about the music but also the age that generated it This is done particularly well in an insightful introduction with the flow of events traced by the chronology The dictionary section fills in the missing details with over 400 entries on the most important composers and musicians some of the musical works themselves important places and institutions and a smattering of technical terms The bibliography directs us to further reading

Culture and Politics at the Court of Charles II, 1660-1685 Matthew Jenkinson, 2010 The reconstitution of the royal court in 1660 brought with it the restoration of fears that had been associated with earlier Stuart courts disorder sexual liberty popery and arbitrary government This volume illustrates the ways in which court culture was informed by the heady politics of Britain between 1660 and 1685

Europe's Tragedy Peter H. Wilson, 2009-07-30 The horrific series of conflicts known as the Thirty Years War 1618-48 tore the heart out of Europe killing perhaps a quarter of all Germans and laying waste to whole areas of Central Europe to such a degree that many towns and regions never recovered All the major European powers apart from Russia were heavily involved and while each country started out with rational war aims the fighting rapidly spiralled out of control with great battles giving way to marauding bands of starving soldiers spreading plague and murder The war was both a religious and a political one and it was this tangle of motives that made it impossible to stop Whether motivated by idealism or cynicism everyone drawn into the conflict was destroyed by it At its end a recognizably modern Europe had been created but at a terrible price Peter Wilson's book is a major work the first new history of the war in a generation and a fascinating brilliantly written attempt to explain a compelling series of events Wilson's great strength is in allowing the reader to understand the tragedy of mixed motives that allowed rulers to gamble their countries future with such horrifying results The principal actors in the drama Wallenstein Ferdinand II Gustavus Adolphus Richelieu are all here but so is the experience of the ordinary soldiers and civilians desperately trying to stay alive under impossible circumstances The extraordinary narrative of the war haunted Europe's leaders into the twentieth century comparisons with 1939-45 were entirely appropriate and modern Europe cannot be understood without reference to this dreadful conflict

Early Modern England 1485-1714 Robert Bucholz, Newton Key, 2019-10-23 The new fully updated edition of the popular introduction to the Tudor Stuart period offers fresh scholarship and improved readability Early Modern England 1485-1714 is the market leading introduction to the Tudor Stuart period of English history This accessible and engaging volume enables readers to understand the political religious cultural and socio economic forces that propelled the nation from small feudal state to preeminent world power The authors leading scholars and teachers in the field have designed the text for those with little or no prior knowledge of the subject The book's easy to follow narrative explores the world the English created and inhabited between the 15th and 18th centuries This new edition has been thoroughly updated to reflect the latest scholarship on the subject such as Henry VIII's role in the English Reformation and the use of gendered language by Elizabeth I A new preface

addresses the theme of periodization while revised chapters offer fresh perspectives on proto industrialization in England economic developments in early modern London merchants and adventurers in the Middle East the popular cultural life of ordinary people and more Offering a lively reader friendly narrative of the period this text Offers a wide ranging overview of two and half centuries of English history in one volume Highlights how social and cultural changes affected ordinary English people at various stages of the time period Explores how the Irish Scots and Welsh affected English history Features maps charts genealogies and illustrations throughout the text Includes access to a companion website containing online resources Early Modern England 1485 1714 is an indispensable resource for undergraduate students in early modern England courses as well as students in related fields such as literature and Renaissance studies Deposing Monarchs Cathleen Sarti, 2021-12-30 Deposing Monarchs analyses depositions in Northern Europe between 1500 and 1700 as a type of frequent political conflict which allows to present new ideas on early modern state formation monarchy and the conventions of royal rulership The book revises earlier conceptualizations of depositions as isolated unique events that emerged in the context of national historiographies An examination of the official legitimations of depositions reveals that in times of crisis concepts of tradition rule of law and political consensus are much more influential than the divine right of kings Tracing the similarities and differences of depositions in Northern Europe transnationally and diachronically the book shows monarchical succession as more non linear than previously presumed It offers a transferable model of the different elements needed in depositions such as opposition to the monarch by multiple groups in a realm the need for a convincing rival candidate and a legitimation based on political traditions or religious ideas Furthermore the book bolsters our understanding of authority and rule as a constant process of negotiation adding to recent research on political culture and on the cultural history of politics

Notions of Privacy at Early Modern European Courts Dustin M. Neighbors, Lars Cyril Nørgaard, Elena Woodacre, 2025-10-01 Grand extravagant magnificent scandalous corrupt political personal fractious these are terms often associated with the medieval and early modern courts Moreover the court constituted a forceful nexus in the social world which was central to the legitimacy and authority of rulership As such courts shaped European politics and culture architecture art fashion patronage and cultural exchanges were integral to the spectacle of European courts Researchers have convincingly emphasised the public nature of courtly events procedures and ceremonies Nevertheless court life also involved pockets of privacy which have yet to be systematically addressed This edited collection addresses this lacuna and offers interpretations that urge us to reassess the public nature of European courts Thus the proposed publication will fertilise the grounds for a discussion of the past and future of court studies Indeed the contributions make us reconsider present day understandings of privacy as a stable and uncontested notion

Getting the books **The Power Of Kings Monarchy And Religion In Europe 1589 1715** now is not type of inspiring means. You could not by yourself going behind book accretion or library or borrowing from your contacts to entry them. This is an entirely easy means to specifically get lead by on-line. The Power Of Kings Monarchy And Religion In Europe 1589 1715 Introduction

In today's digital age, the availability of The Power Of Kings Monarchy And Religion In Europe 1589 1715 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Power Of Kings Monarchy And Religion In Europe 1589 1715 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Power Of Kings Monarchy And Religion In Europe 1589 1715 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Power Of Kings Monarchy And Religion In Europe 1589 1715 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Power Of Kings Monarchy And Religion In Europe 1589 1715 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Power Of Kings Monarchy And Religion In Europe 1589 1715 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Power Of Kings Monarchy And

Religion In Europe 1589 1715 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Power Of Kings Monarchy And Religion In Europe 1589 1715 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Power Of Kings Monarchy And Religion In Europe 1589 1715 books and manuals for download and embark on your journey of knowledge?

FAQs About The Power Of Kings Monarchy And Religion In Europe 1589 1715 Books

1. Where can I buy The Power Of Kings Monarchy And Religion In Europe 1589 1715 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
