Mack Braswell, 2012-06. Time and Calendar Decoded has discovered there are glitches in time. Bishop Braswell has successfully decoded time with the discovery that our years are miscalculated; discovering our days of the week are miscalculated as well. Previous calendar researchers and their understanding of time has actually caused time to be viewed as an illusion. The calendar's many mistakes made it hard to calculate the actual calendar time. The book starts by going back to the biblical calendar of Genesis chapter five. Resetting the course of time also required considering the rebirth of Israel as a nation on May 14, 1948, representing the birthday of Abraham and all the patriots. As we go backward in time, we successfully find the actual crucifixion date. When we go back further by thirty-three and a half years, it will show you the actual birth date of Jesus Christ. Do we really know the correct date of Christ's birth? **The Force of Joy** Fred Benzel, 2011-08. The force of joy knows no boundaries. It will defeat stress, discouragement, fear, intimidation, and emotional wounds. Enemies have no defense against the victorious power of joy. The emotional expression revealed in God's word will cause rejoicing, which leads to the release of joy and the dispelling of discouragement. Through joy in the Lord, discouragement becomes hope, weakness becomes strength, and lack becomes abundance. Sickness takes a back seat, and health gets in the driver's seat. Fear flees, and faith soars. Stress dissipates, and peace dominates. There isn't a problem big enough that joy springing forth from the heart can't impact for good. Leave behind the traditional way of achieving victory.
