By Dr. George Webb ... George Webbe, 1705 first (second) of a defence of the Church of England, by a clergyman (H.S.M. Hubert). Henry Samuel M. Hubert, 1841 Godlinesse in Principle and Conversation, a necessary preparative to the world's dissolution, and the escaping of future burnings Thomas VINCENT (M.A., Nonconformist Divine.),1670 Part the First of a Defence of the Church of England, in a series of essays. By a Clergyman CLERGYMAN.,1841 The Christian Counselors's Manual Jay E. Adams, 1986 A companion and seguel volume to Competent to Counsel this volume includes indexes a detailed table of contents and many diagrams and forms all of which make this one of the best reference books for Christian counselors The Rise of Reformed System Jan Van Vliet, 2014-07-08 This work establishes the significance of the thought of Puritan William Ames 1576 1633 in deepening and systematizing established Reformation teaching on Christian doctrine and life in a way that ensured its subsequent development through the early modern period and beyond This book argues that William Ames built on existing but as yet un developed and un codified thought of Reformed and Puritan forerunners to construct an early theological system on the twin pillars of covenant theology and piety In this exciting new work van Vliet expounds Ames covenantal thinking and demonstrates that Ames relocates moral theology from the medieval structures of early virtue based Puritanism to a Reformed framework anchored in the Decalogue This is followed by a demonstration of the confluence of Ames concern for Christian living with similar concerns of seventeenth century Reformed pastors and thinkers in the Dutch Republic of the early modern period s post Reformation world Nadere Reformatie and his influence on early American Jonathan Edwards both directly and through Petrus van Maastricht In this persuasive argument van Vliet radically corrects Amesian historiography which has minimized his influence The Reformed David(s) and the Question of Resistance to Tyranny Nevada Levi DeLapp, 2014-08-28 This study centers on the question how do particular readers read a biblical passage What factors govern each reading DeLapp here attempts to set up a test case for observing how both socio historical and textual

factors play a part in how a person reads a biblical text Using a reception historical methodology he surveys five Reformed authors and their readings of the David and Saul story primarily 1 Sam 24 and 26 From this survey two interrelated phenomena emerge First all the authors find in David an ideal model for civic praxis a Davidic social imaginary Charles Taylor Second despite this primary agreement the authors display two different reading trajectories when discussing David's relationship with Saul Some read the story as showing a persecuted exile who refuses to offer active resistance against a tyrannical monarch Others read the story as exemplifying active defensive resistance against a tyrant To account for this convergence and divergence in the readings DeLapp argues for a two fold conclusion The authors are influenced both by their socio historical contexts and by the shape of the biblical text itself Given a Deuteronomic frame conducive to the social imaginary the paradigmatic narratives of 1 Sam 24 and 26 offer a narrative gap never resolved The story never makes explicit to the reader what David is doing in the wilderness in relation to King Saul As a result the authors fill in the gap in ways that accord with their own socio historical experiences

The Law Unsealed, Or, a Practical Exposition of the Ten Commandments. With a Resolution of Several Momentous Questions and Cases of Conscience James Durham, 1777

Hostility in the House of God Dillon T. Thornton, 2016-07-30 Virtually all scholars acknowledge the presence of opponents in 1 and 2 Timothy but there is considerable disagreement over the identity of these opponents and the author s way of handling them In this volume Thornton provides a critique of a number of extant theories including Gnostic Jewish and proto Montanist identifications and develops a rigorous methodology for unmasking the opponents who appear in these letters He argues that the opponents came from within the Christian community in Ephesus and that their teaching is best described as an erroneous eschatological position that derived from the complexity of Paul's views He also argues that the author of the books of Timothy engaged with the false teachers in significant ways throughout the letters and draws attention to a number of literary and theological maneuvers that were intended to counteract the opponents influence and or to bolster the faithful community s confidence as it struggled against the opponents Thornton s meticulous investigation sheds new light on the hostility that plays such a large part in 1 and 2 Timothy The Practice of self-inquiry. P.V.S. SURYANARAYANA RAJU, 2012-02-09 Self inquiry does not demand any faith nor does it depend on any system of thought or belief It demands integrated awareness and right effort which dissolve self centred illusions limitations and thus bring about the revelation of blissful reality If you really want to help others you must discern your own limitation We must note that self inquiry is not a theology A man protecting himself constantly through such knowledge is obviously not a truth seeker When you want to find something new the mind must be quiet If the mind is crowded filled with the facts and borrowed knowledge they act as the impediment to the new The difficulty for most of us is that the mind i e thought has become so important so predominantly significant that it interferes constantly with anything that may be new with anything that may exist simultaneously with the known Thus borrowed knowledge and learning are impediments for those who would seek for those

who would try to understand that which is beyond thought
