The Prison And The Labyrinth Studies In Calderonian Tragedy:

The Prison and the Labyrinth Gwynne Edwards, 1978 **The Calderonian Stage** Manuel Delgado, 1997 This collection of essays invites the contemporary reader to consider the works of Pedro Calderon de la Barca 1600-81 who became the most important and influential dramatist of the second period of the Spanish Golden Age just as Lope de Vega 1562-1635 was for the preceding generation A follower of Lope in his youth Calderon as a mature playwright developed a drama all of his own a drama that was highly conceptual tightly knit symbolic and in many cases spectacular Calderon's artistry in verbal and visual symbolism made the performance of his works a feast for both the senses and the intellect Until now many of Calderon's critics have focused their attention on how the poetic devices particularly metaphors and symbols appearing in his plays represent his philosophy or his ideas But as some scholars of Spanish Golden Age drama have argued the study of Calderon's theater must take into account not only the literary text but also the physical conditions of the stage the elements used in the representation decor costumes lighting music and the house dynamics at each performance In other words each play must be considered as a composition of the soul and body of poetry and spectacle in which both elements support complement and explain one another in performance This is the task that has been undertaken by the contributors to this volume By focusing on the relationship between text and performance they have highlighted several areas that are often overlooked in traditional text based approaches From different perspectives they show how Calderon gives concrete shape to the concepts and tales from the Bible theology mythology the Corpus Hermeticum emblematic literature philosophy and realities of civic and domestic origin BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Theatre in Spain, 1490-1700* Melveena McKendrick, 1989 This is the first book to examine the rise of Spain's extraordinary national theatre in the sixteenth and seventeenth centuries in all its aspects the commercial theatre the court drama and the Corpus autos the organisation of theatrical life the playhouses themselves and their public the literary and moral controversies and the plays as literary texts The book has been written for students of drama as well as Hispanists Spanish theatre is set in its national and international context Spanish titles and theatrical terms are translated Considerable space has been devoted to the experimental drama of the sixteenth century before Lope de Vega At the core of the book is a highly distinctive successful national theatre which mirrored the energies beliefs and anxieties of a great nation in crisis yet at the same time granted full expression to the individual genius of its greatest exponents Lope de Vega Tirso de Molina and Calderon de la Barca

Calderon: Love Is No Laughing Matter Sean Page, K. Muir, 1986-01-15 Although Calderon's comedy has received rather less attention than the other genres in which he excelled it is widely acknowledged that his comic plays are unrivalled among his contemporaries in terms of plot structure and technical expertise they also explore contemporary issues to an extent which has not been appreciated *Love is no Laughing Matter* is one of the best in which the dramatist casts a sardonic eye on male chauvinism women's education and social snobbery This is the first complete text of the play to be published

since 1650 Spanish text with facing page translation Persephone's Girdle Marcia L. Welles, 2000 A bold gender inflected reinterpretation of secular Spanish texts of the early modern period that focuses on sexual violence as expressive of cultural and political issues Marcia Welles applies her extensive knowledge of Spanish Golden Age literature and her insightful grasp of current literary theory to synthesize a wide range of material into a uniquely engaging and refreshing interpretation of well known texts While the subject of rape and violence has been studied in other European literatures Persephone's Girdle is the first to do so in the field of early modern Spanish literature **Identities in Crisis** Merveena McKendrick, 2002

Three Major Plays Lope de Vega, 1999-01-21 Lope de Vega 1562-1635 widely regarded as the architect of the drama of the Spanish Golden Age was known by his contemporaries as the monster of Nature on account of his creativity as a playwright Claiming to have written more than a thousand plays he created plots and characters notable for their energy inventiveness and dramatic power and which in contrast to French classical drama combine the serious and the comic in their desire to imitate life Fuente Ovejuna based on Spanish history and revealing how tyranny leads to rebellion is perhaps his best known play The Knight from Olmedo is a moving dramatization of impetuous and youthful passion which ends in death Punishment without Revenge Lope's most powerful tragedy centres on the illicit relationship of a young wife with her stepson and the revenge of a dishonoured husband These three plays grouped here in translations which are faithful to the original Spanish vivid and intended for performance embody the very best of Lope's dramatic art ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more **The Positive Image of the Jew in the 'comedia'** Andrew

Herskovits, 2005 Argues contrary to most scholarly opinion that while on the explicit level they are anti Jewish in a covert manner the dramatic works of the Spanish Golden Age present a positive image of the Jews Works by Rojas Cervantes and especially Lope de Vega are shown to have used coded writing and techniques of dissimulation to subvert the dominant anti Jewish ideology of the day embodied in the actions of the Inquisition and in the limpieza de sangre statutes A reason for the indirect approach was that the writers who were influenced by Christian Humanism rather than by any putative Converso origin themselves sought to escape interrogation by the Inquisition One technique used was to replace the Converso by the figure of a persecuted woman or by a biblical legendary or foreign Jew Defending the Jews was an aspect of espousal of justice for all **The Closed Space** Manuel Aguirre, 1990 **Discursive "Renovatio" in Lope de Vega and Calderón** Joachim Küpper, 2017-11-07 This volume presents a new approach to Spanish Baroque drama inspired by Foucauldian discourse archeology whose rare fusion of meticulous philology and ambitious theory will be exciting and fruitful both for specialists of Spanish literature and for anyone invested in the history of European thought Detailed readings are dedicated

to some of the most prominent plays by Lope de Vega and Calder n de la Barca both autos sacramentales *El viaje del alma* *El divino Orfeo* *La lepra de Constantino* and comedias *El castigo sin venganza* *El pr ncipe constante* *El m dico de su honra* The archeological perspective cast on the plays implies an integration of their discourse historical foils from pagan antiquity through the Middle Ages and the Renaissance as well as a discussion of related discourses mainly theological philosophical and historiographical A separate excursus suggests a reconsideration of the common manner in which the discursive relation between the Middle Ages the Renaissance Mannerism and the Baroque is conceptualized [A Star-crossed Golden Age](#) Frederick A.
