Robinson, 1971      **Jesus, Skepticism, and the Problem of History** Zondervan, 2019-10-08 In recent years a number of New Testament scholars engaged in academic historical Jesus studies have concluded that such scholarship cannot yield secure and illuminating conclusions about its subject arguing that the search for a historically authentic Jesus has run aground Jesus Skepticism and the Problem of History brings together a stellar lineup of New Testament scholars who contend that historical Jesus scholarship is far from dead These scholars all find value in using the tools of contemporary historical methods in the study of Jesus and Christian origins While the skeptical use of criteria to fashion a Jesus contrary to the one portrayed in the Gospels is methodologically unsound and theologically unacceptable these criteria properly formulated and applied yield positive results that support the Gospel accounts and the historical narrative in Acts This book presents a nuanced and vitally needed alternative to the skeptical extremes of revisionist Jesus scholarship that on the one hand uses historical methods to call into question the Jesus of the Gospels and on the other denies the possibility of using historical methods to learn about Jesus      Introduction to the New Testament Helmut Koester, 1995 This work has established itself as a classical text in the field of New Testament studies Written in a readable non technical style it has become an indispensable textbook and reference for teachers students clergy and the educated layperson interested in a scholarly treatment of the New Testament and its background in the Judaic and Greco Roman world      *The Disciples According to Mark* Carl Clifton Black, 1989-01-01 Mark's presentation of the disciples is the exegetical focus of this investigation of the validity of the redaction critical method in the interpretation of the Second Gospel From a comprehensive review of recent scholarship Black identifies three distinctive types of redaction critical research in Markan discipleship The contributions of Robert Meye Ernest Best and Theodore Weeden are selected as representative of these types and their

particular assumptions procedures and conclusions are systematically explored Black concludes that the diverse redaction critical interpretations of the disciples in Mark function at the behest not of exegetical method but of the presuppositions of each exegete The value of Markan redaction criticism for controlling interpretative assumptions and generating trustworthy interpretations is seriously impugned A detailed analysis of six recent attempts to refine the use of redaction criticism within Mark bolsters the main argument Black offers an assessment of the benefits and limitations of the redaction critical perspective and of its raison d'être in contemporary Gospel scholarship The volume concludes by proposing a synthetic methodological model for Markan interpretation to which the chastened appreciation of redaction criticism may contribute

*The Oral and the Written Gospel* Werner H. Kelber, 1997-11-22 A tightly argued and comprehensive treatment of an important area of New Testament studies The Christian Century By distinguishing oral from written modes of transmission Kelber skillfully unlocks new doors for biblical interpretation Theology Today What happens when speech turns into text Spoken words operating from mouth to ear process knowledge differently from writing which links the eye to the visible but silent letters on the page Based on this premise Werner Kelber discusses orality and writing and the interaction between the two at strategic points in the early Christian traditions In digressing from conventional literary criticism the book offers new and often startling insights into the origins of Christianity

**Jesus in a World of Colliding Empires, Volume One: Introduction and Mark 1:1--8:29** Mark J. Keown, 2018-03-20 At the time of Christ world politics was an ebb and flow of colliding empires and forces The world knew only dynastic succession and rule by force Israel was swept up in this world Her expectations of deliverance while diverse had in common the anticipation of violent liberation by an alliance of God the expected one Theo and Israel's forces Her vision included the subjugation of the world to Yahweh Any messianic claimant would be expected to fulfill this hope Mark's story of Jesus must be read against such expectations of military power Mark knows that Jesus' plan of salvation differed radically from this Rather than liberation through revolution it involved deliverance through humble loving service and cross bearing However the disciples follow Jesus but do not understand Jesus' purpose They constantly expect war So the Gospel is then read from Mark's full understanding and the disciples' flawed perspective In volume two of *Jesus in a World of Colliding Empires* Keown continues to unpack Mark's Gospel 8:30-16:8 in which Jesus teaches the disciples what it means to be a Servant Messiah rather than a military conqueror The then draws a range of conclusions and applications from Mark for life today

**Apocalyptic Imagination in the Gospel of Mark** Elizabeth E. Shively, 2012-08-31 This narrative study uses Mark 3:22-30 as an interpretive lens to show that the Gospel of Mark has a thoroughly apocalyptic outlook That is Mark 3:22-30 constructs a symbolic world that shapes the Gospel's literary and theological logic Mark utilizes apocalyptic discourse portraying the Spirit-filled Jesus in a struggle against Satan to establish the kingdom of God by liberating people to form a community that does God's will This discourse develops throughout the narrative by means of repetition and variation functioning rhetorically to persuade the reader that God

manifests power out of suffering rejection and death This book fits among literary studies that focus on Mark as a unified narrative and rhetorical composition and uses narrative analysis as a key tool While narrative approaches to Mark generally offer non apocalyptic readings this study clarifies the symbols metaphors and themes of Mark 3 22 30 in light of the religious and social context in which the Gospel was produced in order to understand Mark s persuasive aims towards the reader Accordingly a comparative analysis of Jewish apocalyptic literature informs the use of Mark 3 22 30 as a paradigm for the Gospel Mark (2) W.R. Telford,2004-01-30 Originally published as part of the acclaimed Sheffield Guides series this helpful study guide is designed to meet the needs of students and general readers in a concise accessible and affordable format The complete set of books will offer a comprehensive introduction to the Bible and related writings Each study guide comprises An Introduction to the content and message of the particular book A survey of the significant critical issues An assesment of recent scholarship Signposts towards major critical works in the area Annotated bibliographies T T Clark Study Guides are written by some of the world s greatest biblical scholars each of whom draws on their extensive teaching experience to make their subject come alive for all who are approaching biblical studies for the first time *The Problem of History in Mark and Other Marcan Studies* James McConkey Robinson,1982 *St. Mark's Unique Gospel* O. M. Rao,1999

**The Fourth Gospel in Four Dimensions** D. Moody Smith, Jr.,2021-04-28 Compelling perspectives on the Gospel of John from a premiere scholar of the subject This multidimensional volume from the leading American scholar of Johannine studies brings together D Moody Smith s germinal works from the past two decades along with some original articles published here for the first time The resulting collection augments current understanding of the Gospel of John with fresh insights and research and points the way toward opportunities for new inquiry The collection is structured around four focal issues that define contemporary studies of John In the first section Smith places the book within its Jewish milieu attempting to account for the tension between the work s seeming anti Jewishness and its familiarity with Jewish life and thought Next Smith engages the relationship between John and the historical figure of Jesus especially the extent to which John s representation of Jesus reflects knowledge of independent traditions as well as the self consciousness of his own community The third section examines John s account against the Synoptic Gospels assessing the evidence of John s access to an independent record of the passion and the possibility that John adopted the gospel genre from Mark Finally Smith explores how the Gospels and especially that of John evolved into scripture and how they have come to be interpreted in conjunction with one another

**History and Literature of Early Christianity** Helmut Koester,2012-10-25 This work has established itself as a classical text in the field of New Testament studies Written in a readable non technical style it has become an indispensable textbook and reference for teachers students clergy and the educated layperson interested in a scholarly treatment of the New Testament and its background in the Judaic and Greco Roman world **A History of Codex Bezae's Text in the Gospel of Mark** Peter E. Lorenz,2021-11-08 As the principal Greek witness of the so called Western tradition of

the gospels and Acts Codex Bezae's enigmatic text in parallel Greek and Latin columns presents a persistent problem of New Testament textual criticism. The present study challenges the traditional view that this text represents a vivid retelling of the canonical narratives cited by ancient writers from Justin Martyr to Marcion and translated early into Syriac and Latin.

PUSSY, FEMINISM AND THE MARK OF WOMEN IN THE HISTORY OF MANKIND. Jose Alexander Jaime

Portillo, 2024-03-14 In the olden days a foremother laid the world for her two tandem youngsters conveying mankind's posterity and the earliest blueprint of gender's code of behavior. First one firmly stands on the ground possessing the rock-hard value of bravery, constantly innovating brainpower and a resilient spirit of a warrior fully equipped to sculpt the world all in his vision and will. She named it Man. Along with the same blood, a woman gripping the symbolic power of alluring beauty, no man can resist. The only entity capacitated to conceive and nurture life. A man is held incomplete without her pacifying elixir and absolute love. A wise and a loving mother put them altogether in a world where the only and top mission is to let love prevail at all cost, maintaining harmony, peace, and balance.
