to the investigation of his movement we must accept this as a physical fact But can any one doubt to day that all the millions of individuals and all innumerable types and characters constitute an entirety a unit Though free to think and act we are held together like the stars in the firmament with ties inseparable These ties we cannot see but we can feel them I cut myself in the finger and it pains me this finger is a part of me I see a friend hurt and it hurts me too my friend and I are one And now I see stricken down an enemy a lump of matter which of all the lumps of matter in the universe I care least for and still it grieves me Does this not prove that each of us is only a part of a whole Solving the Problem of Increasing Human Energy Nikola Tesla, 2012-09-14 The Problem of
