Skadden Legal Power Money And The Rise Of A Empire:

Skadden Lincoln Caplan, 1994-10-30 In this unprecedented look at the culture of American lawyering Lincoln Caplan shows us Skadden's origins in the white shoe postwar legal world and its rise to preeminence in the era of Drexel Burnham Lambert the firm's largest client in the eighties Skadden is revealed as a place that prizes opportunists but which also created a 10 million program to support public interest lawyers In Caplan's probing and even handed account the story of Joe Flom's firm illuminates an era in America business and society Caplan's inside insights are fascinating It is as if we get not only one of L A Law's best episodes but also a lot of what is usually left on the cutting room floor Booklist **New York Magazine**, 1993-11-15 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **ABA Journal**, 1993-12 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **Bloodsport** Robert Teitelman, 2016-04-05 Bloodsport is the story of how the mania for corporate deals and mergers all began how power lawyers Joe Flom and Marty Lipton major Wall Street players Felix Rohatyn and Bruce Wasserstein prominent jurists and shrewd ideologues provided the energy that drove the corporate elite into a less cozy Hobbesian world with total dollar volume in the trillions Four questions whose force remains undiminished Are shareholders the owners Should control be exerted by autonomous CEOs or is that illegitimate and inefficient Is the primary purpose of corporations to generate jobs and create prosperity for the masses and the nation or is it simply to maximize the wealth of shareholders A Question Of Intent David Kessler, 2002-03-21 Tobacco companies had been protecting their turf for decades They had congressmen in their pocket They had corrupt scientists who made excuses about nicotine cancer and addiction They had hordes of lawyers to threaten anyone inside the industry or out who posed a problem They had a whole lot of money to spend And they were good at getting people to do what they wanted them to do After all they had already convinced millions of Americans to take up an addictive unhealthy and potentially deadly habit David Kessler didn't care about all that In this book he tells for the first time the thrilling detective story of how the underdog FDA while safeguarding the nation's food drugs and blood supply finally decided to take on one of the world's most powerful opponents and how it won Like A Civil Action or And the Band Played On A Question of Intent weaves together science law and fascinating characters to tell an important and often unexpectedly moving story We follow Kessler's team of investigators as they race to find the clues that will allow the FDA to assert jurisdiction over cigarettes while the tobacco companies and their lawyers fight back hard Full of insider information and drama told with wit and animated by its author's moral passion A Question of Intent reads like a Grisham thriller with one

exception everything in it is true **Glass Half Full** Benjamin H.
