Sisters Photographic Portraits An Exhibition:

Sisters Birgitta Ralston, 1989 Fashionability, Exhibition Culture and Gender Politics Meaghan Clarke, 2020-06-11 Fair Women was the Victorian equivalent of a blockbuster exhibition Organised by a committee of women it opened to great fanfare in the Grafton Galleries in London and was comprised of both historical and contemporary portraits of women as well as decorative objects Meaghan Clarke argues that the exhibition challenged contemporary assumptions about the representation of women and the superficiality of female collectors The Fair Women phenomenon complicated gender stereotypes and foregrounded women as cultural arbiters This book uncovers a wide range of texts and images to reveal that Fair Women brought together fashion modernity and gender politics in new and surprising ways It shows that while invariably absent in institutional histories women were vital to the development of the modern blockbuster exhibition This book will be of interest to scholars in art and gender studies museum studies feminist art history women artists and art history Brett: A portrait of Brett Whiteley by his sister Frannie Hopkirk, 2013-02-01 Brett was the sweetest funniest cleverest man I've ever known my confidant and best friend He had a rare radiance an inner certainty which was compelling and hugely attractive Frannie Hopkirk knew Brett Whiteley all his life He was her brother Here for the first time one of those closest to Brett presents a vivid and movingly personal insight into his life and work Throughout their lives despite the sometimes vast geographical distances that separated them brother and sister maintained a strong spiritual connection an unbreakable bond This brave often painfully honest but loving portrait could only have been written by someone who Brett knew and trusted implicitly They were born two years and one week apart into an average to extraordinary middle class family Brett was a streetwise larrikin from the very beginning both a leader and a loner spending hours drawing the harbour from his bedroom window in their Longueville home or plotting all kinds of mischief for his gang Frannie adored her brother and was a willing participant in his chaotic adventures At the time Brett was awarded his travelling art scholarship and left for Europe Frannie married and moved to New Zealand Five years later Frannie was the mother of five and Brett had stepped into the international art scene Staying with Brett and Wendy in New York Frannie had her first taste of the rock n roll generation that held such fascination for Brett and her writing captures the essence of the hip 60s The lives of brother and sister seemed to run on parallel lines and often intersected When the Whiteleys returned to Australia in the 70s Frannie was part of the Lavender Bay scene Throughout Brett's life Frannie watched and celebrated his success as well as sharing his disappointments She also experienced her own joys and tragedies as the mother of a large family in New Zealand then living with her lover in London eventually moving back to Sydney and then to the Central West of NSW a landscape familiar to her and Brett from boarding school This is her story too For Brett Whiteley art and life were intertwined Frannie examines the relationship between her brother's life and art as she discusses Brett's major works and some lesser known paintings and drawings She knew the young man who dreamed of fame as an artist while he sketched the ferries ploughing across Sydney

Harbour She understood when he painted *The American Dream* as a response to the toxic influence of American culture and violence and she shared his devotion and connection to works such as *Alchemy* During the last years of his life Brett relied on Frannie and she became his closest friend As his addiction to heroin deepened and ultimately controlled him she offered him unconditional love Her compassion and understanding set this book apart as a unique and moving account of the life of one of Australia's greatest artists **The Photographic Times**, 1913 **Portrait of a Sister** Laura Bradford, 2018-06-26

Changes within her family force an artistic Amish girl to reconsider her path in life in this coming of age tale by the author of *Her New Story* Katie Beiler has always imagined her life being just like Mamm's It's why she chose baptism and why she'll soon marry Abram Zook But ever since her twin sister Hannah left for an English life the only thing that truly makes Katie smile is her sketchpad In it she indulges her talent for drawing faces a sin that if discovered could get her shunned by her family her friends and even Abram Yet Katie sees her secret pastime as the only way to quiet a growing restlessness she'd just as soon ignore That is until their Mamm's untimely death brings Hannah back home to Pennsylvania with a new outlook on life a man she adores and soon an invitation for Katie to visit her in New York City Suddenly Katie is experiencing a freedom she's never had in a world she never imagined She's also spending time in the company of a fellow dreamer someone who sees her as strong and brave and makes her laugh But it's when Hannah shows Katie's drawings to a gallery owner that she truly finds herself at a crossroads between the only life she's ever known and the powerful lure of an unfamiliar future A charming well told story of love and devotion between sisters New York Times bestselling author Rachel Hauck Kudos to Bradford for a complex and compelling story about faith family and love Sally Kilpatrick author of *Bless Her Heart* *The Art of the Sister Chapel* Andrew Hottle, 2017-07-05 The Sister Chapel 1974-78 was an important collaborative installation that materialized at the height of the women's art movement Conceived as a nonhierarchical secular commemoration of female role models The Sister Chapel consisted of an eighteen foot abstract ceiling that hung above a circular arrangement of eleven monumental canvases each depicting the standing figure of a heroic woman The choice of subject was left entirely to the creator of each work As a result the paintings formed a visually cohesive group without compromising the individuality of the artists Contemporary and historical women deities and conceptual figures were portrayed by distinguished New York painters Alice Neel May Stevens and Sylvia Sleigh as well as their accomplished but less prominent colleagues Among the role models depicted were Artemisia Gentileschi Frida Kahlo Betty Friedan Joan of Arc and a female incarnation of God Although last exhibited in 1980 The Sister Chapel has lingered in the minds of art historians who continue to note its significance as an exemplar of feminist collaboration Based on previously unpublished archival materials and featuring dozens of rarely seen works of art this comprehensive study details the fascinating history of The Sister Chapel its constituent paintings and its ambitious creators *Photographic Times*, 1913 *Lewis Carroll* Lindsay Smith, 2015-10-15 Though he's known now primarily as the author of *Alice's Adventures in Wonderland* in his lifetime Lewis

Carroll was interested at least as much in photography as in writing This book offers a close look at Carroll s engagement with the medium both as a creator and a collector of photographs Lindsay Smith takes readers to the glass studio above Carroll s college rooms at Oxford where he created many of his striking portraits and she also follows him into the field on excursions to the theater in London to the seaside at Eastbourne and even to Russia Smith also details Carroll s enthusiastic work as a collector in which role he arranged portrait sittings for photographers whose work he admired Beautifully illustrated with a generous selection of Carroll s work and that of other photographers of the period this book gives fans of Carroll s writing a new way to understand his creative genius

Deaf Subjects Brenda Jo Brueggemann, 2009-05 In this probing exploration of what it means to be deaf Brenda Brueggemann goes beyond any simple notion of identity politics to explore the very nature of identity itself Looking at a variety of cultural texts she brings her fascination with borders and between places to expose and enrich our understanding of how deafness embodies itself in the world in the visual and in language Taking on the creation of the modern deaf subject Brueggemann ranges from the intersections of gender and deafness in the work of photographers Mary and Frances Allen at the turn of the last century to the state of the field of Deaf Studies at the beginning of our new century She explores the power and potential of American Sign Language wedged as she sees it between letter bound language and visual ways of learning and argues for a rhetorical approach and digital future for ASL literature The narration of deaf lives through writing becomes a pivot around which to imagine how digital media and documentary can be used to convey deaf life stories Finally she expands our notion of diversity within the deaf identity itself takes on the complex relationship between deaf and hearing people and offers compelling illustrations of the intertwined and sometimes knotted nature of individual and collective identities within Deaf culture

Tender Violence Laura Wexler, 2000 Examines the work of such female photojournalists as Alice Austen Jessie Tarbox Beals and Frances Benjamin Johnston arguing that they produced images that helped to reinforce the imperialistic ideals that were forming at the beginning of the 20th century
