Canadians and their environment David T. Ruddel, 1983-01-01 This book provides a brief but sweeping treatment of the history of resource use in Canada Subjects discussed include attitudes of the Native peoples and the colonists towards the environment exploration fishing the fur trade the timber industry mining immigration farming industrialization and

urbanization and the exploitation of resources today Historical illustrations and photographs of artifacts and reconstitutions from the exhibits at the National Museum of Man Ottawa complete the text Published in English **A History of the Native People of Canada** James Vallière Wright, Canadian Museum of Civilization, 1995 This is Part 1 of the third and final volume of A History of the Native People of Canada as revealed by archaeological evidence Over 12 000 years of Native history preceded the arrival of Europeans Due to a markedly increased body of information Volume III had to be divided into two parts which appear as separate books Part 1 treats eastern Canada and the southern Subarctic regions of the Prairie provinces It examines the association of archaeological sites with the Native peoples recorded in European documents and in particular the agricultural revolution pertaining mainly to the Iroquoian people of the Lower Great Lakes and Upper St Lawrence River Cultural developments in other areas of the east and the Canadian Shield essentially retained earlier cultural practices It is hoped that these volumes will contribute to an appreciation of Native history prior to the devastating events initiated by the European occupation of Canada It is further hoped that with the amalgamation of archaeologically based on documentary based human history the impressive cultural heritage of the original occupants of this land will receive the respect and attention it richly deserves Late Palaeo-Indian Great Lakes Lawrence J. Jackson, Andrew Hinshelwood, 2004-01-01 Articles by prominent archaeologists and geological scientists shed new light on the late Palaeo Indian cultures of the Great Lakes during a time of staggering environmental change and challenge as the ice sheets retreated northward The human response to the dramatic environmental upheaval produced unique cultural patterns which we are just beginning to understand Published in English **Western Apache Heritage** Richard J. Perry, 2014-04-21 A reconstruction of Apachean history and culture that sheds much light on the origins dispersions and relationships of Apache groups Mention Apaches and many Anglo Americans picture the marauding savages of western movies or impoverished reservations beset by a host of social problems But like most stereotypes these images distort the complex history and rich cultural heritage of the Apachean peoples who include the Navajo as well as the Western Chiricahua Mescalero Jicarilla Lipan and Kiowa Apaches In this pioneering study Richard Perry synthesizes the findings of anthropology ethnology linguistics archaeology and ethnohistory to reconstruct the Apachean past and offer a fuller understanding of the forces that have shaped modern Apache culture While scholars generally agree that the Apacheans are part of a larger group of Athapaskan speaking peoples who originated in the western Subarctic there are few archaeological remains to prove when where and why those northern cold dwellers migrated to the hot deserts of the American Southwest Using an innovative method of ethnographic reconstruction however Perry hypothesizes that these nomadic hunters were highly adaptable and used to exploiting the resources of a wide range of mountainous habitats When changes in their surroundings forced the ancient Apacheans to expand their food quest it was natural for them to migrate down the mountain corridor formed by the Rocky Mountain chain Perry is the first researcher to attempt such an extensive reconstruction and his study is the first to

deal with the full range of Athapaskan speaking peoples His method will be instructive to students of other cultures who face a similar lack of historical and archaeological data *A History of Canadian Architecture* Harold Kalman,1994
