Surrealism and the Art of Crime Jonathan Paul Eburne, 2008

Corpses mark surrealism's path through the twentieth century providing material evidence of the violence in modern life. Though the shifting group of poets, artists and critics who made up the surrealist movement were witness to total war, revolutionary violence and mass killing, it was the tawdry reality of everyday crime that fascinated them. Jonathan P. Eburne shows us how this focus reveals the relationship between aesthetics and politics in the thought and artwork of the surrealists and establishes their movement as a useful platform for addressing the contemporary problem of violence both individual and political. In a book strikingly illustrated with surrealist artworks and their sometimes gruesome source material, Eburne addresses key individual works by both better known surrealist writers and artists including André Breton, Louis Aragon, Aimé Césaire, Jacques Lacan, Georges Bataille, Max Ernst and Salvador Dalí and lesser known figures such as René Crevel, Simone Breton, Leonora Carrington, Benjamin Peret and Jules Monnerot. For Eburne, the art of crime denotes an array of cultural production including sensationalist journalism, detective mysteries, police blotters, crime scene photos and documents of medical and legal opinion as well as the roman noir. In particular, the first crime novel of the American, Chester Himes. The surrealists collected and scrutinized such materials using them as the inspiration for the outpouring of political tracts, pamphlets and artworks through which they sought to expose the forms of violence perpetrated in the name of the state, its courts and respectable bourgeois values. Concluding with the surrealists' quarrel with the existentialists and their bitter condemnation of France's anticolonial wars, *Surrealism and the Art of Crime* establishes surrealism as a vital element in the intellectual, political and artistic history of the twentieth century.

Surrealism and the Novel, By J.H. Matthews J.H. Matthews, 1969

A History of the Surrealist Novel Anna Watz, 2023-02-16. A History of the Surrealist Novel offers a rich, long and elastic historiography of the surrealist novel, taking into consideration an abundance of texts previously left out of critical accounts. Its twenty thematically organized chapters examine surrealist prose texts written in French, English, Spanish, German, Greek and Japanese from the emergence of the surrealist movement in the 1920s and 1930s through the post-war and postmodern periods and up to the contemporary moment. This approach extends received narratives regarding surrealism's geographical locations and considers its transnational movement and modes of circulation. Moreover, it challenges critical biases that have defined surrealism in predominantly masculine terms and which tie the movement to the interwar or early post-war years. This book will appeal both to scholars and students of surrealism and its legacies, modernist literature and the history of the novel.
