Surrealist Look An Erotics Of Encounter:

The Surrealist Look Mary Ann Caws,1997 The emotional charge Surrealism extended to the objects of its encounter makes itself felt as at least philosophically erotic This charged look determines the atmosphere around the Surrealist text and its encounters in the world of art and the world it made into art In this attempt to make sense of the way Surrealism sees conceals poses and stares at its own self and the selves of others the author examines the decors games portraits transformations and mirrorings that establish Surrealism s links to Baroque forms of representation *Epimethean*

Imaginings Raymond Tallis,2014-09-11 These essays written in the spirit of Goethe s Epimetheus who traces the quick deed to the dim realm of form combining possibilities display the depth and breadth of Tallis s fascination with our lives Whether discussing philosophical hardy perennials like time or a mundane artefact like ink Tallis challenges us to think differently about who we are and why we are The first part of the book Analysis dives into the deep end to explore some of the big questions in philosophy perception knowledge and belief time the relationship between mathematics and reality and probability and causation The middle section Tetchy Interludes takes a wry look at some aspects of contemporary art stupidity including the author s own and Christmas The third part Celebration is more experimental in both its subject matter and treatment It celebrates the complexity of ordinary everyday consciousness by contemplating the miracle of speech artefacts that have transformed our lives and what they reveal about our cognition such as the wheel the sail and ink and snapshots of the author s own consciousness on an ordinary day of past consciousness as captured in historical memory Notwithstanding their diversity in theme and style these essays share the common aim of discovering and celebrating the submerged riches in the quick deeds of our everyday lives and perceptions **Robert Rauschenberg and Surrealism**

Gavin Parkinson,2023-03-23 The art of Robert Rauschenberg 1925 2008 is usually viewed as quite distinct from Surrealism a movement which the artist himself displayed some hostility towards However Rauschenberg had a very positive reception among Surrealists particularly across the period 1959 69 In the face of Rauschenberg s avowals of his own literalism and insistence on his art as facts this book gathers generous evidence of the poetic metaphorical allusive associative and connotative dimensions of the artist s oeuvre as identified by Surrealists and thus extrapolates new readings from Rauschenberg s key works on that basis By viewing Rauschenberg s art against the expansion of the cultural influence of the United States in Europe in the period after the Second World War and the increasingly politicized activities of the Surrealists in the era of the Algerian War of Independence 1954 62 Robert Rauschenberg and Surrealism shows how poetic inference of the artist s work was turned towards political interpretation By analysing Rauschenberg s art in the context of Surrealism and drawing from it new interpretations and perspectives this volume simultaneously situates the Surrealist movement in 1960s American art criticism and history **Screening the City** Tony Fitzmaurice,Mark Shiel,2003 In this provocative collection of essays a diverse selection of films are examined in terms of the relationship between cinema and the changing

urban experience in Europe and the United States since the early 20th century *Scissors, Paper, Stone* Martha Langford, 2007-06-27 Finalist Raymond Klibansky Book Prize Humanities and Social Sciences Federation of Canada 2008 Making a connection between photography and memory is almost automatic Should it be In *Scissors Paper Stone* Martha Langford explores the nature of memory and art She challenges the conventional emphasis on the camera as a tool of perception by arguing that photographic works are products of the mind picturing memory is first and foremost the expression of a mental process Langford organizes the book around the conceit of the child's game scissors paper stone using it to ground her discussion of the tensions between remembering and forgetting the intersection of memory and imagination and the relationship between memory and history *Scissors Paper Stone* explores the great variety of photographic art produced by Canadian artists as expressions of memory Their work including images by Carl Beam Carole Cond and Karl Beveridge Donigan Cumming Stan Denniston Robert Houle Robert Minden Michael Snow Diana Thorneycroft Jeff Wall and Jin me Yoon is presented as part of a rich interdisciplinary study of contemporary photography and how it has shaped modern memory **Charles Henri Ford: Between Modernism and Postmodernism** Alexander Howard, 2017-05-18 The first American surrealist poet a prolific literary editor and a seminal influence on the New York School of poetry Charles Henri Ford was a key figure in the transition from late modernist to postmodern culture in America Charles Henri Ford *Between Modernism and Postmodernism* is the first book length scholarly study of this important literary figure Drawing on new archival research including explorations of Ford's correspondence with the likes of Ezra Pound Gertrude Stein William Carlos Williams Parker Tyler and many others the book explores the full impact of Ford's contribution to 20th century American literary culture **The Exquisite Corpse** Kanta Kochhar-Lindgren, Davis Schneiderman, Tom Denlinger, 2009-12-01 This work addresses historical and contemporary manifestations of poems drawings collages and performance works that employ the ritual of the cadaver exquis **The Drowned Muse** Anne-Gaëlle Saliot, 2015 The *Drowned Muse* is a study of the extraordinary destiny in the history of European culture of an object which could seem at first glance quite ordinary in the history of European culture It tells the story of a mask the cast of a young girl's face entitled *L Inconnue de la Seine* the Unknown Woman of the Seine and its subsequent metamorphoses as a cultural figure Legend has it that the Inconnue drowned herself in Paris at the end of the nineteenth century The forensic scientist tending to her unidentified corpse at the Paris Morgue was supposedly so struck by her allure that he captured in plaster the contours of her face This unknown girl also called The Mona Lisa of Suicide has since become the object of an obsessive interest that started in the late 1890s reached its peak in the 1930s and continues to reverberate today Aby Warburg defines art history as a ghost story for grown ups This study is similarly a ghost story for grown ups narrating the aura of a cultural object that crosses temporal geographical and linguistic frontiers It views the Inconnue as a symptomatic expression of a modern world haunted by the earlier modernity of the nineteenth century It also investigates how the mask's metamorphoses reflect major

shifts in the cultural history of the last two centuries approaching the Iconnue as an entry point to understand a phenomenon characteristic of 20th and 21st century modernity the translatability of media Doing so this study mobilizes discourses surrounding the Inconnue casting them as points of negotiation through which we may consider the modern age

Re-envisioning the Contemporary Art Canon Ruth E Iskin,2016-12-08 Re envisioning the Contemporary Art Canon Perspectives in a Global World seeks to dissect and interrogate the nature of the present day art field which has experienced dramatic shifts in the past 50 years In discussions of the canon of art history the notion of inclusiveness both at the level of rhetoric and as a desired practice is on the rise and gradually replacing talk of exclusion which dominated critiques of the canon up until two decades ago The art field has dramatically if insufficiently changed in the half century since the first protests and critiques of the exclusion of others from the art canon With increased globalization and shifting geopolitics the art field is expanding beyond its Euro American focus as is particularly evident in the large scale international biennales now held all over the globe Are canons and counter canons still relevant Can they be re envisioned rather than merely revised Following an introduction that discusses these issues thirteen newly commissioned essays present case studies of consecration in the contemporary art field and three commissioned discussions present diverse positions on issues of the canon and consecration processes today This volume will be of interest to instructors and students of contemporary art art history and museum and curatorial studies

Women Together/Women Apart Tirza True Latimer,2005-08-24 What does it mean to look like a lesbian Though it remains impossible to conjure a definitive image that captures the breadth of this highly nuanced term today at least we are able to consider an array of visual representations that have been put into circulation by lesbians themselves over the last six or seven decades In the early twentieth century though no notion of lesbianism as a coherent social or cultural identity yet existed In Women Together Women Apart Tirza True Latimer explores the revolutionary period between World War I and World War II when lesbian artists working in Paris began to shape the first visual models that gave lesbians a collective sense of identity and allowed them to recognize each other Flocking to Paris from around the world artists and performers such as Romaine Brooks Claude Cahun Marcel Moore and Suzy Solidor used portraiture to theorize and visualize a new breed of feminine subject The book focuses on problems of feminine and lesbian self representation at a time and place where the rights of women to political professional economic domestic and sexual autonomy had yet to be acknowledged by the law Under such circumstances same sex solidarity and relative independence from men held important political implications Combining gender theory with visual cultural and historical analysis Latimer draws a vivid picture of the impact of sexual politics on the cultural life of Paris during this key period The book also illuminates the far reaching consequences of lesbian portraiture on contemporary constructions of lesbian identity
