Survival And Profit In Rural Java:

Survival and Profit in Rural Java Sven Cederroth,1995 The shift from communalism to individualism in rural Java has had many effects including the creation of a landless class of people expelled from agriculture and the rise of a rural middle class In this work Cederroth aims to examine contemporary changes affecting all strata of rural Javanese society While the focus is primarily on economic change cultural and political questions are also brought into consideration **Household Strategies**

for Survival 1600-2000 Laurence Fontaine,Jürgen Schlumbohm,2000 This book considers the labouring poor not simply as victims but as actively pursuing a whole range of strategies for survival These strategies included many economic activities Building and maintaining networks of kinship and neighbourhood was equally important as was negotiating support from institutions Sometimes strategies were successfully integrated within a household while in other instances the domestic group was split and members preferred to pursue individual strategies This illuminating book examines the European past using case studies from present day situations in Asia and Africa The Java that Never was Hans Antlöv,Jörgen

Hellman,2005 This book is about how cultures and societies on Java over the past century have been perceived and socially constructed by scholars inside and outside of Indonesia It is a reflective book how on the one hand academic theories have shaped our view of Java and on the other hand how the study of Java has influenced theoretical developments within a number of disciplines including anthropology development studies religious studies political science gender studies and the arts **BOOK JACKET Tournaments of Power** Tor Aase,2017-05-15 Thirty years ago modernization theory contended that notions of honor would become obsolete in modern democracies Being an archaic remnant of our pre modern past honor would be substituted by dignity under modern conditions When honor does emerge as a valid social theme in modern society as it sometimes does during court hearings in gang fights and in violent reactions to insult it is often ascribed to immigration from pre modern cultures where honor still matters in social life Thus honor becomes part of the cultural baggage that is transferred to the host country through migration However the fact that highly modern social formations like MC gangs are also obsessed with honor seriously questions the validity of classical modernization theories It seems that honor is not just a pre modern weed in a modern garden of dignity but an integral part of modernity Since honor emerges under pre modern as well as under modern conditions it is relevant to ask under which circumstances it becomes a theme in interaction Blurring the distinction between the modern and the pre modern in this manner allows us to ask what honor is really all about Containing a wealth of international contributions from Scandinavia USA Mexico Kurdistan Indonesia Pakistan Sri Lanka and Japan **Tournaments of Power** provides first hand ethnographic accounts and important answers to these vital questions

Leadership on Java Hans Antlov,Sven Cederroth,2014-04-08 This text examines how leaders on Java rise to power stay in power and pass their power on Most of these essays deal with rural power but a few address more general issues of leadership **Kinship, Honour and Money in Rural Pakistan** Alain Lefebvre,2014-03-05 International migration is

favoured by the governments of many poorer countries despite often well publicized abuses affecting individual migrant workers Not only is local unemployment reduced but also it is expected that the migrants will learn new skills with many even becoming entrepreneurs on their return home Meantime they are seen as a source of foreign remittances providing needed capital for economic development Such is the attitude in Pakistan from where thousands of migrant workers leave every year for the Gulf states especially An anthropological study approaching this issue from a local village level this book focuses on two areas of the Punjab Describing the historical passage of rural life from pre colonial times to the present it shows how the rural economy of the Punjab was not transformed by the green revolution on the contrary it is still a subsistence economy The resulting poverty combined with Pakistan s labour market policies forces many Punjabi men to seek work abroad in turn bringing changes to the economic role of the women left behind Remittances from abroad have brought further changes on the economic and social life of the villages but not as expected to bring economic development let alone capital or entrepreneurialism to the area *Fishing Villages in Tokugawa, Japan* Arne Kalland,1995-01-01 What is more Japan s fishing villages played a significant role in Japan s economic development In particular during the Tokugawa period 1600 1868 they acted as key commercial links between the castle towns and dispersed farming communities **Islam Outside the Arab World** Ingvar Svanberg,David Westerlund,2012-12-06 Today about 85 per cent of the world population of Muslims live in areas outside the Arab world and due to population growth missionary endeavours and migration the number of Muslims in these areas is rising rapidly This volume presents the spread and character of Islam in many non Arab countries focusing particularly on the contemporary situation The book deals with the great variety and complexity that characterize Islam outside the Arab world with Sufism the predominant form of Islam in most non Arab Muslim countries and with the growing significance of Islamism which challenges secularism and Sufi forms of Islam Asian Entrepreneurial Minorities Christine Dobbin,2013-01-11 Advances the theoretical understanding of the behaviour of entrepreneurial minorities and draws a vivid picture of how various imperial powers came to rely on local entrepreneurial minorities to establish their hegemony in Asia Islam & Politics Afghanistan N Asta Olesen,2013-01-11 The years 1978 and 1979 were dramatic throughout south and western Asia In Iran the Pahlavi dynasty was toppled by an Islamic revolution In Pakistan Zulfikar Ali Bhutto was hanged by the military regime that toppled him and which then proceeded to implement an Islamization programme Between the two lay Afghanistan whose Saur Revolution of April 1978 soon developed into a full scale civil war and Soviet intervention The military struggle that followed was largely influenced by Soviet US rivalry but the ideological struggle followed a dynamic of its own Drawing on a wide range of sources including such previously unused archival material as British Intelligence reports this is a detailed study of the Afghan debate on the role of Islam in politics from the formation of the modern Afghan state around 1800 to the present day
