

SURVIVAL

In late November 1994, my single-engine plane crashed
in the Sierra Nevadas with two passengers on board.

For the next 13 days, in subfreezing weather, with
16 broken bones, I trekked across the frozen wilderness,
with no emergency supplies, hoping to bring back help.

This is the story of what happened.

Survive My Fight For Life In The High Sierras:

Survive! Peter DeLeo, 2005-01-12 The man who accomplished one of the most remarkable feats of survival in history finally tells the story of the event that made worldwide news This inspiring story shows what sheer determination can achieve against impossible odds When Peter DeLeo set out one Sunday morning on a sightseeing and photography trip over the central Sierra Nevada mountains in California he had no idea that he would soon be fighting for his life with the odds stacked very much against him DeLeo's single engine plane encountered turbulence and he and his two passengers crashed in the mountains All three survived the accident but sustained multiple injuries DeLeo had broken ribs a shattered ankle and a badly damaged shoulder After assessing their situation they decided that the passengers should remain with the plane while DeLeo would hike out to bring back help It was already winter he left the limited emergency supplies with the plane's passengers and he was hampered by his injuries but DeLeo was determined to get help He found or improvised shelter at night carefully warmed himself during the daytime drank from small pools of melted snow and ice and slowly but steadily made his way toward civilization Suffering from exhaustion and on the verge of collapse he found a hot spring that provided him with temporary warmth and insects to eat Injuries dehydration malnutrition and a two day blizzard slowed him and a rockslide nearly killed him just as he glimpsed the valley and highway that he so desperately sought but DeLeo's courage saw him through Meanwhile Civil Air Patrol planes searched fruitlessly for the lost plane and for survivors twice DeLeo frantically tried to signal the search planes but to no avail When DeLeo finally reached a highway he found it almost impossible to convince the authorities that he was the lost pilot who had been all but given up for dead His astonishing survival one of the most remarkable feats of endurance on record made national and even international news Now for the first time Peter DeLeo tells his remarkable story in gripping detail His amazing saga is destined to become a classic *The Rough Guide to Travel Survival* Doug Lansky, 2006-01-01 The Rough Guide to Travel Survival is the essential field manual for every adventurous traveller or those that just want to feel a little safe while away This book is arranged into easy to read chapters covering preparation basic travel survival strategies environment specific situations arctic and mountain sea political hotspots natural disaster desert jungle with easy to follow diagrams throughout Each of the main chapters has step by step practical advice for all situations in all environments from surviving an avalanche or navigating in the desert to coping with an ambush or a hostage situation The book concludes with a set of comprehensive and indispensable appendices packed with instructions from first aid to making a fire **Life Stories** Maureen O'Connor, 2011-08-23 Memoirs autobiographies and diaries represent the most personal and most intimate of genres as well as one of the most abundant and popular Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2 800 read alike and other related titles The popularity of this body of literature has grown in recent years and it has also diversified in terms of the types of stories being told and persons telling them In the past readers advisors have

depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy This guide offers an alternative organizing the literature according to popular genres subgenres and themes that reflect common reading interests Describing titles that range from travel and adventure classics and celebrity autobiographies to foodie memoirs and environmental reads Life Stories A Guide to Reading Interests in Memoirs Autobiographies and Diaries presents a unique overview of the genre that specifically addresses the needs of readers advisors and others who work with readers in finding books The AOPA Pilot ,2005 **The Reader's Digest** DeWitt Wallace,Lila Acheson Wallace,2005
