Surviving Literary Suicide:

Surviving Literary Suicide Jeffrey Berman, 1999 An examination of the effect of suicidal literature on readers novels and poems that depict and sometimes glorify the act of suicide In particular it explores the work of Sylvia Plath Virginia Woolf Ernest Hemingway Anne Sexton Kate Chopin and William Styron

The Contemporary Writer and Their Suicide Josefa Ros Velasco, 2023-07-05 This volume is the continuation of the book *Suicide in Modern Literature* edited by Josefa Ros Velasco Considering the positive reception of this book Ros Velasco launches the second part entitled *The Contemporary Writer and their Suicide* This time leading representatives of various disciplines analyze the literary philosophical and biographical works of contemporary writers worldwide who attempted to commit suicide or achieved their goal looking for covert and overt clues about their intentions in their writings This book aims to continue shedding light on the social and structural causes that lead to suicide and on the suicidal mind but also to show that people assiduous to writing usually reflect their intentions to commit suicide in their writings to explain how these frequently veiled intentions can be revealed and interpreted and to highlight the potential of artistic philosophical and autobiographical writing as a tool to detect suicidal ideation and prevent its consummation in vulnerable people This book analyzes several case studies and their allusions to their contexts and the socio structural and environmental violence and pressures they suffered expressions of their will and agency feelings of dislocation between the individual reality and existential alienation and literary styles writing techniques and metaphorical language

An Ideological Death Rachel S. Harris, 2014-08-15 *An Ideological Death* Suicide in Israeli Literature examines literary challenges to Israel's national narratives The centrality of the army the mythology of the new Jew the vision of the first Israeli city Tel Aviv and the very process by which a nation's history is constructed are confronted in fiction by many prominent Israeli writers Using the image of suicide A B Yehoshua Amos Oz Etgar Keret Yehudit Katzir Alon Hilu Yaakov Shabtai Benjamin Tammuz and Yehoshua Kenaz each engage in a critical and rhetorical process that examines the nation's formation and reconsiders myths at the heart of the Zionist project In Israeli literature suicide represents a society's compulsion to create impossible ideals that leave its populace disappointed and deluded Yet as Rachel S Harris shows even at their harshest these writers also represent the idealism that helped build Israel as a modern nation state

Relating Suicide Anne Whitehead, 2023-01-12 Writing against the prevailing narrativization of suicide in terms of why it happened Whitehead turns instead to the questions of when how and where calling attention to suicide's materiality as well as its materialization By turns provocative and deeply affecting this book brings suicide into conversation with the critical medical humanities extending beyond individual pathology and the medical institution to think about subjective and social perspectives and to open up the various sites scenes and interactions with which suicide is associated Suicide is related forward from the point of death rather than taking a retrospective view Combining critical and textual analysis with personal reflection based on her own experience of her sister's suicide Whitehead examines the days months and years

following a death by suicide This pivoting of attention to what happens in the wake of suicide brings to light the often surprising ways in which suicide is woven into the everyday places that we inhabit and in which it is related to all of us albeit with varying degrees of proximity and kinship Death Education in the Writing Classroom Jeffrey Berman,2017-03-02 Death is often encountered in English courses Hamlet s death celebrity death death from the terrorist attacks on 9 11 but students rarely have the opportunity to write about their own experiences with death In Death Education in the Writing Classroom Jeffrey Berman shows how college students can write safely about dying death and bereavement The book is based on an undergraduate course on love and loss that Berman taught at the University at Albany in 2008 Part 1 Diaries is organized around Berman s diary entries written immediately after each class These entries provide a week by week glimpse of class discussions highlighting his students writings and their developing bonds with classmates and teacher Part 2 Breakthroughs focuses on several students important educational and psychological discoveries in their understanding of love and loss The student writings touch on many aspects of death education including disenfranchised grief The book explores how students write about not only mourning and loss but also depression cutting and abortion topics that occupy the ambiguous border of death in life Death Education in the Writing Classroom is the first book to demonstrate how love and loss can be taught in a college writing class and the first to describe the week by week changes in students cognitive and affective responses to death This interdisciplinary book will be of interest to writing teachers students clinicians and bereavement counselors Suicide Century Andrew Bennett,2017-10-05 Suicide Century investigates suicide as a prominent theme in twentieth century and contemporary literature Andrew Bennett argues that with the waning of religious and legal prohibitions on suicide in the eighteenth and nineteenth centuries and the increasing influence of medical and sociological accounts of its causes and significance in the twentieth century literature responds to the act and idea as an increasingly normalised but incessantly baffling phenomenon Discussing works by a number of major authors from the long twentieth century the book explores the way that suicide makes and unmakes subjects assumes and disrupts meaning induces and resists empathy and insists on and makes inconceivable our understanding of ourselves and of others **The Art of Caregiving in Fiction, Film, and Memoir** Jeffrey Berman,2020-10-29 Bringing together the human story of care with its representation in film fiction and memoir this book combines an analysis of care narratives to inform and inspire ideas about this major role in life Alongside analysis of narratives drawn from literature and film the author sensitively interweaves the story of his wife s illness and care to illuminate perspectives on dealing with human decline Examining texts from a diverse range of authors such as Leo Tolstoy Edith Wharton and Alice Munro and filmmakers such as Ingmar Bergman and Michael Haneke it addresses questions such as why caregiving is a dangerous activity the ethical problems of writing about caregiving the challenges of reading about caregiving and why caregiving is so important It serves as a fire starter on the subject of how we can gain insight into the challenges and opportunities of caregiving through the creative arts

Writing Widowhood Jeffrey Berman, 2015-10-07 Explores how memoirs of widowhood can help us understand the reality of bereavement and the critical role of writing and reading in recovery The death of a beloved spouse after a lifetime of companionship is a life changing experience To help understand the reality of bereavement Jeffrey Berman focuses on five extraordinary American writers Joan Didion Sandra Gilbert Gail Godwin Kay Redfield Jamison and Joyce Carol Oates each of whom has written a memoir of spousal loss In each chapter Berman gives an overview of the writer s life and art before widowhood including her early preoccupation with death and then discusses the writer s memoir and her life as a widow He discovers that writing was for all of these authors both a solace and a lifeline enabling them to maintain bonds with their lost loved ones while simultaneously moving on with their lives These memoirs of widowhood Berman maintains reveal not only courage and resilience in the face of loss but also the critical role of writing and reading in bereavement and recovery Writing Widowhood is a stunning achievement that combines biography literary history and theoretical and philosophical exploration into the nature of grief as well as mental illness all seamlessly executed Berman elegantly and lucidly conveys a range of theories and perspectives to suit both academic and general readers Berman never compromises complexity while remaining accessible and straightforward throughout Virginia L Blum author of *Flesh Wounds The Culture of Cosmetic Surgery* Writing Widowhood contributes to the field of autobiography biography and particularly to women s writing within that generic field by discussing five memoirs which Berman categorizes as the widow memoir No other critic that I know has shaped commentaries into a newly defined genre Berman s book thus makes an important contribution to the overall field Linda Wagner Martin author of *Telling Women s Lives The New Biography* [Writing the Talking Cure](#) Jeffrey Berman, 2019-05-01 Explores Yalom s profound contributions to psychotherapy and literature A distinguished psychiatrist and psychotherapist Irvin D Yalom is also the United States most well known author of psychotherapy tales His first volume of essays *Love s Executioner* became an immediate best seller and his first novel *When Nietzsche Wept* continues to enjoy critical and popular success Yalom has created a subgenre of literature the therapy story where the therapist learns as much as if not more than the patient where therapy never proceeds as expected and where the therapist s apparent failure proves ultimately to be a success Writing the Talking Cure is the first book to explore all of Yalom s major writings Taking an interdisciplinary approach Jeffrey Berman comments on Yalom s profound contributions to psychotherapy and literature and emphasizes the recurrent ideas that unify his writings the importance of the therapeutic relationship therapist transparency here and now therapy the prevalence of death anxiety reciprocal healing and the idea of the wounded healer Throughout Berman discusses what Yalom can teach therapists in particular and the common and uncommon reader in general As a psychiatrist who has benefitted enormously not only from Yalom s writings but also from his mentorship I admire Berman s relationship to his subject They both write lucidly and imaginatively inviting the reader to accompany them on a personal journey that is intriguing but intellectually rigorous Reading this book helps me to better understand Yalom s dual roles as

brilliant psychotherapist teacher and compelling novelist Berman's book by book examination of Yalom's work illustrates how good therapy involves facing reality and good fiction involves making stories come alive by resonating with the hard truths of life. He is the perfect guide to Yalom capturing his wisdom and creativity with respect and clarity. David Spiegel, author of *Living Beyond Limits: New Hope and Help for Facing Life-Threatening Illness*. This is a convincing celebration of and commentary on one of the most prominent psychotherapists of the last century. For anyone interested in the popularization of an idiosyncratic form of existential psychotherapy for individuals and groups, this will be an important book. Murray Schwartz, Emerson College. In this richly textured book, Berman takes us backstage in a warm and skillful exploration of Irvin Yalom's unmatched contributions as a psychotherapist, author, and educator. We are provided a transparent view of how human healing emerges from our talking, writing, and reading. Berman reminds us eloquently that psychotherapy is at its essence the process of human connection and the joint attribution of meaning to experience. Melyn Leszcz, The University of Toronto.

Signifying Pain Judith Harris, 2012-02-01. A deeply personal yet universal work, *Signifying Pain* applies the principles of therapeutic writing to such painful life experiences as mental illness, suicide, racism, domestic abuse, and even genocide. Probing deep into the bedrock of literary imagination, Judith Harris traces the odyssey of a diverse group of writers: John Keats, Derek Walcott, Jane Kenyon, Michael S. Harper, Robert Lowell, and Ai, as well as student writers who have used their writing to work through and past such personal traumas. Drawing on her own experience as a poet and teacher, Harris shows how the process can be long and arduous but that when exercised within the spirit of one's own personal compassion, the results can be limitless. *Signifying Pain* will be of interest not only to teachers of creative and therapeutic writing but also to those with a critical interest in autobiographical or confessional writing more generally.
