Dark Eyes and Other Poems R. Udaya Bhanu, 2014-01-08 *Dark Eyes and Other Poems* is a collection of poems that reflects love death hope patriotism frustrations and other intricacies of life *The Making of Indian Secularism* N. Chatterjee, 2011-01-26 A unique study of how a deeply religious country like India acquired the laws and policies of a secular state highlighting the contradictory effects of British imperial policies the complex role played by Indian Christians and how this highly divided community shaped its own identity and debated that of their new nation **Exploring Caste and Sexuality in Indian English Writing** Lucky Issar, 2024-01-16 *Exploring Caste and Sexuality in Indian English Writing* Outcast Subcultures examines the ways in which caste intersects and shapes matters of desire gender religion and language It demonstrates how postcolonial upper caste theorists and fiction writers obscure caste and when they do discuss it they seem to reinforce it Dominant brahminic discourse discusses issues concerning women s rights equality justice and neocolonialism but ignores caste based discrimination and exclusion and the practice of untouchability which are everyday occurrences in Indian life To understand the brahminic obsession with caste and sexuality this book examines the works of Arundhati Roy V S Naipaul R K Narayan and M K Gandhi making a compelling argument that the freedom of choice in matters of sexuality was not unknown in medieval and ancient India If the urban elite pursues desire freely today so did the upper caste men and women of Vatsyana s time Unlike the upper caste elite caste regulated ordinary people or Dalits then just as it regulates them now which suggests how the brahminic elite in different epochs creates non normative spaces for itself without giving up caste order Legacies of Romanticism Carmen Casaliggi, Paul March-Russell, 2013-03-05 This book visits the Romantic legacy that was central to the development of literature and culture from the 1830s onward Although critical accounts have examined aspects of this long history of indebtedness this is the first study to survey both Nineteenth and Twentieth century culture The authors consider the changing notion of Romanticism looking at the diversity of its writers the applicability of the term and the ways in which Romanticism has been reconstituted The chapters cover relevant historical periods and literary trends including the Romantic Gothic the Victorian era and Modernism as part of a dialectical response to the Romantic legacy Contributors also examine how Romanticism has been reconstituted within postmodern and postcolonial literature as both a reassessment of the Modernist critique and of the imperial contexts that have throughout this time frame underpinned the Romantic legacy bringing into focus the contemporaneity of Romanticism and its political legacy This collection reveals the diversity and continuing relevance of the genre in new and exciting ways offering insights into writers such as Browning Ruskin Pater Wilde Lewis MacNeice and Auster **Aldous Huxley, from Poet to Mystic** Jerome Meckier, 2011 Aldous Huxley began as a poet He perfected the voice of the modern satirical poet of ideas who used art against itself to produce a parodic poetry of breakdowns collapses stalemates and dead ends best suited to the apparent pointlessness of the post war era His cleverest most irreverent poems are contrapuntal they in effect silence venerable poets

and cancel traditional formats Huxley's poetic personas either fail to preserve conventional forms or purposely sabotage them By 1920 Huxley became the parodic equivalent of the formative intelligences i.e. Dante Goethe and Lucretius who once synthesized their respective eras positively In this book author Jerome Meckier explicates most of Huxley's poems including Leda his masterpiece an ironical modern myth Meckier traces Huxley's development in terms of the poets he inserted in five of his eleven novels along with their poems These poets mostly fail as poets their different stances falling apart one after another But Huxley began to detect a spiritual significance underlying the creative urge This allowed him to rehabilitate many of the Romantic and Victorian poets he formerly ridiculed as frauds and liars Eventually he celebrated mystical contemplation as silent poetry positing a utopia in which everyone is a poet to the limits of his or her potentiality Huxley became the perennial philosopher a neo Brahmin the sage like figure he initially personified parodically His paradigmatic career took him from a Pyrrhonic silencing of outmoded poems and poets to the advocacy of a poetry of silence Series Human Potentialities Studien zu Aldous Huxley zeitgenössischer Kultur Studies in Aldous Huxley Contemporary Culture Vol 11
