Remaley, 2023-01-26 The Marilyn Chronicles was written for one single person the love of my life She this woman whom I married sixty three years ago is now suffering from late stage dementia and I am her care giver In an effort to better understand the disease and what it is doing to my wife I have researched documented and built in advice to anyone who might become involved in the preservation of dignity and passion which remains in the mind of the person afflicted with the disease The portrayal of the inevitable march toward finality is a literary approach done as a tender tribute to a remarkable woman and its message serves as a beacon to those who want to understand and care for the person afflicted with the insidious disease called dementia This book is my love story [Odalie Markette](#) Dr. Allen R. Remaley, 2024-09-10 Imagine if you can an attractive young woman from the Loire Valley in France At first glance yes both women and men are attracted to her character beauty and the way she lives in her little town of Blois However this woman also has a certain touch about her when applied to the right person male or female allows them to prosper and become proficient at what they do Enter an expatriate American antique seller himself a handsome newcomer to the Loire Valley Odalie is attracted The two become lovers and during their familiarization with one another make a startling discovery They acquire a 15th century mirror and an ancient tavern sign which is associated with the most famous French poet of all time Mysteriously the mirror becomes a portal to time place and person Unexpected verbal and visual exchanges take place which lead us to questioning what is real and what is imagined Odalie s wizardry takes a jump forward into the future Come on in But watch your step *Midnight Lullaby* Allen R. discover the body through music art and language Other legendary figures making appearances within Telemachos Nestor Cyclops Circe and others are held up as mirrors to reflect the human form as home In this dynamic collection the female body and its relationship to the psyche traverse mythic yet hauntingly familiar contemporary settings as each presents not a single narrative but a progressive exploration of our universal emotional experience
