Surrogate Motherhood Womens Rights And The Working Class

Beth Widmaier Capo, Laura Lazzari

Surrogate Motherhood Womens Rights And The Working Class:

Surrogate Motherhood, Women's Rights, & the Working Class Cindy Jaquith, 1988 Examines how surrogate mother contracts exploit children and women rights and responsibilities in child raising and how these questions relate to the working class struggle for economic justice and social progress

Surrogate Motherhood, Women's Rights, and the Working Class Cindy Jaquith, 1988

Women's Rights and Women's Lives in France 1944-68 Claire Duchen, 2024-11-01

Women's Rights and Women's Lives In France explores the everyday experiences of women between the liberation and May 1968 In 1945 French women believed that a new era was beginning for them in which they had finally won equality the right to vote in 1944 equal pay and access to education and employment But the new Republic considered that women's main role was that of motherhood Competing visions of women's place had concrete implications for women's lives influencing work politics and ideals of femininity Working from a wide range of sources including women's magazines prescriptive literature political pamphlets fiction and memoirs and government reports Claire Duchen follows the debates concerning women through twenty years and grounds them in the changing social reality of postwar France

Women's Rights and Women's Lives in France 1944-1968 Claire Duchen, 2003-09-02 Women's Rights and Women's Lives In France 1944 1968 explores key aspects of the everyday lives of women between the Liberation of France and the events of May 68 At the end of the war French women believed that a new era was beginning and that equality had been won The redefined postwar public sphere required women's participation for the new democracy and women's labour power for reconstruction but equally important was the belief in women's role as mothers Over the next two decades the tensions between competing visions of women's proper place dominated discourses of womanhood as well as policy decisions and had concrete implications for women's lives Working from a wide range of sources including women's magazines prescriptive literature documentation from political parties government reports parliamentary debates and personal memoirs Claire Duchen follows the debates concerning womanhood women's rights and women's lives through the 1944 1968 period and grounds them in the changing reality of postwar France

Surrogate Motherhood Martha A. Field, 2009-07-01 With an Expanded Appendix on the Current Legal Status of Surrogacy Arrangements A practice known since Biblical times surrogate motherhood has only recently leaped to prominence as a way of providing babies for childless couples and leaped to notoriety through the dramatic case of Baby M Contract surrogacy is officially little more than ten years old but by 1986 five hundred babies had been born to mothers who gave them up to sperm donor fathers for a fee and the practice is growing rapidly Martha Field examines the myriad legal complexities that today enmesh surrogate motherhood and also looks beyond existing legal rules to ask what society wants from surrogacy A man's desire to be a biological parent even when his wife is infertile the father's wife usually adopts the child has led to this new kind of family and modern technology could further extend surrogacy's appeal by making gestational surrogates available to couples who provide both egg and sperm But is surrogacy a form of babyselling Is the practice a

private matter covered by contract law or does adoption law govern Is it good or bad social and public policy to leave surrogacy unregulated Should the law allow encourage discourage or prohibit surrogate motherhood Ultimately the answers will depend on what the American public wants In the difficult process of sorting out such vexing questions Martha Field has written a landmark book Showing that the problem is rather too much applicable law than too little she discusses contract law and constitutional law custody and adoption law and the rights of biological fathers as well as the laws governing sperm donation Competing values are involved all along the legal and social spectrum Field suggests that a federal prohibition would be most effective if banning surrogacy is the aim but federal prohibition might not be chosen for a variety of reasons a preference for regulating surrogacy instead of driving it underground a preference for allowing regulation and variation by state or a respect for the interests of people who want to enter surrogacy arrangements Since the law can support a wide variety of positions Field offers one that seems best to reconcile the competing values at stake Whether or not paid surrogacy is made illegal she suggests that a surrogate mother retain the option of abiding by or canceling the contract up to the time she freely gives the child to the adopting couple And if she cancels the contract she should be entitled to custody without having to prove in court that she would be a better parent than the father **Women's Reproductive Rights H.**

Widdows,A. Emaldi Ciri3n,2005-12-16 Based on country reports and practical input from researchers and activists in the field this book is an up to date account of the issues surrounding women s reproductive rights across Europe The contributions provide astute theoretical analysis of existing problems and suggest innovative alternatives The book brings together authors from academia policy making and international institutions to ensure comprehensive representation and thorough commentary of the issues *Surrogate Motherhood and the Politics of Reproduction* Susan Markens,2007-09-04 Susan

Markens takes on one of the hottest issues on the fertility front surrogate motherhood in a book that illuminates the culture wars that have erupted over new reproductive technologies in the United States In an innovative analysis of legislative responses to surrogacy in the bellwether states of New York and California Markens explores how discourses about gender family race genetics rights and choice have shaped policies aimed at this issue She examines the views of key players including legislators women s organizations religious groups the media and others In a study that finds surprising ideological agreement among those with opposing views of surrogate motherhood Markens challenges common assumptions about our responses to reproductive technologies and at the same time offers a fascinating picture of how reproductive politics shape social policy Women's Rights in the United States Tiffany K. Wayne,2014-12-09 A comprehensive encyclopedia tracing

the history of the women s rights movement in the United States from the American Revolution to the present day Few realize that the origin of the discussion on women s rights emerged out of the anti slavery movement of the 19th century and that suffragists were active in the peace and labor movements long after the right to vote was granted Thus began the confluence of activism in our country where the rights of women both followed and led the social and political discourse in

America Through 4 volumes and more than 800 entries editor Tiffany K Wayne with advising editor Lois Banner examine the issues people and events of women s activism from the early period of American history to the present time This comprehensive reference not only traces the historical evolution of the movement but also covers current issues affecting women such as reproductive freedom political participation pay equity violence against women and gay civil rights The Politics of Motherhood Alexis Jetter,Annelise Orleck,Diana Taylor,1997 Essays and interviews explode the myth of apolitical motherhood by showing how 20th century women have politicized their role as mothers in a wide range of social contexts

The Palgrave Handbook of Reproductive Justice and Literature Beth Widmaier Capo,Laura Lazzari,2022-09-10 This handbook offers a collection of scholarly essays that analyze questions of reproductive justice throughout its cultural representation in global literature and film It offers analysis of specific texts carefully situated in their evolving historical economic and cultural contexts Reproductive justice is taken beyond the American setting in which the theory and movement began chapters apply concepts to international realities and literatures from different countries and cultures by covering diverse genres of cultural production including film television YouTube documentaries drama short story novel memoir and self help literature Each chapter analyzes texts from within the framework of reproductive justice in an interdisciplinary way including English Japanese Italian Spanish and German language literature and culture comparative literature film South Asian fiction Canadian theatre writing gender studies Deaf studies disability studies global health and medical humanities and sociology Academics graduate students and advanced undergraduate students in Literature Gender Sexuality and Women s Studies Cultural Studies Motherhood Studies Comparative Literature History Sociology the Medical Humanities Reproductive Justice and Human Rights are the main audience of the volume
