Survey Of Adult Aphasia

George Albyn Davis

Survey Of Adult Aphasia:

A Survey of Adult Aphasia and Related Language Disorders George Albyn Davis,1993 A comprehensive and scholarly coverage of theory research assessment and rehabilitation pertaining to aphasia in adults and other language disorders related to right hemisphere dysfunction and closed head injury The book brings clinical topics such as inferential diagnosis into line with current thinking in psycholinguistics and cognitive neuropsychology This new edition features expanded coverage of speech language pathology to include neuropathologies and discourse impairments and there are new chapters on cognitive foundation and the study of syndromes and dementias **A Survey of Adult Aphasia** George Albyn Davis,1983

Encyclopedia of Special Education Cecil R. Reynolds,Elaine Fletcher-Janzen,2007-01-02 Offers a thoroughly revised comprehensive A to Z compilation of authoritative information on the education of those with special needs Forums in Clinical Aphasiology David J. Muller,Chris Code,2008-04-30 This work brings together a selection of Clinical Forum features from the journal Aphasiology The fora are designed to cover issues in clinical aphasiology which are central topical and controversial Each forum concerns a main article and a number of commentaries *Aphasia Treatment* Audrey L. Holland and Margaret M. Forbes,2013-12-01 **A Compendium of Neuropsychological Tests** Esther Strauss,Elisabeth M. S. Sherman,Otfried Spreen,2006-04-06 For the practicing neuropsychologist or researcher keeping up with the sheer number of newly published or updated tests is a challenge as is evaluating the utility and psychometric properties of neuropsychological tests in a clinical context The goal of the third edition of A Compendium of Neuropsychological Tests a well established neuropsychology reference text is twofold First the Compendium is intended to serve as a guidebook that provides a comprehensive overview of the essential aspects of neuropsychological assessment practice Second it is intended as a comprehensive sourcebook of critical reviews of major neuropsychological assessment tools for the use by practicing clinicians and researchers Written in a comprehensive easy to read reference format and based on exhaustive review of research literature in neuropsychology neurology psychology and related disciplines the book covers topics such as basic aspects of neuropsychological assessment as well as the theoretical background norms and the utility reliability and validity of neuropsychological tests For this third edition all chapters have been extensively revised and updated The text has been considerably expanded to provide a comprehensive yet practical overview of the state of the field Two new chapters have been added Psychometrics in Neuropsychological Assessment and Norms in Psychological Assessment The first two chapters present basic psychometric concepts and principles Chapters three and four consider practical aspects of the history taking interview and the assessment process itself Chapter five provides guidelines on report writing and chapters six through sixteen consist of detailed critical reviews of neuropsychological tests and address the topics of intelligence achievement executive function attention memory language visual perception somatosensory olfactory function mood personality and response bias A unique feature is the inclusion of tables that summarize salient features of tests within each domain so that

readers can easily compare measures Additional tables within each test review summarize important features of each test highlight aspects of each normative dataset and provide an overview of psychometric properties Of interest to neuropsychologists neurologists psychiatrists and educational and clinical psychologists working with adults as well as pediatric populations this volume will aid practitioners in selecting appropriate testing measures for their patients and will provide them with the knowledge needed to make empirically supported interpretations of test results

National Library of Medicine (U.S.),1993 First multi year cumulation covers six years 1965 70

Connectionist Approaches To Clinical Problems in Speech and Language Raymond G. Daniloff,2001-08-01 Connectionist accounts of language acquisition processing and dissolution proliferate despite attacks from some linguists cognitive scientists and engineers Although the networks of exquisitely interconnected perceptrons postulated by PDP theorists may not be anatomically homologous with actual brain anatomy a growing body of research suggests that the posited network functions can support many human behaviors This volume brings together contributors with a variety of backgrounds and perspectives to explore for the first time the clinical implications of whole language connectionist models Demonstrating that these models are powerful and have explained many phenomena of language acquisition language therapy and speech processing especially at the engineering level they focus specifically on applications of connectionist theory to delayed language aphasia phonological acquisition and speech perception Connectionist models they conclude offer a new interpretive framework for the discussion of information processing in humans and other animals that will be of great utility to all those who study language and seek to intervene in language disorders

A Compendium of Neuropsychological Tests Elisabeth M. S. Sherman,Jing Ee Tan,Marianne Hrabok,2023-05-09 A Compendium of Neuropsychological Tests Fourth Edition is one of the most well established reference texts in neuropsychology This newly revised updated and expanded fourth edition provides a comprehensive overview of essential aspects of neuropsychological practice along with 100 test reviews of well known neuropsychological tests for adults The aim of the Compendium is to provide a comprehensive yet practical overview of the state of the field while also summarizing the evidence on the theoretical background norms reliability and validity of commonly used neuropsychological tests Based on extensive review of the clinical and research literature in neuropsychology neurology and related disciplines its comprehensive critical reviews of common neuropsychological tests and standardized scales include tests for premorbid estimation dementia screening IQ attention executive functioning memory language visuospatial skills sensory function motor skills performance validity and symptom validity Tables within each test review summarize important features of each test highlight aspects of each normative dataset and provide an overview of psychometric properties This essential reference text also covers basic and advanced aspects of neuropsychological assessment with chapters on psychometric concepts and principles reliability in neuropsychology theoretical models of test validity and an overview of critical concepts pertaining to performance and symptom validity testing and malingering Of

interest to neuropsychologists clinical psychologists educational psychologists neurologists and psychiatrists as well as trainees in these areas this volume will aid practitioners in gaining a deeper understanding of fundamental assessment concepts in neuropsychology while also serving as an essential guidebook for selecting the right test for specific clinical situations and for helping clinicians make empirically supported test interpretations **Language Intervention Strategies in Adult Aphasia** Roberta Chapey, 1994 This newly revised and updated Fourth Edition continues to focus on speech therapy addressing concerns that aid in the rehabilitation and recovery of aphasia patients Topics include assessment of language and communication principles of language intervention restorative approaches to language intervention cognitive neuropsychological approach implications functional intervention and treatment for each syndrome Other approaches and therapy for associated neuropathologies of speech and language related functions are also discussed For more information visit <http://connection.LWW.com/go/chapey>
