Survey Of The Sino Soviet Dispute 1963:

Survey of the Sino-Soviet Dispute John Gittings, 1968 **The Soviet Union In East Asia** Gerald Segal, 2019-07-11 This book is concerned with the predicaments of Soviet power in east Asia It attempts to study Soviet policy not through bilateral relations but by analysing key issues in the Soviet perspective The book also attempts to make sense of Soviet Korean relations **The Philosophy of Chinese Military Culture** W. Mott, J. Kim, 2006-04-02 Drawing on ancient texts and modern interpretations this work explores the foundations for war in China s strategic culture Shih Li and Tao The work uses Shih theory to explain the anomalies that continue to perplex Euro American observers in modern China s uses of force

Survey of the Sino-Soviet Dispute. A Commentary and Extracts from the Recent Polemics, 1963-1967 ... Issued Under the Auspices of the Royal Institute of International Affairs John GITTINGS, 1968 **The Cambridge History of the Cold War** Melvyn P. Leffler, Odd Arne Westad, 2010-03-25 This volume examines the origins and early years of the Cold War in the first comprehensive historical reexamination of the period A team of leading scholars shows how the conflict evolved from the geopolitical ideological economic and sociopolitical environments of the two world wars and interwar period **Sino-Soviet Dialogue on the Problem of War** S. Yin, 2012-12-06 The author has spent upwards of ten years in working on this book His objective is to clarify the military aspect of the Moscow Peking dialogue which has not yet received its deserved treatment The apogee of that dialogue seems to have been passed toward the end of the rule of Khrushchev Yet the Vietnam war spawns fresh contention Our cover age will span the development from 1956 to the present The beginning of the dispute with regard to the origins of war in general is taken up in the first two chapters The next three chapters discuss the several types of war with the frame of reference set in what now appears to be a quondam era But the principle differences between the disputants are just as outstanding today as they were then The penultimate chapter is somewhat wide in scope in order to deal with the larger and more intensely bitter polemics evolving after Khrushchev left office There have been many new and startling views held by both sides since then views splitting them poles apart Ominously at issue now is the question of Sino Soviet peaceful coexistence Our work obviously cannot wait until that question is answered to be finished The final chapter concludes our study To write of subjects as dynamic as this one is a challenge because they are current affairs Due to the swift change of events no sooner is our typescript put to press than it needs a revision **The China Factor** Gerald Segal, 2018-09-18 The purpose of this book first published in 1982 is to analyse certain crucial aspects of the great power triangle in order to establish a more complete picture of the role of China in the superpower balance These essays examine the key political economic and military issues involved in the complex relations between the three great powers Mao's Way Edward E. Rice, 2023-11-10 This major biography of Mao draws on never before seen documents to reveal surprising details about Mao s rise to power and leadership in China This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice

reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1972 **Deng Xiaoping and China's Foreign Policy** Ronald Keith,2017-11-03 Deng Xiaoping is widely acknowledged as the principal architect of China s economic reforms but how far was he also responsible for shaping China s foreign policy which emphasized peace and development This book explores Deng s foreign policy and shows how he established basic principles for China to have a foreign policy which supported economic development which stressed harmony in the world rather than hegemony and which avoided conflict and nurtured a peaceful approach The book outlines how Deng worked to normalize relations with both the United States and the Soviet Union how he was disappointed by the lack of reciprocation by the United States where relations are still portrayed in terms of the China threat and how the principles established by Deng continue to be adhered to **World Communism, 1964-1969, a Selected Bibliography** United States. Congress. Senate. Committee on the Judiciary,1971
