Post-communist Studies And Political Science Jr. Fleron, Erik P Hoffmann, 2019-08-15 Serious stock taking is in progress now among practitioners of what has been called Sovietology meaning studies of the Union of Soviet Socialist Republics The reason is that the field for the most part had not been expecting what happened in 1991 The USSR collapsed and went out of existence as a unified state system governing a sixth of the world's territory having allowed its East European empire to free itself from Soviet dominance somewhat earlier It might be said in defense of Sovietology that by the beginning of the 1980s it understood that economic and political crises were brewing in the Soviet Union and its outer empire But the field as a whole failed to grasp the full depth of the systemic crisis in Soviet Russia and the destructive or self-destructive potentialities inherent in it As the editors of this valuable volume write in the Introduction Sovietology was not prepared for perestroika and postcommunism Rethinking the Cold War Allen Hunter, 2010-06-02 A path breaking collection of essays by cutting edge authors that reassess the Cold War since the fall of communism *Religion and the Life of the Nation* Rowland A. Sherrill, 1990 **Gorbachev** John Farrar, 2017-07-05 Gorbachev The Man and the System portrays Gorbachev's rise to power and his tenure in office against the background of a period of critical change and development in the Soviet system The research is primarily based on Soviet materials supplemented and critically compared with a wide range of Western press and academic studies Both Zemtsov and Farrar bring to the analysis their own experiences acquired under different circumstances Part I focuses on a selected chronology of significant events from Gorbachev's assumption of power in March 1985 to June 1987 The authors examine leadership and personnel changes the economy the society and the

arts Part II takes a look at foreign policies by examining relations with the United States and the industrialized West arms control policy relations with Eastern Europe relations with the People s Republic of China and relations with the third world Part III explores Gorbachev s military policies Part IV concludes with the authors assessment of the future Included in this book are appendices on changes in the Council of Ministers Ministers and Chairmen of State Committees Politburo and central committee meetings since Gorbachev became General Secretary through June 1987 and announced changes in the Diplomatic Corps and Foreign Ministry as reported in the Soviet press The hardcover edition of this book was published in Gorbachev s early years It thus represents an early assessment and as such a document of events at the time they occurred Renewed interest in communism and in the dissolution of the Soviet Union make this paperback edition timely **Military Review** ,1985 Professional Journal of the United States Army ,1985
