Svenska Till Vardags:

Svensk vardag Fredrik Böök, 1922 Sweden's Dark Soul Kajsa Norman, 2019-04-01 How has the poster child of cradle to grave welfare fared in recent decades and what have the strains on Swedish society revealed about its true nature

Computers in Swedish Society Per Lundin, 2012-05-02 This book reviews the shift in the historiography of computing from inventors and innovations to a user perspective and examines how the relevant sources can be created collected preserved and disseminated The text describes and evaluates a project in Sweden that documented the stories of around 700 people The book also provides a critical discussion on the interpretation of oral evidence presenting three case studies on how this evidence can inform us about the interaction of computing with large scale transformations in economies cultures and societies Features describes a historiography aimed at addressing the question of how computing shaped and transformed Swedish society between 1950 and 1980 presents a user centered perspective on the history of computing after explaining the benefits of such an approach examines the documentation of users describing novel and innovative documentation methods discusses the pros and cons of collaborative projects between academia and industry **Swedish**

Women's Writing 1850-1995 Helena Forsas-Scott, 2000-12-01 Provides a survey of women s writing in Sweden from the beginnings of the struggle for emancipation in the 1850s to the present day These writers are seen within the political cultural and economic context of women s lives Modern critical currents are also assessed and Swedish feminist criticism is considered alongside the French and American traditions *Swedish Design* Lasse Brunnström, 2018-10-18 **Swedish Design** A History provides a fascinating and comprehensive introduction to the development of design in Sweden from the mid nineteenth century to the early twenty first Leading design historian Lasse Brunnström traces the move from artisanal crafts production to the mass production and consumption of designed objects a process by which the role and profile of the designer became increasingly important His survey richly illustrated with images of the designed objects discussed takes in forms of design traditionally associated with Sweden such as household objects and textiles while also considering some less written about genres such as industrial and graphic design Brunnström questions many established ideas about design in Sweden notably its aesthetics and its relationship to Sweden s national and political culture He argues that the history of design in Sweden has been far more complex and less straightforwardly blond than hitherto understood **Screen Culture**

Screen Culture John Fullerton, 2004 **Screen Culture History and Textuality** explores the impact of digital culture on the discipline of film and television studies Whether the notion of screen culture is used to designate the technological platforms common to present day digital media or whether it refers to the support material on which moving images have historically been projected scanned or displayed the 15 previously unpublished essays included here are primarily concerned with the intermedial appraisal of film television and digital culture Contributors are Richard Abel William Boddy Ben Brewster John Fullerton Douglas Gomery Alison Griffiths Vreni Hockenjos Jan Holmberg Arne Lunde Peter Lunenfeld Charles Musser Jan Olsson

Barry Salt Michele L Torre William Uricchio and Malin Wahlberg Stockholm Studies in Cinema series Distributed for John Libbey Publishing *The Swedish Language in the Digital Age* Georg Rehm, Hans Uszkoreit, 2012-07-04 This white paper is part of a series that promotes knowledge about language technology and its potential It addresses educators journalists politicians language communities and others The availability and use of language technology in Europe varies between languages Consequently the actions that are required to further support research and development of language technologies also differ for each language The required actions depend on many factors such as the complexity of a given language and the size of its community META NET a Network of Excellence funded by the European Commission has conducted an analysis of current language resources and technologies This analysis focused on the 23 official European languages as well as other important national and regional languages in Europe The results of this analysis suggest that there are many significant research gaps for each language A more detailed expert analysis and assessment of the current situation will help maximise the impact of additional research and minimize any risks META NET consists of 54 research centres from 33 countries that are working with stakeholders from commercial businesses government agencies industry research organisations software companies technology providers and European universities Together they are creating a common technology vision while developing a strategic research agenda that shows how language technology applications can address any research gaps by 2020
