Swallowing Jewels:

Swallowing Jewels Aurealia N. Nelson, 2000-09-21 These are imaginative evocative pieces the author reveling in the semantic and stylistic possibilities of the English language She is unconstrained by conventional forms although her work remains both accessible and lucid indeed her work is marked by a strong literary vision and confidence of expression that brings further meaning to the work Although it is very difficult to pick highlights from a collection as accomplished as this I think the following passage illustrates some of the key elements of the author's style and subject matter Enormous dark wood shining with a hidden secret Rich cherry red mahogany bark beckoned her with its treasure The scrolls of ornament curled and uncurled into various shapes and forms a grape vine then a swallow bird then a deep pool that seemed to ripple when one held their head just so Sheath stood before it uttering the words of the unlocking spell As this extract illustrates the descriptions are at once striking and eloquently communicated yet never descend into meaningless verbosity The writing is intelligent and thoughtful and the author switches between subject matter styles and forms with considerable grace

Fortune's Slave Fidelis Morgan, 2003-01-01 London 1699 Anastasia Ashby de la Zouche Baroness Penge Countess of Clapham former mistress to Charles II has fallen on hard times Cast into the notorious Fleet Prison by the bum bailiffs she is forced to turn to journalism gathering salacious tit bits for a scandal sheet But the Countess and Alpie her maidservant encounter more intrigue than they bargained for when a mysterious woman hires them to follow her husband Beau whom she suspects of adultery Their pursuit of Beau leads them to playhouses lecture halls the half constructed St Paul's Cathedral and the dives of Alsatia only to end abruptly in a Covent Garden churchyard leaving the Countess and Alpie implicated in a murder And worse is to follow for to unravel their only clue to the identity of the real killer they must penetrate the mysteries of alchemy

So Rich a Crown Priscilla Paul, 2000-11-17 Three young women from three different parts of the world meet in Williamsburg Virginia in the early 1700s and become best friends eventually sharing their most precious secrets with one another Although they were young when they met all three had already lived adventures most women never experience in a lifetime In those adventures of life each woman finds herself with the burden of a secret that could cost her everything Their lives loves and children could be gone in the whisper of a secret After years of devoted friendship the women share their secrets with one another promising to be the guardian of each others lives Sarah shares her secret first she is an escaped criminal from an English prison ship Her crime she stole some of the crown jewels Christina tells of being an escaped member of the family of Peter the Great Czar of all the Russias Abbey the young widow of a suicide victim reveals that the father of her child is not the husband of her youth but a man she has long loved Matthew Townsend Although Matthew is himself a widower years of rumors that Abbey killed his wife and perhaps even his own mother leaves him unable to respond to any gesture of love she makes towards him Abbey knows if Matthew finds out that she has kept his son away from him for the boy's entire life he might contemplate killing her himself When Sarah is threatened by an outsider who knows who she is

she blackmails her best friends to keep her own secret safe They pay her off but she is soon found murdered Abbey is arrested Christina suddenly decides to go back to Europe and Matthew is to be Abbeys attorney charged with the responsibility of saving her life As the story progresses there are times when Abbey wonders if Matthew is out to save her or to hang her She wonders if he knows her secret and it appears that before Christina left she shared everyones secrets with Matthew including Abbeys Abbey also suspects its possible Christinas husband is the murderer The trial reveals more secrets about the three women that they had not shared with one another and also reveals the secrets of yet another family which leads to the true killer All three women and their secrets are fully explored in this novel giving each character the honor of center stage during lengthy portions of the novel It is then brought together in the form of an exciting trial where secrets pop up from the most unexpected places and persons Enjoy You can visit Priscillas site at www.priscillapaul.com **The Phases of Jewish History** Philip Ginsbury,Raphael Cutler,2005 Just as the moon waxes and wanes so too civilizations pass through stages of birth growth and decline But only the Jewish nation has continued this cycle from generation to generation mimicking the eternal cycles of the moon This fact filled volume explores the history of the Jewish people in a unique and readable way taking us from Biblical times to the present Each of the phases deals with 500 years of history and depicts not only the political economic and social forces that kept the Jewish people alive and vibrant but also the leading figures who significantly affected the course of Jewish history The authors take us from the period of the Patriarchs through Moses David and the birth of the Jewish People then on to the period of the prophets and kings Ezra and the Great Assembly the Talmudic period the Geonim Rishonim the Inquisition Achronim the two World Wars and the State of Israel **Bryre's Jewels** Joan How,2006-07 To the west proud and alone was the Imperial Country To the East stood the Freelands engulfed in civil war since its very birth Above them was Cecorria Home of all Sorcery struggling against its very own downfall And finally there was Bryre the keeper of the sinister Blood Jewels deadly to all who held them too close But above them all was another country a country ignored and long gone silent but just stirring awake Only myths told of three heroines arising to meet the powers rising from the North but myths are myths stories and nothing more **Protecting Children from Lead-tainted Imports** United States.
