Swamp Of Death A True Tale Of Victorian Lies And Murder:

The Swamp of Death Rebecca Gowers,2004 Just over one hundred years ago three young men all under 25 set out from England for the Canadian backwoods but within days of arriving one was dead and another arrested for murder The details of the case and the corrupt trial that followed captured public attention to a quite incredible extent The age of mass media was dawning and newspapers with the submarine telegraph at their disposal turned the story into an international cause celebre But while everyone had their say some essential questions remained unanswered who actually killed Frederick Benwell and was murder part of the original plan

Deadly Swindle Ian Radforth,2024-10-01 In February 1890 in a remote swamp in rural southwestern Ontario two woodsmen discovered the frozen body of a well dressed young stranger killed by two bullets to the back of the head Before long police laid a murder charge on Reginald Birchall a handsome young gentleman from London just arrived in Canada to conduct an emigration scam Although accused of the cold blooded murder Birchall charmed everyone he met and delighted in the attention lavished by the press of Canada the United States and Britain In **Deadly Swindle** Ian Radforth tells the fascinating story of one of Canada s most sensational murder cases and shows how the regional and international press ran with it The book draws an intriguing picture of social life in late nineteenth century Canada as well as a vivid and learned portrait of the workings of the criminal justice system at this time in the country s history A lively narrative **Deadly Swindle** is based on extensive research notably in Victorian newspapers and is strengthened by a thorough knowledge of press history and the legal processes of the day

The Aesthetics of Violence in Contemporary Media Gwyn Symonds,2011-11-03 The topic of violence in the media seems as inundated as can be Countless studies and research projects have been conducted mostly to show its negative effects on society What Gwynneth Symonds proposes though takes this significant topic one step further studying the aesthetics of media violence By defining key terms like the graphic nature and authenticity of violent representations and discussing how those definitions are linked to actual violence outside the film and television screen Symonds broadens the arena of study Engagingly written **The Aesthetics of Violence in Contemporary Media** fills an important gap Symonds uses existing studies for the empirical audience reception data together with discussions of the different representations of violence to look at violence in the media as an art form in of itself By looking at *The Simpsons* *Bowling for Columbine* and Norma Khouri s *Forbidden Love* just to name a few Symonds cross analyzes violence in multiple media to see their affective role in audience reception an important aspect when discussing media The book strikes a balance between the readers need to see how theory matches what actually happens in the texts in question and the demands of a theoretical overview

Manitoba Law Journal Volume 47 Issue 7 Special Edition: Robson Crim & The Legal Profession: The Hangmen of Canada ALVIN A. J. ESAU,2025-08-02 This book focuses on the public career and private life so far as can be known of the Canadian hangmen rather than on the history of capital punishment or the ritualized nature of the process from conviction appeals for commutation last meals spiritual

advisors processions to the gallows last words and so forth This book also focuses on the hangman and not on the people who were hanged or their crimes The Essential Mystery Lists Roger M Sobin,2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented He has also included many of the best of lists by more than fifty of the most important contributors to the genre Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected Several of the best of lists appear here for the first time in book form Several others have been unavailable for a number of years Of special note are Anthony Boucher s Best Picks for the Year Boucher one of the major mystery reviewers of all time reviewed for The San Francisco Chronicle Ellery Queen Mystery Magazine and The New York Times From these resources Mr Sobin created Boucher s Best and Important Lists to Consider lists that provide insight into important writing in the field from 1942 through Boucher s death in 1968 This is a great resource for all mystery readers and collectors Winner of the 2008 Macavity Awards for Best Mystery Nonfiction *Ernest Gowers* A. Scott,2009-09-23 Draws on previously inaccessible family archives to penetrate the anonymity and public reticence of one of Britain s great twentieth century civil servants Gowers was highly influential in public policy throughout his long civil service career which began in 1903 and culminated in running London s civil defence throughout the Second World War **Conan Doyle, Detective** Peter Costello,2012-10-25 This fascinating book is based on a remarkable discovery Sherlock Holmes s methods of deduction were actually those of his creator and used in order to solve real crimes for Scotland Yard Holmes really did exist in the form of Conan Doyle Author Peter Costello draws on new research to follow the tracks Conan Doyle left as he entered the real world of Sherlock Holmes his fictional outpourings were the direct result of their author s hidden career as an amateur detective and criminologist The Hound of the Baskervilles Arthur Conan Doyle,2006-01-10 The Hound of the Baskervilles 1901 02 is Arthur Conan Doyle s most celebrated Sherlock Holmes adventure At the end of the yew tree path of his ancestral home Sir Charles Baskerville is found dead Close by are the footprints of a gigantic hound Called to investigate Holmes seems to face a supernatural foe In the tense narration of the detective s efforts to solve the crime Conan Doyle meditates on late Victorian and early twentieth century ideas of ancestry and atavism the possible biological determination of criminals the stability of the British landed classes and the place of the supernatural Historical documents included with this fully annotated Broadview edition help contextualize the novel s debates and reveal its cultural and literary significance as a supreme instance of early detective fiction Also included is the Conan Doyle short story The Adventure of the Speckled Band If Not Critical Eric Griffiths,2018-03-09 Eric Griffiths delivered hundreds of lectures at the Faculty of English in Cambridge yet his lectures were never turned into books If Not Critical brings together ten lectures published here for the first time that offer a representative selection of Dr Griffiths original fully argued and richly exemplified contributions to literary criticism and literary history Crammed into his writing are decades of reading in several languages and across most

genres and literary periods In these lectures he pursues the blind spots not only of other people s arguments but of the whole business of criticism in general with what he calls its over concentration on a narrow range of examples such over concentration warps our thinking Implicit and explicit throughout his work is the argument that an appropriately wide range of instances is essential to making progress in conceptualisation that what we need in order to do better thinking is a keener attention to a greater variety of examples Such examples include in these lectures the works of Shakespeare Dante Kafka Beckett Racine Rabelais T S Eliot and Jonathan Swift New Statesman ,2004
